DREAMBOAT FILMSTARS AT 'SERENA'

ON location at the Serena Beach Hotel has been a film unit shooting an episode for the series Dreamboat for ZDF, German television's second channel.

Dreamboat [which is similar to America's Loveboat seen on Kenya's television] became so popular that ZDF decided to continue with the programme.

The film unit is now making a series of new episodes to be shown on German television to-

wards the latter part of next year. Three take place in Kenya, one at Tsita and the others on Kenya's north and south coast. Others are being filmed in Morocco, Caribbean, the Amazon in Brazil and Rio de Janeiro.

With the 35-strong film unit are popular TV stars in Europe, including Lisa Kreuzer, Elsa Quecke, Rudolf Schuendler and Pierre Brice, also two gorgeous new TV stars, 23 year old Christine and Barbara Firzlaflf who are identical twins. Both are nurses by profession.

The story called for twins who look exactly alike. As no actress with an identical twin could be found, or two to look alike, a competition was staged, the winners being Christine and Barbara. Neither have been in a TV film before, and they are having the time of their lives.

Directing the film is Alfred Vohrer, and other locations have included Leisure Lodge, Leopard Beach Hotel and Robinson Baobab Club Hotel on the south coast.

A big surprise for Pierre Brice was to find that he had been given exactly the same room as the one in which he had stayed at Serena Beach Hotel eight years ago, without even asking for it.

'Limited Benefits From Devaluation'

TOUR INDUSTRY SEES NO IMMEDIATE IMPROVEMENT

By Gray Phombeah

THE KENYA Government has devalued the Kenya shilling by 15 per cent, partly to stimulate the Kenyan tourist industry. But, apart from the initial benefit to be derived from this latest monetary measure, hotel and tour sources envisage no great

impact on the current mid-season, which had earlier been reported to be 'shaping up well'. "Of course, we anticipate overseas holidaymakers to have more Kenya shillings for their Sterling, Dollars and DMs - but no immediate improvement is anticipated at the moment," said one leading hotelier.

The latest devaluation is the third one in less than two years, and follows one in September last year, and the five per cent devaluation announced in February the same year.

'CHARTER IMPASSE' On the 'air charter' issue, tourism sources have reported 'very little progress' as the current impasse continues. One Italian air charter operators, who had their licence turned down in October, are now scheduled to resume air charter operations into Mombasa after Christmas.

Meanwhile some sections of Kenya Coast tourist market are

fast losing out to West Africa, tourism sources have confirmed in Mombasa mid-week.

"There has been a marked drift towards West Africa," said one leading overseas agency, "because holidays there are much cheaper than here."

This new development has been blamed on the restriction on air charters into Mombasa by the Civil Aviation Board, which has made Coast holidays more expensive than those in West Africa, especially Gambia - where air charters operate much more freely.

Cheapest holidays to Gambia for European tourists cost as little as £269, while the same holiday package costs £438 to Kenya.

"We are bound to lose out considerably, because these Gambia holidays are at least £100 cheaper than the same Kenya holidays."

Gambian holidays are also rated cheaper than Caribbean offers - and that part of the tourist world has this year seen a dramatic 21 per cent drop in

tourism from U.S.A. and Europe.

Many European holiday makers have been dashing off to Gambia to enjoy its guaranteed low-cost sunshine."

And this has meant some

PROJECTS MJI WA SALAAMA

Mji Wa Salama for destitute children which is located in Makande became a Round Table 25 Project in 1980.

Round Table 25 injected funds into this home in 1980 after a threat of closure due to lack of funds. They then adopted the home and began the long trek of repairs that were badly needed.

The homes present pressing need is a construction of a baby wing costing K.Shs. 400,000/-. The preparations for these are underway, and the project should be complete around April or May.

The need then will be to obtain the various fixtures and appendages. The long term plan of maintaining the home, planning for the children's education, health welfare, recreation remain the most crucial challenge of the table. For this your help and support is most highly needed.

Credit for the good works done go to the various donors especially the people of Mombasa.

MOMBASA SECONDARY SCHOOL FOR PHYSICALLY DISABLED

Since the presentation of our project during about a year ago we are glad to inform the public that a substantial degree of progress has been realised towards the implementation of the initial stages of the project.

A welcome development has been the allotment of Land by the Commissioner of Lands to us. We have now some 8 acres of a superb sight to our disposal. The land is situated between the Customs Training centre and the SOS Children Village on the Bamburi Road. The architectural drawings have also been approved by the Municipal Council of Mombasa.

Tenders from Construction firms were invited on the 9th September and have now been opened. We expect to award the Tender towards the end of this year or very early in 1983.

Mombasa Round Table No. 3 has been trying hard to collect funds for this school, which we believe will be the first of its kind in Kenya, for some time now. We have gone 'international' to raise funds with a fair degree of success. However a lot has still to be done. In the light of this we kindly ask, the Public of Mombasa, to give it's utmost support to this Years RING US UP Program which will help Mombasa Round Table No. 3 to raise much needed funds.

Teachers Studying Mombasa History

It was the first get-together of its kind with education officers from the National Museums of Kenya converging at the coast to learn more about its history, this being part of primary/secondary schools syllabus.

Twelve of them, led by Lucy Ndegwa, Head of Education Department, National Museums, also Omar Bwana - MP, Head of coastal Coastal

Museums and Monuments, and seeing various archaeological discoveries as well as monuments, at the coast.

They had the opportunity of observing some of the problems concerned with historic sites, and of discussing their conversations.

For some it was their first visit here. They had the tright of their lives on seeing that a part of the programme was a visit to the Marine National Park at Malindi where they had to enter the sea to study the marine ecology there. This involved collecting some sea water, sand and tiny animals from the coral to take back to show students up-country.

A seminar was held at Fort Jesus Museum where there were talks on the history and conservation work at the coast. Lecturers included Jim Allen, historian and expert on Swahili culture, Gor Hillier, a research officer from Kenya Marine Fisheries Research Institute, Mombasa, who spoke on the subject of sea life; Athran L. Omar, curator [designate], Lamu Museum, who outlined the conservation work being carried out on coastal monuments, while Sheikh Abdulla Swabi, Municipal Education Adviser, lectured on Islam in East Africa.

There was an Evaluation Day to discuss what they had heard and seen, as well as to ask further questions. The seminar was formally closed by Omar Bwana, MP.

This was followed by a Swahili dinner at Fort Jesus, hosted by Ali Abubaker, its curator, where participants had the opportunity of enjoying tasty cuisine of the coast, which included samaki wa kupake, kaimati, mahamri, vibibi, mkali was ufata and mkali wa sinia, as well as of drinking tangy tamarind juice and black Arab coffee.

throughout has been Ernst Hoffmann Touristik Union International manager for Kenya. TUI is the largest tour operator in Europe sending around 27 000 tourists to Kenya a year. Dreamboat is the cruise ship "Astor" in which TUI has an interest. The film unit flew here by Condor charter aircraft and looking after their ground arrangements were Pollman's Tours and Safaris.
Several Maasai and Swahili people have taken part in the Kenya episodes. One concerned a father and son who had taken a cruise to Mombasa. There is shipboard romance with the son falling in love with one of the twins while a musician on

board is dating the other. Neither is aware that his girl has a "double". Just for a joke the twins decide to change partners just to see if this would be noticed.
However the father discovers all about them and initiates a few counter plots of his own.
The episode at Taita Hills concerns "blind" passenger Susan Uhlen, whose greatest wish was to "feel Mt. Kilimanjaro". Starring with her was Pierre Brice. Another episode concerned a passenger who missed the ship at Mombasa!
Five free lance journalists/photographers from Germany were invited along to cover the filming. Also to give them the opportunity of seeing and

giving publicity to Kenya.
The TV unit found Kenya an excellent country in which to film". They pointed out that by shooting three episodes in Kenya which will be seen by millions of viewers in Germany, Austria and Switzerland, more interest in the country was bound to be generated and tourism promoted.
One of the scenes being filmed at Serena Beach Hotel was a colourful performance by the Mabumbubu Kayamba traditional Giriama dancers from Porini, Kikambala.

TERRIBLE TRAIL OF VENGEANCE CONTINUES...

UNREST — OR rather ASHANTI — continues to rear its ugly face at Kenya and Naaz Cinemas. The trail of vengeance continues unabated and no stone is left unturned to ensure that evil is destroyed and truth triumph in the end over falsehood.

Many tears, I guess, have already been shed for Kumar who loses almost everything in his lone fight against big time criminals led by the notorious Maharaja Bishen Bhadur and his gang.

As the battle rages on, the film is packed with action and thrills, including car chases, punch-ups, explosions and a lot of fireworks.

'BANK ROBBERY'

Undaunted, Kumar as a duty-conscious cop, hunts down the gang, uncovering their evil activities that have created chaos in the town, despite attempts to bribe him and shake him off the trail.

PREVIEW BY RIZWANA MUSAJEE

He foils a bank robbery planned by Maharaja - but the triumph is shortlived as the gang go all out to stop him for good. He is framed in a dirty case and put in for three years.

But all is not lost. In the final encounter, justice is seen to be done as Kumar with the help of two boys and three girls, deals a final blow to Maharaja's evil way of life, paving way for law and order.

The film stars Amrisha Puri, Rajesh Khanna and Shabana Azmi.

Return Of The 'Bush-Trackers'

THE BUSHTRACKERS commencing Monday at Naaz Cinema are back again! This is the controversial Kenya made movie which boasts of more than its fair share of gore and brutality against a background of well known local faces and places.

In a bloody trail which for obvious reasons borrows heavily from the American thrillers, the film depicts our violent times in no uncertain portrayal of poaching, drug trafficking and all sort of small time racketeering in the Kenyan scene, while pulling the strings are the American mobsters in Miami.

The principal actors in the *The Bushtrackers* are Peter Mann-Jones playing the role of Frank and dear ole "mashambani" boy Oliver Litondo as Johnny. Cigar smoking Frank and his friend Johnny have one thing in common they are both in love but for different reasons.

Frank loves the freedom of the bush despite its ever present threat of danger from man and beast, while Johnny, already in love with a pretty Nancy Joyce Thom, prefers a normal and settled life.

But the concrete jungle has more in store for both men and beast. For poachers can be vicious and wilder as teenage cyclists slaughtering elephants behind the Ngong Hills and carrying rifles and trophies on their piki piki would tend to show.

The bloody trail spills over to the city where roving gangs specialising in Karate chops, knives and pangas terrorise shopkeepers and peaceful citizens.

Johnny refuses to intimidate and leads the battle to rid the city of urban terrorists using any weapon he can lay his hands on. He is pitted against a Mafia heavyweight concealed behind dark glasses and a cold-eyed local muscleman with murder in his glittering eyes.

PREVIEW with GRAY PHOMBEAU

Having had his dream of owning his duke, raising a family and having a solid home to return to at night shattered, Johnny's killer instincts are now fully asserted as the under world killers close in.

Opening Monday at Kenya Cinema is another spy-thriller *Fire-Fox*, telling the story of how both Washington and London attempt to destroy Russia's newest fighter-plane that leaves American technology centuries behind.

Clint Eastwood, who also doubles as producer and director, portrays the broked Vietnam veteran Colonel Grant, an old hero who is a brilliant flier and speaks fluent Russian, now recalled to lead the suicide mission.

Running today and tomorrow at Kenya and Naaz cinema are *The Border* and *Flash Gordon* respectively.

'UHURU CUP' SAILFISH SUCCESS

THE Uhuru Cup competition run by the Malindi Sea Fishing Club was the most successful for many a year with seven boats competing and 18 Sailfish being brought in as well as other fish, writes Jack Edge.

The event started off with a get-together of the fishermen their friends, and members of the Club on the evening before the event.

Sir Wilfred Havelock again conducted the usual "auction" of the boats which were competing on the following day, and there was no doubt that Tina was the favourite although other boats had very experienced men fishing in them.

On the day no one was very surprised when Tina came in with the biggest catch of seven Sailfish which reminded everyone of the "good old days" when such hauls were quite common.

Tina was first, three of the Sail were caught by her Captain Mohd Ali while four were by Mohd Athman.

Snark was second. She brought in two Sailfish of which one of 29 kilos was the heaviest in the competition. It was caught by Saidi the hefty No. 2.

Capt Mohd Badi got the biggest "other" fish, a Yellowfin of 13.3 kilos and won the prize most generously given by Oscar Anderson.

Mohd Ali and Mohd Athman with their winning sailfish catch.

Third was Mehboob with three Sail and fished her Captain Abdu Khalid Mate Halidi Maaka.

Fishing with them was Yu Abdulrasak and Fuad Rudan, great football enthusiasts who had helped to entertain Harambee Stars when they were in Malindi.

It was the footballer Fuad who caught two of the Sailfish.

When all was over every- one gathered in the Fishing Club for the prizegiving by Mrs Katrina Paul. There were small drinks and soft music, everyone seemed to enjoy themselves.

'BROADBILL

It was greatly appreciated that Charter boat owner had given up their boats for the day to make the event successful.

The only competitor for Broadbill Competition was Malindi on the 11th was S. Goose. She was fished by owner Andrew Wright and Bruce Buckland.

They did not touch a Broadbill during the night but had a good trip on the ocean, in the morning they had driven well up into Formosa Bay got back to their anchorage mid morning.

THEATRE

YES, IT'S 'DAME' ROY WILLIAMS!

AGAIN starring as the traditional pantomime Dame in the forthcoming Little Theatre Club production of *Mother Goose* is Roy Williams, his third appearance in this role in Mombasa following *Robinson Crusoe* and *Dick Whittington*, is also produced by Julie Williams.

But it is actually his twelfth Dame part in East Africa the previous nine having been in Uganda with the "Kats", the Kampala Amateur Theatrical Society, an extremely lively organisation having a large and professionally equipped theatre and of which Roy was latterly Chairman.

"Once I had tackled the Dame part in a pantomime there" he recalls, "they simply wouldn't let me go. And now Julie has imported the tradition to Mombasa."

"I suppose there isn't a single

utterly nonsensical pantomime situation that I haven't been involved in over the years, some of them many times. But the funniest thing I ever did in Kampala was during the pie-making sequence when my false teeth shot out absolutely accidentally and I performed a high parabola landing right in the mixing basin. What to do? We found them and I proceeded to clean them up with the stage property scrubbing-brush. It caused such a howl from the audience that I tried ejecting them the next night and the next but never voluntarily achieved that unique catapulting effect".

The warning in last week's *COASTWALK* that there are only ten performances of *Mother Goose* instead of the larger number for previous pantomimes, all completely sold

'AN OFFER YOU CAN'T REFUSE ...'

WHILE enjoying a most relaxing holiday at Hilton's Taita Hills Lodge last week several Mombasa visitors overheard Manager Brian Burrows making plans for the celebration of the lodges 10th year of operation.

These unique Lodges first opened their doors to guests on January 1, 1973, so New Years Eve at the Lodges this year is going to be quite a night to remember.

Already the Anniversary Dinner Menu, which includes such succulent treats as Kenya Trout, traditional herb stuffed Turkey and Taita Plum Pudding laced with Brandy, is off to the printers.

This dinner will be followed by a night of Disco Dancing and celebrations, though Brian was not disclosing any of the extra treats or frivolities planned. "All surprises" he laughed.

NEW YEAR 'SPLASH'

Apparently the 10th Year Anniversary celebrations of these lodges is not just confined to a New Year Eve splash. Right throughout the year Hilton International will be featuring Kenya within their public relations network.

Local and international media coverage will be extensive, all highlighting Kenya as a tourist paradise.

Kenya residents have long played an important part of the guests visiting Taita Hills and Salt Lick Lodges, with the management and staff extending a warm and friendly welcome to one and all, so for

from COLLEEN

1983 the residents rates have been kept to a minimum.

A twin room, full board, at Taita Hills Lodge for high season is Kshs 858 and at Salt Lick Lodge Kshs 970.

With low season rates for a twin with full board only Kshs 710 at Taita Hills and Kshs 785 at Salt Lick Lodge. Good value in this day and age of increases.

FAMOUS 'Chuka Dancers' performing at the Taita Hills Lodge.

Taita Hills make a good bed lodge of a safari with the family, at least this has been our experiences. Accommodation for nurse maids is available and special childrens meals, to say nothing of the children's rates on accommodation.

Baby sitters can also be hired for those staying at Taita, this enables one to enjoy Dinner and an evenings Game viewing at Salt Lick Lodge without the little ones.

Hilton International now have a booking reservations office in Mombasa at the Cannon Towers Building, maned by the charming Mrs. Beulah Zanetti, phone 316392 Mombasa, where you can make your reservations for any Hilton Hotel or Lodge throughout the world.

overseas holidaymakers giving up Kenya's beautiful Indian ocean beaches, and its often fascinating wildlife, which has for many years been their most popular destination.

Boasting of similar, if not better tourist attractions to Kenya, the Gambian tour packages include game safaris, visits to nature reserves, camping and staying in high-class tourist hotels.

It has also been claimed that the 'Roots' excursion motor yacht cruise, inspired by author Alex Haley's search for his ancestors to the timeless Juffure 'slave village' in Gambia has become a 'must' for overseas holidaymakers to this small West Africa country.

One European tour operator is now reported to have deployed a Super DC10 on the Gambian tourist route to cater for the growing West African market. More operators are soon expected to follow suit.

BIG PLANS FOR HIGH-FLYING AIR TANZANIA SERVICES

THE NATIONAL CARRIER, Air Tanzania, is planning to procure a third Boeing 737 or a larger aircraft to consolidate its services. The Airline which has charted an ambitious strategy for the next year has forecasted traffic growth to the tune of 87.9 per cent above the present actual revenue.

The growth is expected to come from an increase in domestic fares and also from a planned increase in passenger kilometres travelled.

Also planned are a reduction in overhead expenses and a general improvement in services. The Airline will make efforts to reduce duty travel, agency commissions and maintenance costs.

Improved schedule reliability, better in-flight catering equipment and aircraft refurbishing have also been schemed.

Tanzanians this week marked 21 years of independence with parades, rallies and cultural performances. In Dar es Salaam, President Nyerere inspected a grand parade mounted by members of the Armed Forces.

The parade was also attended by the Vice President, Aboud Jumbe, Prime Minister, Cleopa Msuya, the Party Secretary-General, Rashid Kawawa, Senior Party and Government Officials and also representatives of diplomatic missions accredited to Tanzania.

The Dar es Salaam based Matsushita Electric Company will start exporting radio sets and cassette recorders to Rwanda and Burundi as soon as the new Yen credit arrangement involving raw material imports has been finalised.

The initial target has been set at 1000 sets to the two countries.

MWANZA GIRLS

The Yen arrangement is under negotiation between Tanzania and Japan and other companies to benefit under this scheme, apart from Matsushita, are Aluminium Africa, National Textile Corporation [Texco], Metal Box, State Motor Corporation [SMC] and General Tyre [E.A.] Limited.

Two Mwanza girls, Grace Mweya and Laurencia Josephat, left Dar es Salaam for Minneapolis, United States, to undergo an open heart surgery.

The two girls who are aged five and seven had been receiving heart treatment at Mwanza's Bugando Hospital up to their departure.

by MUNIR DAYA

The trip has been financed by the Mwanza Round Table.

The Government has banned illegal gold mining in Mbeya rural district and is now preparing legal procedures to govern mining activities in the country.

The miners had developed a trend whereby they sold to individual businessmen instead of the State Mining Corporation (Stamico) who had low payment rates. Some of the gold was even smuggled out of the Country.

Denmark has pledged its financial assistance to help Tanzania overcome its economic problems.

The Danish Government through its Danish Development

Agency (Danida) has prepared several schemes under which assistance, especially to the production sector, will be increased above the present levels. Unlike the present which most aid is in the form of loan, future aid will come through grants.

The assurance was made by the Minister of Agriculture John Machunda, who cited ongoing rains as 'a harbinger of a bumper crop' in the coming season.

The major threat to a prospective bumper season are pests and leaders in areas prone to attacks by armyworm and quelea-quelea have been asked to be on guard against these pests.

With the perennial food problem in the Country, which has repeatedly forced the nation to import food there is a depletion of the Country's foreign exchange reserves. The Minister's statement was good news for Tanzanians.

The annual Dar es Salaam Round Table organised by Dial Disco programme went on over the External Service Radio Tanzania this week.

S.K.A.L. PARTY AT THE 'REEF ...'

MEMBERS of the SKAL Club of Mombasa wined and dined in the Reef Hotel's splendid Ndege Grill, and among them was Skalleague Maurice Sangan from Channel Island Caterers Ltd, the airport caterers in Guernsey. Also among the guests were a contingent from UTC Peter Smyth, the new managing director; Ian Ingles, group secretary and financial controller, Eric Larsen, group executive director and Patrick Dudgeon, marketing and planning manager. John Arkle, chairman, who is also the general manager of UTC, Coast, wished everyone a very happy Christmas and Prosperous New Year, while the wine was sponsored by Peter Smyth.

CELEBRATING IN STYLE AT 'DIANI REEF'

For the first Christmas Party for their staff, the nearly one year old Diani Reef Hotel really did them proud.

The barbeque area by the illuminated swimming pool was reserved for them, with buffet tables groaning with food as is offered to guests.

Coming as a big surprise to Kazungu Lazaro, a restaurant waiter, as well as everyone, was the news that Diani Reef had introduced an incentive scheme in which an 'Employee of the month' for November, and was presented with an award and congratulations by Sigi Jogschat, general manager. Amid cheers, he was then lifted sky-high by the management team for all to see.

Kazungu, who comes from Kilifi, joined Diani Reef just before it opened. He had previously worked at the Seahorse Kilifi, and the Leopard Beach Hotel.

SIGI JOGSCHAT

Said Mr Jogschat "It is a pleasure to see all here. We have had our ups and downs, but as you can see from the number of guests and business we are doing, our efforts have not been totally in vain". He wished them all a very happy Christmas and New Year.

Peter Anton, resident Manager, in a tribute to the employees said they had performed well during the year, and urged them to continue maintaining the very highest of standards.

NETA PEAL reports

The gargantuan barbeque was followed by dancing to a three piece band. One employee enjoyed the Christmas party in a novel way — he brought his swimming trunks along and dived into the crystalline pool. He said it was something he had always wanted to do. It made him 'very happy'.

Afterwards the party continued in the new prestigious Discongoma with everyone happily swinging away to Mashada's funky music. It was quite a party!

Electric wires carry tremendous power which could be dangerous if carelessly handled.

Play it safe with electricity.

- Avoid EAP&L sub-stations which are marked with signs of DANGER-HATARI.
- report to EAP&L when you see broken overhead lines.
- avoid broken wires lying on the ground. Such wires could be live and dangerous.
- report to EAP&L any trees and branches growing too close to power lines. Such branches may require trimming.
- avoid climbing trees which are close to power lines and restrain anybody who attempts to climb such trees.
- do not construct buildings or other structures under overhead power lines. This could be very dangerous, even fatal. If it becomes necessary to erect a building under power lines, discuss the matter with EAP&L first.
- avoid climbing electric poles.
- Seek prior clearance from EAP&L before carrying out work near the company's installations. Certain activities near power installation could be dangerous.
- Do not throw sticks or stones on power lines.
- co-operate with EAP&L staff whenever they seek permission to enter your plot or premises to rectify electric faults or correct situations which are potentially dangerous.
- avoid flying kites or other objects near power lines and restrain children who try to do so. Touching overhead lines with poles, sticks or other items could be very dangerous.

We look forward to your co-operation. With your co-operation we can render a better service and minimise accidents associated with electricity.

An End To The 'Union Castle'

THE LAST two vessels in the once famous Union Castle fleet, now part of the British and Commonwealth Shipping Group, have been sold. They are the reefer vessels *Balmoral Universal* and *Kinpurnie Universal*, both built in 1965 and delivered to the Clan Line as the *Clan Robertson* and *Clan Ross* respectively, under which names they then called regularly at Mombasa — normally on the Clan-Hall-Harrison joint Service berth to and from the West Coast United Kingdom.

After transfer from Clan to Union Castle they adopted the Union Castle names of *Balmoral Castle* and *Kinpurnie Castle* subsequently changing to the ugly *Universal* suffix, hoisting the Liberian flag and operating in a reefer trade in a link up with an outsider company. This therefore would seem to be the final chapter and demise of the renowned Union Castle fleet along with their lavender coloured hulls.

Reports have appeared in the Shipping Press indicating that the giant United States Lines may have designs on the trading rights of Moore McCormack Lines which operate a monthly service to and from East Africa. If this is confirmed it could mean the vessels of yet another line with a long association with East Africa withdrawing from the trade.

The United States Lines are the company which shook the shipping world by ordering a series of 4,500 TEU capacity container vessels for a projected world wide service. United States Lines have no service or connection with the African Continent.

The vista of empty berths continues to predominate the Kilindini Shipping scene although there has been a

SHIPPING with JOHN WALTERS

slight improvement on the four or five occupants early in the week. One vessel expected to remain for some ten days is the Greek bulk wheat discharger *Panormos* at No. 11 berth.

Built in 1972 and owned by the well-known Greek Ship-owning company, N.J. Coulandris, she is discharging 14,500 tons for Kenya. The *Nedlloyd Westerkerk* arrived over the weekend and is due to sail today having brought the eagerly awaited new pilot cutter.

REEFER BOXES

The new Deutsche Afrika Line full cellular container ship *Usaramo* of 28,000 d.w. tons has been handed over by her German builders. This vessel is the first of three 1346 TEU capacity to be completed and will be employed in the D.A.L. West Africa trade.

These vessels of 18.7 knots are equipped with 3 x 40 ton cranes, making them self-sustaining whilst they also have good provision for reefer boxes. We may well see one of this class in the East African

trade in the not too distant future.

The BEACON full container vessel *Victoria Bay* now a regular caller is due today to load over 300 full containers for Felistowe, the N.W. Continent and North American destinations. This is expected to beat all previous loadings on a BEACON vessel and clearly illustrates the dramatic manner in which containerisation is getting a grip.

On this same subject today should witness the arrival of the KPA gantry cranes and other hardware in the port on the large *Giant 4* under tow of the Smit tug *Nordzee*. This should make an interesting sight. A naval task force is also due this morning, the R.N. frigate *HMS Galatea*, the New Zealand frigate *H.M.N.Z.S. Canterbury* and the Royal Fleet auxiliary *Plumleaf*.

A Colourful Jamhuri Day At The Severin

SEVERIN Sea Lodge's 10th birthday celebrations got off to a flying start on Jamhuri Day with a colourful African market selling beautiful batiks, Makonde woodcarvings, fruit, "Afro" fashionwear and jewellery. There was also an "Afro" hair stylist there who was in great demand.

It was held in the forecourt of the hotel, attracting many guests and visitors.

Tototo Home Industries, a project of the National Christian Council of Kenya, had a stall with a plethora of handicrafts made by wananchi all over the coast province. Making novel lampshades there were some from the 30-strong women's group at Kikambala, who together with two men, have produced many of the lobster pot and other unique lampshades which grace many coast hotels.

They also make table mats, wine stands and bottle holders from doum palm and local dyes, also Giriama dolls. From their earrings and with a little help from the government, they were able to build a small health clinic for use by the doctor when he visits the area.

Yolanda Firth, that Zesty lady from Porini Village Restaurant and grill room, Kikambala, had a huge stall there groaning with fruit from her shamba which included mangoes, bananas and water melons. There were also roasted cashew nuts and coconut candy. Meanwhile here Giriama dancers entertained.

Christine Ssebana demonstrated the art of "Afro" hair-dressing while Frank Odhiambo was making the most beautiful batiks. He hails from Kisumu and also does paintings in water colours and oils, as well as sculpture in clay.

AFRICAN HERITAGE

He has exhibited at African Heritage and at the former Tryon Gallery. His work can now be seen at Severin Sea Lodge. Since coming to the coast three years ago, he has been concentrating on batiks, and the painting of landscapes, animals and people.

At the African Market was also Hassan Athman from Kenya Marineland, Kilifi, with some of his craftsmen who make beautiful Makonde woodcarvings. They received many orders that day.

Kenya Prisons were there with some interesting well made items to sell. Present also was Bombolulu Jewellery, the first workshop for the physically handicapped to be established at the coast. One of their workers came along to show

THERE WERE fun competitions in the pool during the Severin Sea Lodge "Olympics".

THE SEVERIN "Olympics" torch is carried during the run from Kenyatta Beach to Severin Sea Lodge.

ONE OF THE Runners, Renata Sitte from Germany lights the Severin "Olympics" flame on their return from Kenyatta Beach during the Severin Sea Lodge "Olympics".

CATHERINE Wandera of Ginewa Designs, Severin Sea Lodge at the African Market there, Mombasa, is seen discussing a painting depicting

how their jewellery, which sells all over the world is made.

An "African Adventure" too place in the evening with ethnic fare and music, also Giriama, Maasai, Digo and Akamba traditional dancers.

On Monday, the Severin Olympics opened with 32 guests and staff being taken to Kenyatta Beach to run from there back to the hotel, one bearing the Severin Olympics torch. They were welcomed by a large crowd of cheering a guests who then witnessed Renata Sitte from Germany light the Severin Olympics fire which continued to burn throughout the games.

WIND-SURFING

These included "fun" competitions in the swimming pool, windsurfing, tennis, darts, and swimming. In the evening the Olympics Committee, all dressed in Greek-style "chitons" presented medals to the winners.

The evening ended with a dinner dance with entertainment by the "Famous Acrobats".

The celebrations continued on Tuesday culminating on 15 December - Severin Sea Lodge's birthday.

Pandya Memorial Clinic — Expanding Medical Facilities

The Role of the Private Sector in Health Care System of the Nation. In a developing country with limited resources available to the government it is just not possible to provide an entirely free medical service to the whole population. The government can only cater for those who cannot afford to seek private medical services due to extreme poverty.

However, the number of such people is so large that the government cannot cope with it. The services it can provide are generally of a basic nature. The private sector, therefore, has a very significant role to play in providing good service to both the low groups as well as to those with better income.

Institutions like the Pandya Memorial Clinic attempt to serve these people on a no profit basis. Any profit that is made is marginal and it is reinvested in expansion

PANDYA CLINIC — Popatlal Karman Laboratory and Bhagwanji Kachra Nurses Quarters.

of its facilities. The emphasis at the private hospitals is on efficient and prompt service so that there is a faster turn over of beds so that the cost of health care delivery is reduced.

The private sector ensures that eminent and respected specialists visit their hospitals so that a high quality of work is

done at the hospitals. It must be stressed that the private sector is fulfilling a tremendous need without taxing the government in any way. The private sector must, therefore be viewed as complementing the public sector rather than competing with it. In fact, I feel that the Government

should encourage the private sector by giving development grants from time to time so that more and more patients are attracted by the private hospitals, thus reducing the unmanageable overload on the government hospitals.

Additionally, the private hospitals ensure that only ethical practice is carried on in their institutions and that doctors with questionable qualifications are prohibited from using their facilities. The Pandya Memorial Clinic has also been offering their facilities free of charge for lectures and seminars organised by the Kenya Medical Association for continuing education. It was also given to the KMA a special room for the purpose of holding clinical meetings every week and housing the KMA library. All this is being done with the sole idea of improving the standards of medical work done there.

— **Dr. RAMESH DESAI**

A 32-bed extensions consisting of two wards, one general and one Maternity, has been added to the Pandya Memorial Clinic. The wards are being inaugurated by Assistant Minister of Health Dr. E. Wameyo.

Pandya Memorial Clinic — A History Of Service To Humanity

Historical Background
 A combination of circumstances and the need lead to the formation of the Pandya Memorial Clinic at a time when the era of antibiotics had just begun to offer tremendous benefits: Patients, especially from the Asian communities, were beginning to be convinced that hospitalisation lead to higher and faster cure rates than domiciliary treatment; mortality and morbidity was progressively reduced.

However, for the Asian community there was no hospital to go to. The "Native Civil Hospital" was too crowded and had inferior facilities and the "European" hospital was exclusively for the white man.

Towards the end of 1942, when the world was busy fighting the Second World War, the East African Indian National Congress and the Indian Chamber of Commerce decided to erect a Memorial to a very prominent Indian political and social worker Jagannath B. Pandya. Dr. S. D. K. advocated that the memorial should take the form of the hospital, a health centre. After a lot of debate and arguments an incident involving the Pandya family clinched the issue: Mr. J. B. Pandya (younger brother of the late J. B. Pandya) son was involved in a serious accident which nearly killed him. He was taken to the Makadara Hospital which the Pandya family gained first hand knowledge of the appalling conditions existing there. After emergency surgery, Mr. Pandya took his son home rather than keep him at the hospital. With the fortunate recovery of his son Mr. R. B. Pandya and his family decided to donate a sum of Shs 250,000 to build a hospital as a memorial to J. B. Pandya.

On December, 26, 1942 the Pandya Memorial Committee unanimously decided to erect a "Pandya Memorial Clinic" and succeeded to collect funds through donations from the Indian community. An estimated cost of Shs 500,000 was calculated.

Two years later, the first truly multiracial, private hospital was inaugurated on February 24, 1947 in the rented premises of the available Fleet Club, the present Little Theatre Club. The hospital had a six room midwifery ward, a labour room, twelve room general ward and a six room surgical ward in addition to an operating room, an outpatients department, a laboratory and a

"dark room" which I presume was the X-Ray department. Dr. S. D. Karve, the son of the well-known Indian philanthropist Dhondu Karve gave up his lucrative private practice and devoted his full and boundless energies to the successful running of the Clinic. From those eventful starting days, the Clinic has come a long way: It has continued to grow and has managed to keep abreast of times as will be seen from the following progress documentation.

- 1947 - Pandya Memorial Clinic established at the old Fleet Club building (at present the Little Theatre Club).
- 1951 - The Clinic shifted to its present 5-acre plot into purpose built hospital buildings.
- 1963 - Maternity Department added as first floor extensions to the existing building.
- 1964 - Popatlal Karman Laboratory building erected.
- 1972 - A minor operation theatre built through donations from Maida Ltd and Mr. B. G. Patel. Residential Accommodation for nurses built over the laboratory through generous donations from Bhagwanji Kachra family.
- 1976 - New Outpatients Department built and named after Dr. S. D. Karve.
- 1977 - Anant Pandya Children's Centre inaugurated.
- 1978 - An Emergency Room added with donation of equipment from Dr. I. S. Patel and Dr. C. M. Doshi.
- 1979 - A proper, modern mortuary with autopsy facilities built with the help of the two Lions Clubs of Mombasa. The Emergency Room was shifted and completely modernised through donation in memory of

PANDYA CLINIC — S.D. Karve Outpatients Department.

Dr. Meena Desai.

- 1982 - A general ward with 16 beds added through generous donation from the Jan Mohamed family.
- 1982 - A Maternity Ward with 16 beds added through contributions from the Hira family.
- 1982 - Completely new road design and car parks with proper security gates added.
- 1982 - A completely new garden layout and landscaping done.

The momentum of the early days has, indeed been kept up and the Clinic has now become an up-to-date hospital replete with 3 Resident Medical Officers and Visiting Specialists from almost every common medical speciality. With the addition of 32 new beds the clinic is the biggest private centre in Mombasa.

However, a lot remains to be done. No one is more painfully aware of this fact than the Directors of the Hospital. The

"Image" of the clinic has suffered in the recent past due to shortage of nursing staff with resultant inadequacies in patient care. While our pay scales match those of our sister private hospitals in town, our residential facilities for the nurses are definitely poor. We have now been able to save sufficient funds to embark upon an ambitious renovation and extension programme. However, the ever-rising cost factor introduces tremendous unpredictability in planning and eventual underestimation of programme costs. The funds are never enough for all that we wish to achieve and a Funds Drive will be launched soon. The following is a summary of the projected

expansion programme:

- Modernisation and expansion of the X-ray department is already in hand. Brand new equipment with an image-intensifier leading to better diagnostic facilities has already been ordered at a cost of Shs 1.5 million.
- Modernisation of the Kitchen and catering facilities.
- Expansion of the Residential quarters for the nursing staff.
- Modernisation of the existing wards.
- Building of a new unit comprising of an OPD, a central pharmacy and a Casualty Department.
- Building of an Intensive Care Unit.

- Addition of a new wing with special rooms to cater for the higher income bracket.
- Modernisation and expansion of the Laboratory facilities.
- Modernisation of the Administrative offices and the addition of a Board Room.
- Re-siting and expansion of the Anant Pandya Children's Centre.
- Modernisation of the Operation Room Services.

The Programme looks, and indeed, it is, ambitious but by no means unattainable. The generosity of the Asian community has never failed the Clinic so far and there is little to believe that it will fail now. It is interesting to note that the clinic had obtained some £ to £ basis grants from the Colonial Government but has obtained no such grants since independence. Yet the clinic was started as the first multiracial Clinic in Kenya and has remained in the forefront as a non-profit making organisation catering for all patients of whatever colour, ethnic group or religious denomination.

To the patrons and the friends of the Pandya Memorial Clinic we wish to say "Thank You Very Much" and wish to plead to them for continued support. They must be satisfied that their donations have been used in a worthy cause.

We welcome donations so that we can keep pace with the modern developments and trends in medicine and offer the benefits of this progress to the people of Mombasa. Eventually, the benefits will be passed on to the donors in form of better health - the first requisite towards a happy life.

Willkommen bei Alliance Hotels

DAS Outrigger Hotel organisierte am 5. Dezember eine spezielle Weihnachtsfeier für Kinder zur Erweiterung des neuen Spielplatzes. Der Weihnachtsmann kam im Boot zum Nachmittagesteck und brachte für jedes Kind ein Geschenk mit. Vom neuen Kinderspielplatz aus sieht man auf den Klindinhafen und kann die Schiffe beim Ein- und Auslaufen beobachten. Die Kinder können sich auf den Schaukeln, dem Karussell und in einer großen Röhre sowie in Peter Pan's Bootshaus, voll mit Spielsachen, vergnügen.

Die Weihnachtsfeier wurde vom Fernsehen aufgenommen und zum Tee gab es köstlichen Kuchen.

Für die Eltern interessant ist der neu eröffnete Holzkohlengrill, wo man Ziege und Huhn vom Spieß zu günstigem Preis erhalten kann. Sonntags gibt es dort Lunch mit Suaheligerichten und verschiedenen Currys. Für Shs 60 kann man soviel essen, wie man will. Am Freitagabend ist "Bingo".

Seit Alliance Hotels die Leitung des Outrigger übernommen hat, wurden viele Änderungen und Verbesserungen vorgenommen. Da es mitten in der Stadt liegt, wird es von Geschäftsleuten gut besucht.

Das Outrigger Hotel hat 88 Betten in klimatisierten Räumen und einen Swimming Pool. Man kann auch nur ein Zimmer mit Frühstück buchen. Zum Frühstück gibt es keinen aufgewärmten Kaffee und trockene Brötchen, sondern ein Buffet mit 15 verschiedenen Speisen.

GIRIAMA APARTMENTS

Die Giriama Apartments gehören zu den nettesten Apartments mit Selbstverpflegung, die Sie an der Nordküste finden können, und haben einen Deutschen Biergarten und Swimming Pool mit Blick auf's Meer.

Inmitten einer wunderschönen Gartenanlage - die unter der persönlichen Fürsorge von General Manager Pius Gmür so gut gedeiht, daß man die Gebäude hinter den wuchernden Bäumen und Sträuchern direkt suchen muß - befinden sich 30 1-2 Zimmer Apartments, ausgerüstet mit Kühlschrank,

Kochherd und mit Platz für ein Extrabett.

In den klimatisierten Zimmern wird 18-Stunden Service geboten.

Sie werden täglich sauber gemacht und die Bettwäsche wird jeden zweiten Tag gewechselt. Den Supermarkt kann man in 10 Minuten zu Fuß erreichen und das Restaurant am Swimming Pool ist von 6 Uhr morgens bis um Mitternacht geöffnet. Hummer gibt es dort schon zu Shs 80 und zum Schlemmerfrühstück werden, neben den üblichen Speisen, und Mahamri,

OUTRIGGER HOTEL

Ein Kindermädchen dienst kann organisiert werden sowie Ausflüge zum neuen Kinderspielplatz im Outrigger Hotel. Transport in die Stadt steht den Gästen der Apartments 6 mal am Tag zur Verfügung für nur Shs 30 für Hin- und Rückfahrt.

In den Giriama Apartments kann man ruhig schlafen. Wenn es gibt nur einmal in der Woche, am Samstagabend, Disco.

Nachtschwärmer können sich jedoch in den nahegelegenen Nachtclubs oder im Casino amüsieren.

Die Giriama Apartments, unter der Leitung von Alliance Hotels, können diesen Monat ihren 4. Geburtstag feiern. Sie sind nicht nur bei den Touristen sehr beliebt, sondern auch bei lokalen Leuten, die individuelle Unterkünfte mit ungebundenen Essenzeiten einem Hotelbetrieb vorziehen.

Das Castle Hotel, ein historisches Wahrzeichen der Stadt Mombasa, steht ebenfalls unter der Leitung von Alliance Hotels.

1907 von zwei deutschen Brüdern erbaut, ist es all die Jahre hindurch der beliebteste Treffpunkt in Mombasa geblieben. Vor allem von der geräumigen Terrasse aus kann man das bunte Treiben in der Moi Avenue beobachten, wo Leute aller Rassen und Schichten vorbeiziehen.

Das Castle Hotel ist immer gut besucht und wenn eine Kriegsmarine im Hafen liegt, ist die Terrasse rund um die Uhr bestend voll. Während dieser Zeit kann das Castle Hotel den größten Bierumsatz von ganz Kenia verbuchen", sagt General Manager Pius Gmür. "Unser Bierverkauf während des Besuchs der amerikanischen Marine im November war rund 12.800 Flaschen pro Tag".

In seinen frühesten Jahren wurde das Castle Hotel vor allem von Seeleuten besucht.

Mit der Einführung der Containerschiffe, die im Nu auf- und abladen, verschwand diese Kundschaft, da die Seeleute sich nur noch ganz kurze Zeit in Mombasa aufhalten.

Heutzutage sind die Gäste vorwiegend Touristen und "Mombasaleute". Die Reisebusse bringen ihre Passagiere auf der Stadtrundfahrt ins Castle Hotel zu einem Drink mit anschließendem Einkaufsbummel. Hotelbusse von der Nord- und Südküste benutzen das Castle Hotel als Treffpunkt, bringen ihre Gäste zur Terrasse und holen sie dort wieder ab.

CASTLE HOTEL

Das Castle Hotel hat 127 Betten und einige klimatisierte Zimmer. Das a la Carte Menu gehört zu den umfangreichsten von ganz Mombasa mit 76 verschiedenen Gerichten. Serviert wird während 18 Stunden, von 6 Uhr morgens bis um Mitternacht.

Beliebt ist auch die Boriti Bar im Garten und die Pizzeria bietet 8 verschiedene Pizzas an, auch zum Mitnehmen. Shish Kebab vom Holzkohlengrill wird zu einem kalten Bier von vielen geschätzt.

Zur Zeit werden Renovierungsarbeiten durchgeführt, um das Hotel auf Hochglanz zu bringen und die imposante Fassade aufzufrischen. Es bestehen auch Pläne für ein Konferenzzentrum und einen Swimming Pool.

Kenia in der deutschen

Presse

Im privaten Sektor wie auch von der Regierung wird gegenwärtig viel unternommen um den Tourismus in Kenia zu fördern, der zur Zeit als die wichtigste Einnahmequelle dringend benötigter Devisen gilt.

Jahn Reisen in der Bundesrepublik - welche Firma für Ferien in Kenia in der kommenden Hochsaison einen erstaunlichen Zuwachs von 80 Prozent gegenüber dem Vorjahr verzeichnet - hat zusammen mit African Tours and Hotels (A.T.H.) acht Journalisten führender deutscher Zeitungen und Magazine für eine Woche nach Kenia eingeladen, damit sie sich selbst in diesem idealen Urlaubsland umsehen und über ihre

Erlebnisse schreiben können.

Unter den vertretenen Zeitungen ist auch "Bild" mit der größten Auflageziffer von ganz Europa.

Gert Kreyssig von der Süddeutschen Zeitung war vorher schon fünfmal in Kenia. Sein erster Besuch fand vor 18 Jahren statt und er war ganz überwältigt, wie sich das Land in den Jahren verändert und entwickelt hat.

In Nairobi wurde zum Empfang der Gäste im Milimani Hotel ein Lunch organisiert, wo sie vom Minister für Tourismus und Willeben, Mr. Elijah Mwangi, in einer Ansprache willkommen geheißen wurden. Der Minister wies darauf hin, wie wichtig die Touristenindustrie für Kenia geworden ist, die nunmehr an erster Stelle der Devisenquellen steht.

Jahn Reisen ist eine Zweiggesellschaft

von LTU und die acht Journalisten fliegen mit einer LTU Chartermaschine von Deutschland nach Kenia. Während der Hochsaison bringt LTU zweimal wöchentlich Touristen nach Mombasa.

Die Journalisten wohnten zwei Tage im luxuriösen Diani Reef Hotel und besuchten von dort aus eine ganze Reihe von Strandhotels an der Südküste.

Mit der Eisenbahn reisten sie nach Nairobi, verbrachten je eine Nacht in der Meru Mulika Lodge, in der Buffalo Springs Lodge und in der Mountain Lodge.

Alle waren tief beeindruckt von den Attraktionen, die Kenia zu bieten hat, vor allem von den guten Leistungen in den Hotels und Lodgen; sie schätzten das vorzügliche Essen und den gepflegten Service und werden viel zu schreiben haben über Kenia, das Land, das in jeder Hinsicht einen Superurlaub bietet.

Das Büro von Jahn Reisen befindet sich am Hauptsitz von African Tours and Hotels. Herr Tom Trajanovic, Regional Manager für Kenia, die Seychellen und Mauritius, ist zuversichtlich, daß auch die Buchungen für die Sommersaison zunehmen werden, vor allem nach diesen Artikeln über Kenia in der deutschen Presse.

GALADINER

Die Informationstour ging im Mombasa Beach Hotel zu Ende, wo von Jahn Reisen ein Galadiner im Maxim's Cellar organisiert wurde. Die Gäste wurden von General Manager Freddy Irumba begrüßt und während dem Essen von den "Midnight Savannas" unterhalten.

Mit von der Partie war auch Frau Erika Amann, Senior Public Relations und Press Officer von Jahn Reisen. Weitere Journalisten waren Karl Wanniger, Redaktor von "München Merkur" und "TZ"; Ute Streich "Lady International"; Frau Walburga Hornung "Welt-Bild"; Frau Birgit Cremer "Die Welt"; Horst Dammasch "Bild"; Gert Kreyssig "Süddeutsche Zeitung"; Autor Harald Heintzinger "Bild am Sonntag" und Frau Inga Heitschke "Neues Blatt".

"Steak Diable" wird beim Galadiner im Maxim's Cellar für die Journalisten am Tisch zubereitet. 2. von rechts Tom Trajanovic und rechts außen Frau Erika Amann, beide von Jahn Reisen.

'BAMBURI BEACH' TOURNAMENT

THE Bamburi Beach Hotel sponsored their first golf competition at Nyali on Saturday, writes 'Andy Capped'.

The competition took the form of men's foursome, stableford scoring, and an encouraging number of entrants enjoyed thoroughly good conditions.

A light breeze tempered the heat, and the course, after some fairly unexpected recent rains, was in AI condition. The greens were perhaps a little slower than usual.

Foursome are sometimes described as being not very popular because "you only get half a round of golf", as alternate shots are played by partners.

The format in fact is one of the best forms of golf requiring team spirit, tolerance and the need to bite on the bullet when a partner puts your beautifully positioned drive into the coral.

The winning score of 35 points may not seem high but was good for foursomes.

Most of those appearing in the prizes are on a hot streak at the moment. With perhaps two exceptions, they have all been featuring on the winners board at Nyali or the Front Club recently. Tony Millington in particular must think his birthday.

A splendid tea was provided by the Bamburi Beach Hotel, and the prizes in the form of Christmas hampers with plenty of the hard stuff, proved to be very popular.

SQUASH MATCH

The hotel's manager, Sean Gavaghan promised to sponsor the competition again next year and also looked forward to a squash match against Nyali.

The hotel as part of its recent ambitious expansion programme, has been built a couple of air conditioned squash courts and looks forward to running its own squash club.

Results: Winners, Millington and Gaw 35 points, runner-up Ondatto and Wright 34 points, best first 9, Inder and Satish Talwar 18 points, and best second 9, Poppat and Bandali 19 points.

WINNING CATCH — Eight Red Snappers (the largest weighing in at 5.8 Kgs.) and a Rock Cod fished by Kizito and assisted by Juma, Saidi, and Mwangi, boated from LULU won the annual Cooper Motor Corporation Fishing Competition hosted over the Jambhuri weekend at the Bahari Club Mombasa. Mrs Farida Vaz is seen (centre) with Kizito, Juma, Saidi and Mwangi, after presenting them with their handsome CMC trophies.

GOLF NEWS

On Monday December 13, Coast golfers celebrated the 19th Anniversary of Kenya's Jambhuri by playing the Jambhuri competition at Nyali.

This was an "open" competition and we had players from all three coast clubs as well as a professional from Nairobi.

The competition was sponsored by Standard Bank Limited, and we were honoured that their Senior Executive Director, Mr. McDermott came down for the event.

Coast golfers were even more delighted when Mr. McDermott in his address promised that Standard Bank Ltd. will continue to sponsor the Jambhuri Day Competition.

The Bank had laid out a beautiful prize table - Royal Doulton crystal for all which presented to winners by Mrs. McDermott, and the sponsor-ship included a lunch for all players and families. This was a good holiday for the golfers.

Golfingwise, it was Tommy's day; he came in with an excellent score of 40 Stableford points to win the competition and carry away the handsome first prize.

Full results were: winner, Tommy Habib 40 points, runner up, Joe Mamujee 39 points, third, S. Popat 38 points, best lady Miss G. Smith 38 points, best first 9 H. Ramadhan 21 points, and best second 9 V. B. Patel 22 points.

That ladies chooper is kept well honed, as Geraldine Smith's round on 38 points resulted in an immediate chop of three off her handicap.

No doubt the men will be looking at Tommy's and Mamujee's handicaps also as they have featured regularly in the prizes recently.

The Mombasa Golf Club ladies section had their annual general meeting last week and the new office bearers are: Lady Captain, Mrs. Surjeet Grewal, Lady Vice-captain Mrs. Freda Noble, and Secretary Mr. Joyce Haji.

The A.G.M. was preceded by their fun competition - the "Come and Win", which was

won by Pat Clarke, runner-up Joyce Haji. However, everybody had a pick at the prize table afterwards in order of scores produced.

Finally, an appeal from the Mombasa Ladies. When they play their L.G.U.'s they will allow male members of the Mombasa Golf Club to play golf following them provided those wanting to play clear their numbers and times with the Lady Captain.

It is annoying when people play in the middle of the competition field, so please, men, respect their wishes.

'HOLE-IN-ONE'

Malindi Golf: Playing in a friendly fourball last week, that veteran golfer Kopperud had a 'Hole-in-One' on the short 4th hole of 128 yards.

This was his second "ace" the first one on the Ruivu course in the late forties, when there were "browns" not "greens".

The annual "Easterbrook" Trophy will be played on Sunday 19 December. This is a stableford competition off 7/8 handicap.

There is a prize for inviting golf players from Nyali and Mombasa courses are welcome.

Simba Fall To M.S.C.

AS might have been predicted, Mombasa Sports Club cruised to an easy victory over bottom-of-the-table Simba Union last weekend, writes D.J.W.

However, in spite of earning 18 valuable points, Sports Club have not yet eased themselves into the top four in the league, to qualify for the prestigious "Uhuru Cup", remaining fifth for the fifth week in succession.

Losing the toss, the coast boys were happy to be asked to bat first, but in spite of useful knocks by Hassan (25), Piyush (20), Aziz (29), and Ajit (20), they found themselves in real trouble at 126 for 7 wickets. Hassan had been the danger man, taking 4 top batsmen for 36 runs.

Fortunately for the home side, Jagdish was in a determined mood, playing his best innings of the season to raise the total alone the 200 mark. Well supported by the last three Sports Club batsmen, Jagdish was last out for 57 with the total of 202.

In reply the Simba Union batsmen tumbled out to the Sports Club medium pacers. Samar took 4 wickets for 19 runs and only Preminder (28 not out) offered serious resistance. Spinner Sunit took the last 2 wickets in one maiden over to finish the visitors off in the 24th over for 95 all out.

It was interesting to note that the visitors really punished any loose ball, scoring 72 runs out of their total in boundaries.

It was also interesting to note that Sports Club cleaned bowled seven batsmen and had two victims L.B.W. - a sign of accurate bowling.

The big test comes this weekend when the coast representatives visit league leaders Sir Ali MSC in Nairobi.

Eaglets And Kencom Win Basketball Cup

By Khiladi Hoshiarpuria

TWO Nairobi Basketball teams, Ladies Eaglets and men's Kencom, emerged winners of this year's Jambhuri Cup Basketball National tournament played last weekend at Baptist High School, Mombasa.

Mombasa's Cargo team were runners-up after going down 55-65 to Nairobi's Kencom in a gruelling final while Eaglets of Barclays beat Limuru 31-27 in another tough final to lift the Jambhuri Cup in the ladies tournament.

Six teams from Nairobi and five from Mombasa participated in the men's tournament. Only one

team from KPA in the ladies tournament against three teams from Nairobi.

Cargo displaying skill and youth, led in Pool A after beating Central Bank of Kenya from Nairobi 40-38 in a closely fought semi-final.

Top scorers in the men's tournament were Cargo's Phillip Yugi (30), who was also voted the best player, and E. Masha (12), Kencom's D. Omach (30), F. Otieno (15) and Shikamba (12).

NINE RACES IN TWO DAYS ...

MOMBASA Yacht Club held their annual boat-change series of races over the weekend with five Coots competing for the Macdonald Cup and four two-man planning boats for the Weddel Bowl.

This involved running nine races in two afternoons and was ably accomplished by Lynn Burow and Andy Burnard who stood in as officers-of-the-day.

A north-easterly force three wind prevailed throughout the weekend and some vicious gusts and windshifts provided plenty of excitement particularly in the Weddel Cup races.

Macdonald Cup: Jack Vokes, Tony Newman and Edwin Tucker gained a win each in the three Saturday races and were separated by only two points. On Sunday, however, Edwin demonstrated his experience and mastery in the Coot class. Crewed by Daphe Bagshaw he gained a first and a second to win overall giving him his tenth win in this event.

WEDDEL BOWL

Race one: J. Vokes/B. Vokes, race two: E. Tucker/D. Bagshaw race three: A. Newman/L. Newman, race four: E. Tucker/D. Bagshaw and race five: I. Spencer/D. Dean.

Overall result: First, E. Tucker 10 1/2 pts; second, J. Vokes 11 3/4 pts and third, A. Newman 13 3/4 pts and I. Spencer 13 3/4 pts. Crews prize, Mrs. D. Bagshaw.

Weddel Bowl: The short races and gusty conditions kept skippers and crews on their toes throughout the two races on Saturday. Each entrant played it safe as a capsized could have cost several places

PLAIN SAILING — A tenth victory for Edwin Tucker.

in the close racing. On completion of the first two races only one point separated Steve Robinson, Mick Norman and Ian Smith.

On Sunday, capsizes came into vogue and Steve Robinson became the first victim when he capsized at the gybe mark

in race three. By race four, capsizes were the order of the day and Steve, Laurie Burrow and Mick Norman all went in allowing Ian and David Smith to notch up their third win in the series and take first place overall.

Race one: I. Smith/D. Smith,

race two: M. Norman/C. Barnes, race three: I. Smith/D. Smith, and race four: I. Smith/D. Smith.

Overall result: First, I. Smith 5 1/4 pts, second, M. Norman 10 3/4 pts and third, S. Robinson 11 pts. Crews prize: D. Smith.

Monthly Mug, December 8, 1982. The second December Monthly Mug race was sailed to south reef buoy in a fresh wind and eleven boats completed.

CORRECTED TIME

Laurie Burrow and Steve Robinson both had spinnaker problems on the broad reach back into the harbour and it was left to David and Ian Smith (5.0.5) to catch the early starter. On corrected time the fifteen year-old skipper just beat Edwin Tucker by less than a minute with Ray Kester in third place.

First Mean Machine (D. Smith) second Ballerina (E. Tucker), and third Umeme (R. Kester).

Board sailers for the Sunday series got off to an interesting start when the wind swung 180 degrees just as the starting signal was made.

The original beat thus became a run in light conditions and with local knowledge Chris Barnes pulled clear of the fleet.

Second, third, and fourth places were hotly contested by Tony Hutchinson, Jos Helmen and Andre Hegers.

Once round Likoni Buoy a freshening breeze tended to make the race a procession with final results recorded as first Jet (Chris Barnes), second Sailboard (Tony Hutchings) and third Dufour (Andre Hegers).

Mombasa Combined Draw With Champs

A MOMBASA COMBINED side drew 2-2 with Harambee Stars, the winners of the East and Central Africa Challenge Cup in the friendly soccer match at the Municipal Stadium where the Harambee Stars demonstrated the trophy they won in Uganda three weeks ago.

The result of the match has proved that Mombasa and Coast Province have many talented players who deserve to represent the country in international friendly and competitive soccer.

The Mombasa side was represented by Ali Msada (Feisal), Ricky Solomon/Khalid Doran (Feisal), William Oduor (Lake Warrior), Ali Musa (Kenatco), Richard Agwanda (L. Warriors), Jumanne Shambi (Nyanza), Martin Siburu (Nyanza), Swaleh Mbarak (Breweries), Paul Chona (Cargo) Saidi Amiri (Cargo).

Many coast club officials interviewed by COASTWEEK were of the opinion that there

by Abdulrahman Sheriff

should be a combined coast team to train at least twice a month for future friendly matches.

They also proposed that the Kenyatta Cup Competition between all the country provinces be revived so that during selection for our national team, the KFF find it easy in selecting Harambee Stars.

At the moment selection is done purely on performance of players playing for the Super League teams only. There are many talented players playing for provincial leagues who are not seen by selectors.

STADIUM GAME FOR ARCH RIVALS MWENGE — FEISAL

ALL roads will lead to the Mombasa Municipal Stadium tomorrow afternoon when Coast Province Traditional rivals, Mwenge and Feisal clash in the first round match for the Mombasa District Challenge Cup, writes Abdulrahman Sheriff.

A capacity crowd is expected to throng the stadium to watch these two former great coast clubs meet for the first time this year and though both teams failed to impress their spectators, their clash might provide thrills!

Feisal said goodbye to super-league and will have to play in the provincial league division one next season. This also mean Feisal will have to play Mwenge and other top Mombasa sides to fight for a place in 1984 KNF league.

Mwenge formerly known as Coast soccer "kings" and the crowd pullers will have to tighten their belts if they need to beat their rivals. They will have to check Feisal forwards, Hamisi Mbarak, Dan Kalanzi and Suleiman Rashid.

Mwenge will entirely rely on Rama Mohamed if he plays in front otherwise without him, Mwenge forwards is always failing to click. However, they

will have to find ways and means of beating Feisal and Mombasa Combined goalkeeper Ali Msaada who is unbeatable between the posts.

On Sunday, there will be the final match for the coast provincial mini-league to determine which club will represent the province in the super league next year. It was not known which teams will play the final as some protests were not heard when we went to press.

CHRISTMAS CUP

In the Mayor's Christmas Cup competition, Cargo entertain Western Stars today while the winner will meet Kenatco next Tuesday for the semi-final match. Wanderers who defeated Nyanza 2-0 play L. Warriors on Wednesday for another semi-final match.

Meanwhile, Pan African FC who are the Tanzania Club champions are expected to play two friendly matches against Mombasa clubs but it was not yet decided which teams will be lucky to play the Dar team.

According to the KFF coast branch fixture-secretary, Zedbede Muchuka, no decision has yet been taken on teams to play Pan Africa.

THE Championship Motocross on Monday December 13 attracted an impressive number of riders from Nairobi and beyond, unfortunately offset by a total lack of interest from Mombasa Riders.

The event was sponsored by Coast Car Hire with Mike Kirkland as organiser. In addition Kenya Beach hotel sponsored an event towards the end of the programme.

The seventeen riders included Peter Childs from England which added interest to the meeting. Several events had to be amalgamated, but the crowd were given plenty of excitement on the dusty track.

Bright sunny weather with a good breeze destroyed the legend that it always rains at Nguu Tatu, but it is true to say that the Mombasa Motor Club, track offers a simple choice, choking dust or drowning mud.

After practice sessions plus a long walk around the track for the serious ones, the programme got under way with a five lap race for the cadet riders (ninth birthday after April 1st), won by Antony Vaughan, with Chris Cooper in second place, and Richard Vaughan in third place.

The race for machines up to 125 cc with riders under 17 brought five machines to the start gate. It developed, like several other races, into a battle between the Anthony brothers. Jet had built up a considerable lead at the flag, with Steve in second place.

Ten riders took part in the event of 100 cc machines and produced an interesting tangle in the tight eses just after the start. Kevin Payne came out of the melee first and held the lead for the rest of the race ahead of Torben Rune and Trevor Cooper.

The Kenya National Motocross Championship event is always run in two heats, and extends over 10 minutes and two extra laps. With the fast conditions on Monday this meant a nine lap race which called for considerable stamina on the bumpy track. Steve Anthony took an early lead and finished the race 30 seconds ahead of Jet, with Tony Hughes in third place.

The Junior and Cadets race created plenty of excitement, when a first lap pile up in the es-bends put several challengers for the lead down. At the end of the first lap Nicholas Patel had the lead on Trevor Cooper

with Barry Payne already past several riders and fighting his way back up the field. The battle continued right through the race, in the third lap Trevor went out with a broken chain and just before the flag Barry Payne got in front of Torben Rune.

The second heat of the Motocross Championship was won by Steve Anthony, ahead of brother Jet, Tony Hughes and Peter Childs, a repeat of the earlier heat which ruled out the need for careful calculations by the officials.

SMALL MACHINES

Event 8 was a combination of the smaller machines and again an early tumble put Barry Payne to the back of the pack. He then worked his way back through the field of eight to second position, twenty yards behind Torben Rune.

Towards the end of the programme, both machines and riders were showing considerable wear and tear.

Events 9 and 10 had to be combined, giving Jet Anthony another win on his 125 cc class, while Kevin Payne was first over the line in the Novice portion of the race.

Three events went together to make up the intermediate event, won by Kevin Payne ahead of Torben Rune and Trevor Cooper.

The final race represented events 14 to 17, bringing about accusations that the clerk of the course was looking for ways of getting to the nearest oasis as soon as possible. Labelled an all-comers event, the cash prizes for three classes were augmented by Kenya Beach Hotel.

Nine riders were mustered for this attempt, and Steve Anthony held the lead for all five laps. Jet took the prize for the 125cc machines and Kevin Payne won the 80cc event.

Calculating the points for Rider of the Day took some careful checking and re-checking finally Torben Rune took the honour with a total of 42 points. He had ridden in six events with one first and five seconds in his tally, a remarkably effort for such a young rider.

'A POOR SHOW'

While thanking everyone concerned for their contributions to the day, Mile Kirkland commented on the total absence of Mombasa riders.

Whatever excuses there are for these zero attendance, one can find little reason to ask Nairobi riders to travel almost a thousand kms to race against the same opposition available at the Carnivore/Langatta Motocross track.

Considering the cost of staging track events, together with the difficulty of finding sponsorship, there is very little hope of further events at Mombasa's Nguu Tatu track.

The selective few who rode, officiated or watched on Monday probably witnessed the end of one facet of Motor Sport at the coast.

Looking into the New Year, the Coast 600 Rally sponsored by Firestone (E.A.) Ltd., will take place over the weekend of 8/9 January.

This rally will include many sections of the 1983 Marlboro Safari Rally route and will be using the same type of descriptive route notes that were issued for the Firestone Malindi Rally in October.

CHAMPIONSHIP

Any members planning participation in a championship rally early in 1983 should be reminded that all competition licences expire on December 31 so that a new licence will be required the following day. Application forms are available from MMC club secretary.

And finally, a suggestion for an ideal Christmas present: MMC has a brand new (never been fitted) Halda tee piece for sale, and the same price it was brought for 7 days ago. Rush now while stock lasts!
