TANZANIA ACES WIN MOMBASA 'MARATHON 85'

by Abdulrahman Sheriff

the first two top positions, "the Tanzanians have given a good challenge to Kenya athletes who should prepare well in their next international assignment".

Among those who participated in the Marathon were six Tanzanians, six athletes from Royal Navy (United Kingdom), 35 Kenya International athletes selected by K.A.A.A. and 153 local athletes.

A total of 200 athletes took part but only 107 managed to finish. Though others completed the race, they were time-barred. The race started and completed at Severin Sea Lodge.

TANZANIAN TRIUMPH — The winning duo of Juma Mnyapanda (left) and Umbe Salaa, both from Dar es Salaam, Tanzania, are seen after the 'Mombasa Marathon 85' finish at the Severin Sea Lodge, Bamburi.

PAKISTAN TRADE TEAM ON COAST WORKING TOUR

A HIGH LEVEL trade delegation from Pakistan is scheduled to arrive Nairobi early next month for a week long tour of Kenya.

The six-man trade team led by former President Karachi Chamber of Commerce and Industry, a well-known business magnet of Pakistan and an importer of Kenya Tea, Mr. Haji Razzaq Janoo.

In Nairobi and Mombasa the delegation besides meeting high Kenyan officials will also meet Kenya National Chamber of Commerce and Industry, Kenya Association of Manufacturers and other Public Sector agencies.

Pakistan is one of the largest buyer of Kenya's products.

She is second biggest buyer of Kenya Tea in the world. Last year, Tea and other Kenya products were exported to Pakistan to the tune of Shs. 1,500-million.

Pakistan last year participated on a massive scale in Nairobi International Show where Industrial machines and Transport equipment etc. were put on display.

WATER PUMP SETS

During the recent Nairobi International Show both Pakistani Tractors and Water Pumping sets were displayed through the local agent. These products have already proved their worth.

Pakistan has also offered a 100-million Shs. loan to Kenya for import of industrial plants and for import of finished engineering goods.

The delegation which includes manufacturers-cum-exporters would also be interested in joint ventures with Kenyan entrepreneurs.

PRICE HIKE FOR CASHEW NUTS

KILIFI (KNA) The Kilifi District agricultural officer Mr. D. G. Kingori has disclosed that the Government has raised the price of cashewnuts from Kshs. 3/50 to Kshs. 4/- per kilogramme with immediate effect. He made the disclosure while addressing World Food Day celebration which were held at Kilifi Stadium.

Mombasa Going Inter-Continental

NEW MULTI-MILLION LUXURY HOTEL OPENS FRIDAY

EVERYONE from labourers to 'top' management are working flat out and around the clock to get Mombasa's latest luxury hotel, the 400-bed Inter-Continental, Shanzu, ready to open on November 1st, 1985.

Carpets on staircases and

landings are being sewn and laid, marble floors cleaned and

By NETA PEAL

polished, while finishing touches are being put to the tarmacked

entrance and spacious car park able to accommodate two-handed vehicles.

Already the hotel has beautiful landscaped gardens with well manicured lawns and lots of colourful bougainvillea.

All facilities, with the exception of the Golden Palm discotheque, will be functioning from November 1.

These include four restaurant - two air-conditioned and two all-fresco, one being named Vasco da Gama after the great Portuguese explorer who visited the Kenya coast in 1498.

The Restaurant specialises in French and international cuisine, and will also be staging 'Speciality Weeks' there.

There are air-conditioned conference and banquetting facilities for 250 and 1200 people respectively.

ALL WATER SPORTS

The Inter-Continental has a large swimming pool, Sauna and Health Club with Steam-room, jacuzzi and massage; two floodlit tennis courts; two air-conditioned squash courts, games room, children's pool and water sports centre offering sailing, surfing and diving.

The hotel is spacious with fountains in the foyer and waterfalls outside.

The Inter-Continental is also proud of its acquisition of two outsized anchors - a memento of the past for they come from the old Nyali Bridge demolished two years ago, after the new Nyali Bridge had been built.

STANDING OVATION

Kenya Posts' Susan Sirma from Nakuru became the first woman to finish the race when she clocked 1:53.45.1 secs to claim 75th position overall. She received standing ovation from the crowd.

Esther Jepkorir of K.A.A.A. came second in 1:54.28 secs while Mombasa's Jemimah Momanyi finished in third position when she return 2:11.15.2 secs. The three ladies beat some of the top men athletes.

When presenting prizes to the winner, the Deputy Coast Provincial Commissioner, Muli Mbusi praised Severin Sea Lodge, the Coast Athletics body and the Ministry of Culture for successfully organised the race.

Mr. Mbusi said by winning

TOURISM FORUM AT THE BAMBURI BEACH

ALL MEMBERS of the Mombasa and Coast Tourist Association are welcome to attend the "Pre-High Season Forum" taking place today Friday, October 25, 1985 in the Bamburi Beach Hotel Conference Centre from 10.00 a.m. and to join in and/or listen to the discussions between members and the VIP Guests which include the Minister for Transport, the Permanent Secretary of the Water Development Department, the Managing Director of Kenya Airways, the Director of Tourism, the Secretary of the Civil Aviation Board, the Chairman of the Kenya Power and Lighting, the Secretary of the Civil Aviation Board, the Mombasa Municipal Council and Kenya Bus Service Ltd.

Subjects being discussed include roads, (including National Park roads, and their maintenance, ferries and future bridges; fresh water and electricity supplies at the Coast, and future plans; Kenya Airways Reservations and Confirmations systems; the possibility of cheaper fares through more charters direct to the Coast.

Quality Products From The 'King Lion' Brand

MAKE IT HOT... Keep it hot... Cool it... Press it...
 Well, what is all this about. You had better cool down yourself with one of the King Lion Brand Super-Deluxe Electric Fans and read on.

"King Lion" is the registered trade-mark you should look for on many of Ceekays household items. It is Kaluworks Limited of Mombasa who actually manufacture these, but they are retailed all over the place. However there is no better outlet than Ceekays Limited of Hospital Street, Mombasa, who appears to have the whole range.

For you "shoppers", Hospital Street is not near the Coast General but off Digo Road, between and parallel to both Jomo Kenyatta Avenue and Haile Selassie Road. So they are central enough, just before the Municipal Health place. Their Tel. is No. 26769.

Ceekays special offers this

month include the small kerosene burner at only 85/-. This is the one where the top sits after you have lit the eight small wicks beneath. Buy one of these and you receive a free gift.
 Other offers are on the single

SHOPPING with ELAINE

and two-burner gas cookers.
 If you have always felt that the small oil-burning stove was less productive than your domestic requirements, you'll be happy to learn that now the "Jumbo '85" has appeared. This is the very latest product of Kaluworks, manufactured to reach the high standard you can depend on, big and solid and only 155/-.

Relatively new are the vacuum flasks. These are the "thermos" type and refills are available from Ceekays. Although originally intended to retain heat (hence the word "thermo"), these vacuum flasks also keep cold drinks cold. In other words they retain the extreme temperatures so nothing is ever tepid. The inner "heart" of the flask should not contain anything solid & sharps like bits of ice, just fill the flask with something cold and it will stay that way.

It is becoming a craze to serve tea in glasses here, especially in outdoor cafes and kiosks. Shiny glasses, crystal clear are only 8/- at Ceekays.

Why sit in the dark when you can buy an Anchor Brand Pressure Lamp from 430/- Giving a high candle power... these are lit from mantels. If you have an old Petromax minus the light-giving mantle, go to Ceekays for mantels are interchangeable.

Kerosene Lanterns are only 64/30 complete.
 With cottons now back in fashion, there is of course a lot of pressing to do. Call them what you like from "Flat Irons" to "Electric Iron Boxes", but these triangular marvels are at Ceekays by the score, with a wide price range.

JELLY MOULDS
 So many go to Ceekays when you eat Kuli ice-cream, remember the shape of the mould and think of Ceekays. When you see a youth selling "Barafu" it is likely he got his moulds from there too. Twin cake moulds and Jelly Moulds, the lot.

Shiny stainless steel is now made in Mombasa. A better quality metal, in this you will find the ice-cream cup, salad bowl, sugar bowl with cover, bowl with lid, just a bowl, a container, a sutfina with or without lid, tumblers, snack plates and the famous tray and thari or thale - the one from which Eastern people eat solid foods. And what is so different about the King Lion Super-Deluxe Electric Fan you're keeping cool with? For one thing there is nothing ugly with protruding propellers! This neat fan is square surround automatically circulates the Air-Flow by changing the direction of cool refreshing air with its in-built "swivel-system". So keep your cool, think Ceekays.

Putting One Step Into The Past ... And The Other Into The Future

WALKING into Mombasa Houseware situated along Digo Road means putting one step into the past and another firmly in the present.

The walk into the past begins with a marvellous sight or originally carved Lamu Dhows, their sails high and towering over beautiful Arab brass coffee pots, of which Mombasa Houseware are the largest wholesale and retail suppliers to hotels and restaurants in Mombasa and Nairobi.

Looming in the background of the miniature shop packed with ancient and contemporary works of art and artifacts, are the masks and ancestral figures from the African past which have adorned many homes and hotels along the Coast and abroad.

Closer to the present, is a ride on clay toy matatus over-crowded and seemingly over-speeding, which can be bought as house ornaments or souvenirs.

collection includes beautifully carved soap stone pieces, original batiks by famous German artist Heidi Lange residing in Kenya, copper and beads jewellery made by their sister shop I anika which employs handicapped people for the work, banana fibre mats in all sizes and clay figures.

The 20-year-old Mombasa Houseware also provides exceptional summer wear, exclusive wood carvings, traditional and modern handicrafts.

Exotic Brass

Latest arrivals include exotic vases engraved in brass (perfect gifts for Diwali and Christmas), oval trays with stand in brass (they have been selling like hot cakes and only a few remain) and watering cans, also in brass.

For all purposes, Mombasa Houseware, superbly managed by 32-year-old Suran Shah is a worthy stroll into a past enriched with original works that provides a super bargain for the present.

"And thank YOU madam, it's not every day a humble salesman like me, meets a Miss World look-alike ..."

"Don't keep saying 'Yes, you're right, Sir' - once in a while try 'No, you're not wrong, Sir'!"

"Rough place - I'll say it is. The bouncer searches for weapons to make sure you've got one!"

"They don't leave much when they've finished cutting and polishing it, do they?"

"The check-out girl attacked the shop-lifter with a labelling gun - so we're looking for a man with a price on his head!"

"If you want a second opinion, come back tomorrow - I'll have another guess!"

"I've checked your tyres, Sir - you have four!"

KENYAN High Court judge, the Hon. Justice F.A. Aluoch, has helped raise Shs. 16,000/= during a Parents Day gathering at the St. Johns Girls Secondary School, Kaloleni. Justice Aluoch also donated a colour television set to the school.

MRS JASPAL KALSI HAS BEEN re-elected as chairlady of Mombasa Women's Association for the fifth year, at the annual elections. Other officials elected to office include Mrs. Kaushlya Maghani as vice-chairlady, Mrs. Ravinder Lall as secretary, and Mrs. Shirin Sheth as treasurer.

APPOINTED by African Tours and Hotels as Senior Sous Chef at Mombasa Beach Hotel, with special responsibility for Maxim's Cellar, is Nelson Ayugi from South Nyanza.

INDIAN guitarist Umed Popat has been performing to appreciative audiences this week at the Lohana Hall and Navrat Hall during 'Navratni' - a Hindu festival of 'Raas Garba'.

CONFIDENTIAL

Saving Lives At Nyali ...

NYALI BEACH Hotel was commended for being the only hotel on Kenya's north coast to have sent a participant along to the Swimming Teachers' Life Saving Course.

James Wanini, swimming pool attendant, passed in Basic Rescue Skills and Water Safety, and was among thirteen participants to receive a certificate and badge, also congratulations, from Edward Rodwell, doyen of the Kenya press, who was guest of honour at a presentation ceremony held at Nyali Beach Hotel.

Other participants were from the Kenya Navy (3) and teachers from the Coast Academy (3), Loreto Convent (2); Coast Girls High School (1), Mombasa Academy (2) and one from a football club.

The course was organised by the Royal Life Saving Society of Kenya and conducted by Miss Jan Moody, its Kenya representative. It took place at the Mombasa Academy.

She also conducted, this time at the invitation of Nyali Beach Hotel, another course for Swimming Pool Attendants, training them in basic resuscitation, water safety and basic rescue skills.

A Bronze Medallion course

SWIMMING POOL attendant Rojard Malelu is seen being presented with the 'Caledonian Society Cup' by Edward Rodwell during a ceremony at Nyali Beach Hotel. Looking on are R.L.S.S. Coast representative Mrs Anne Freeman, hotel personnel and training manager Solomon Alusa, and hotel general manager Abdul Ali.

was also conducted by Miss Moody at the Mombasa Academy which included life-saving. Of the eight participants, six completed the course.

They were Maria Robey, Amanda Hutton and Callum Looman from Coast Academy; Shayef Khamis and Hassan Hamut from the Coast Swimming Club and William Nuttycombe from Mombasa Academy.

Mr Rodwell also presented the Caledonian Society Cup to Rojard Malelu, a swimming pool attendant at Nyali Beach Hotel for his quick action in saving a small girl from drowning.

This cup was given to the RLSS of Kenya to present to 'any known life saver'.

The RLSS Flooting Cup was presented to Faud Baysul from Mombasa Academy who saved

a woman from drowning in a private pool.

The Royal Life Saving Society founded in the UK in 1891, came to Nairobi a few years ago, its coast representative being Mrs. Anne Freeman of the Mombasa Academy.

The aim of the society is to train people to save lives.

Mrs Freeman thanked Nyali Beach Hotel for making its facilities available for this life-saving get-together of participants and teachers who included a representative from the Provincial Education Office.

ANCHORING THE PAST AT THE FORT JESUS MUSEUM

FORT JESUS had a big day last Wednesday. They became the proud owners of a massive anchor, a gift from the big local civil engineering firm Civicon.

The huge anchor was one of those which held the pontoons of the Old Nyali Bridge.

According to Mr. Horsey and Mr. Sput Managing Directors of Civicon the anchor weighs well over three tons.

Two huge flukes struck down into the mud to hold the pontoon steady in the tidal old harbour.

The anchor was brought to the Fort from Changamwe by

Civicon, and another local firm, Kenya Road Transport provided a huge mobile crane which lifted the anchor off the flat bed and gently set it on its plinth in the car park of the Fort.

The Head of Coastal Archaeology for the National Museums of Kenya, Dr. Richard Wilding explained that this was a step forward in the development of Industrial Archaeology at Fort Jesus as part of the determination of the Museum to introduce the industrial and technological history of Mombasa to the school children and the public.

LIONS CLUB HOST RURAL 'EYE CLINIC'

LIONS Club of Mombasa Central is holding its second Rural Free Eye Camp at Kilifi for the benefit of the needy at the Coast. Last year the club had conducted a similar Camp at Malindi where 22 cataract operations were performed.

This year the club will carry out the Camp at Kilifi District Hospital from October 26, to November 2, 1985. Patients will be examined in the morning of October 26 from 8.00 a.m. to 12.00 noon.

Thereafter, cataract operations will be carried out by Eye Surgeons. All the operated patients will be provided with food and bedding for seven days.

After the completion of the Camp all the operated patients will be provided with free spectacles. This year's Camp has been sponsored by the kind generosity of the R. H. Paroo Charitable Trust.

This year the Club expects to perform about 30 cataract operations and screen more than 500 patient at Kilifi.

'Bobby' Duo Back

THE BOBBY duo, Rishi Kapoor and Dimple Kapadia, are back again in the much awaited Saagar. Older and more mature, the couple want to draw crowds the same way they did many years ago when Bobby hit the screen and stayed there for days on end.

More often than not, cinemas suffer because of a film is brought on video much earlier than it comes on the screen and thus it is not such a show-puller for them.

However, this time things have been perfect because the film was out on video and in the cinemas at the same time.

Thus, I foresee long queues at the Kenya cinema from this Sunday. For this is one movie that has to be seen on a large screen and not a home television.

preview with
ANJUM ASODIA

Dimple, the daughter of a sea-side cafe owner, falls in love with Rishi, the grand son and only heir of a "hitlerian" type millionaire.

The love triangle is completed by Kamal Hassan, Dimple's childhood companion who also loves her but is too timid to express his love for her.

The lush countryside of Goa with its picturesque beaches and rocky terrain brings one very close to the wonders and peacefulness of nature.

Grace Jones And 'Body Beautiful'

WEST GERMANY's Mr. Body Beautiful, Arnold Schwarzenegger, and lethal Grace Jones who made life hard for 007 in A View To A Kill (yet to appear in Mombasa), combine forces in Conan The Destroyer to save the world from eternal darkness in a far-distant past, currently running at Lotus Cinema.

The frantic hunt is on for the supreme instrument of life and death, the mystic Horn of Dagoth, which lies somewhere deep inside the mysterious

PREVIEW by GRAY PHOMBEAH

Phanton City in the fiery temple of Jade.

It comes to pass that there is only one man who has the power to recover it.

And, not surprisingly, that man is Conan (Arnold Schwarzenegger), who many will hardly fail to admire his magnificent physique.

This is his greatest challenge, because if this man with muscles of steel fails in his mission, the world will be plunged into eternal darkness.

The only consolation, perhaps the only one apart from Conan's muscles power, is that the lethal Grace is doing battle with him to overcome all opposition in the blazing trail to the fiery temple of Jade.

Standing in their way, too, is a princess who has a vested interest in Conan's quest.

At Kenya Cinema a 2 Minutes Warning is on and one has to be there this evening to find out what it's all about.

NOW SHOWING

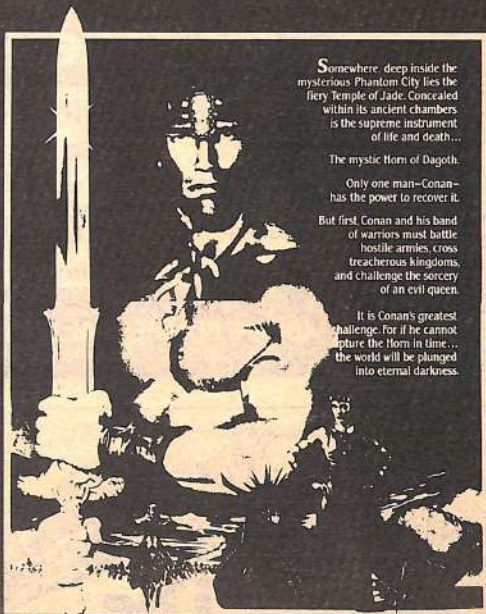

at

Lotus Cinema
Mombasa

(LEADING NAME IN ENTERTAINMENT)

THE MOST POWERFUL LEGEND OF ALL IS BACK IN A NEW ADVENTURE.

Somewhere deep inside the mysterious Phanton City lies the fiery Temple of Jade. Concealed within its ancient chambers is the supreme instrument of life and death...

The mystic Horn of Dagoth.

Only one man—Conan—has the power to recover it.

But first Conan and his band of warriors must battle hostile armies, cross treacherous kingdoms, and challenge the sorcery of an evil queen.

It is Conan's greatest challenge, for if he cannot capture the Horn in time... the world will be plunged into eternal darkness.

GEMINI STARCAST

LIBRA September 23 — October 23

A pleasant weekend. You will get on better with a friend who has been cool lately a Child will be quick-witted. Sport goes well and is enjoyable, even if you don't win. An evening out will be fun.

SCORPIO October 24 — November 22

You appear nervous, perhaps worried about a coming event. You need a comforting chat with someone wise and experienced. If anyone is sharp-tongued, you will go off them.

SAGITTARIUS November 23 — December 21

If out on your own someone will chat to you or chat you up if you show some interest. Excellent day for making a deal with people, whether you are buying or selling things.

CAPRICORN December 22 — January 20

A restless weekend. You will hate being cooped up with the same old work at the office. A trip somewhere on your own will give you a lovely rest. But the evenings should be sociable. A drink at the mothers web will be good fun.

AQUARIUS January 21 - February 18

Giving someone a treat will give you pleasure as well. Make an early start and get routine tasks quickly out of the way. In a romance your sweetheart is full of desire, but you will need time and attention to get warmed up.

PISCES February 19 — March 20

A relative may feel left out in the cold. Trouble is, if you will never get away! Children need help to start with, then they are fine on their own.

ARIES March 21 — April 20

One of your impulsive days, one which you will enjoy but others will hate. If you are too forward, you'll be pushed away. But you may receive a challenge you cannot resist.

TAURUS April 21 — May 21

Keep quiet about a certain matter. It would be tactless to disclose it. Not an exciting weekend. Other people appear to lead more glamorous lives than you do.

GEMINI May 22 — June 21

An evening out will be happier with one person you love than a crowd of people you like. Your heart longs to glow with happiness. The weekend looks a quiet day.

CANCER June 22 — July 22

A lot of fun this weekend especially if there's a celebration to enjoy. It could be a passionate time if you have a loving partner.

LEO July 23 — August 23

You are keyed in. The lack of opportunity to do what you want makes you restless. Play safe rather than take a big risk. Your partner will have different ideas from you and you may want to go his or her way.

VIRGO August 24 — September 22

You may have difficulty with an Aquarian type this weekend. Otherwise its a good time for fun and amusement, there could be a link with abroad.

USCHI SOMMER

AUSTRIAN CHARTERS — ARRIVE —

ARRIVING at Mombasa's Moi International Airport before dawn on Saturday (October 19) was an Austrian Air Transport charter on its first flight here at the start of Kenya's 1985/6 'high' tourist season.

This DC 9 with twelve first class and 105 'economy' seats will be bringing from Vienna, Austria, each Saturday morning tourists embarking on a Meridian or Touropa (Austria) packaged holidays, and from November 4 there will be a second flight here each Monday throughout the 'high' season.

Both are direct flights Vienna-Mombasa with a refuelling stop at Aswan.

Said Uschi Sommer, Meridian's senior Representatives, Mombasa, 'during the high season we anticipate welcoming here about 150 tourists a week.

Meridian operates here throughout the year and during the 'low' season use ITU/ITS charters from Munich to fly their clients here, while others come on scheduled Lufthansa and Kenya Airways flights.

It is Southern Cross which looks after their ground arrangements.

DATELINE: DAR ES SALAAM NEW STUDY SHOWS PROMISE TO CUT ANIMAL FEED COSTS

AN EXPERT with a Belgium based firm, which undertook a study of the animal feeds industry in the country has said that Tanzania can produce as much as 98 per cent of her animal feed requirements should the right approach be taken. The expert with the firm, the Ancor Corporation, when presenting a feasibility report to the Minister of Agriculture and Livestock Development, Professor, John Machunda, said that the country should utilise the potential to reduce prices of animal products which are by far influenced by feed prices.

The expert, whose corporation undertook the study at no cost, said that Tanzania had a number of problems militating against the animal feeds industry but was confident that the price of animal products could be reduced by upto 50 per cent in the next five years if the correct measures are taken.

He said that the country had all the necessary requirements to make the industry stand on its own feet except for the technical know-how which his corporation was prepared to disseminate. The potential for animal feeds production from land, manpower and other resources was prevalent and the future of the industry in the country was bright, added the expert.

Ancor Corporation corroborated with a local firm Agri-consult and their studies of the industry began in September last year. The major problems cited are that of the availability of raw materials and the logistics of transporting them and the finished products.

The study proposes the formulation of animal feeds on zonal basis taking into account the type of raw materials available and the cost of transporting them from one area to another within the same zone.

ROCK PHOSPHATE FROM ARUSHA

The study has further shown that rock phosphate in Arusha region in northern Tanzania could be used as an ingredient for premixes while soya beans and cassava could be used in the production of animal feeds. The phosphate would however have to be burnt in order to purify it and Belgium corporation has proposed to establish a 10,000 hectare forest in Arusha

Report
From
MUNIR
DAYA

region.

The foreign corporation undertook the study following an invitation by the then ministry of livestock development and subject to local approval are envisaging to undertake joint ventures on animal feeds with the Tanzania animal feed company (TAFCO).

The ministry of agriculture

and livestock development is currently studying the report submitted by the experts.

Meanwhile in another step towards fighting the Larger Grain Borer, Tanzania has submitted to the Southern Africa Development Coordination Conference (SADCC) a project seeking further assistance to eradicate the pest.

The project is worth about 17 million shillings and is separate from the on-going project on the eradication of the pest which is being funded by a number of foreign countries.

The new project involves the importation of chemicals, training of extension workers and the preparation of posters to educate the peasants on the dangers of the pest.

This project along with others by SADCC member countries are to be presented to donors for funding at a ministerial conference to be organised in January next year.

'THE MERCHANT OF VENICE ...'

IS TRADITIONAL theatre to make a revival in Mombasa?

It was only very recently that Jennifer Walters wrote in this Journal of the difficulties encountered in finding people nowadays who are interested in participating in live theatre, and she compared it with the 'old days' at the Little Theatre Club when it was not uncommon to find eight or nine plays in a year of varied genre.

Today, she said, one had to chase about for actors and actresses to be able to stage a play, even after a long interval of empty boards.

Her theory that the coast now offers such an alternative basket of leisure pursuits that the theatre has perhaps lost its appeal was interesting.

This writer hopes that such is not the case.

A Nairobi Critic, Nigel Slade, talks in the Standard this week of the pleasing revival of Nakuru theatre.

It was interesting that he tried to seek out the moving force for the revival, and he seems to suspect that it could be pinned onto one person's enthusiasm.

Such a movement could well herald a return to the enjoyment in Kenya, of a more regular and varied theatre menu.

Appearing shortly in Mombasa, as if in support to this kind of thinking, will be Frank Bentley's production at Mombasa Academy Nyali of the classic 'Merchant of Venice'.

This production will be an interesting first milestone for the newly formed 'Mombasa Academy players'.

They will be housed in their recently completed hall-theatre on Greenwood Drive. This theatre is a new idea for Mombasa.

Nairobi academy

The traditional theatre stage is replaced by a triple stage. Scenes end, and new ones begin, with just a slight movement of the head to the next stage - and then to the next.

A Nairobi critic recently described Nairobi Academy's triple stage as probably the only one in Africa. So Mombasa may have the second!

Housed in the orchestra pit for this production will be

ELIZABETH WILDING

DERECK JONES

Philippe Zimmerim and his ever popular musicians. Playing the always interesting - if not always popular - Shylock in this production will be Dereck Jones.

A Tutor in computer studies at the Academy, as well as being the newly appointed Head of the Prep. Department there, Mr. Jones has a wealth of stage experience, and his Shylock will be a talking point for those who see the play in November.

Moving laterally, but again in a commanding role, will be Kevin Hynes, fresh from his success in Jennifer Walters' *Laughter in the House* at the Little Theatre Club.

News from rehearsals suggests that Elizabeth Wilding as Portia will be sought after in Mombasa theatre circles - if that revival takes place.

Patrick Obath will offer an interesting Morocco - a sutor for Portia's hand.

Dates for this production are 19th - 23rd November. Tickets will be on sale at most Mombasa Supermarkets.

When you can buy theatre with your groceries, the revival is already with us!

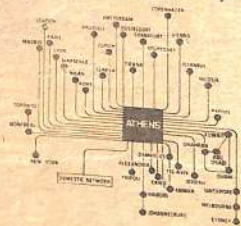

A FREE HOLIDAY IN BEAUTIFUL GREECE. AND THEN THE WORLD

Fly Olympic on your next trip overseas, and you'll be eligible for a Free 3-day all expenses paid holiday in beautiful Greece by courtesy of the Greek National Tourist Organisation.

Free meals. Hotel. Tours, including a day's cruise of the islands. And all your transfer fees are free, too.

And after Greece? The world. Olympic can fly you to 40 of the world's major destinations. With the minimum of fuss. And the maximum of famous Greek hospitality.

Call our Nairobi office on 338026 or your travel agent before you make your next trip overseas. We'll offer you the world. And a Free Greek holiday on the way.

'STRANGE AND IMPROPER'

IN RESPONSE to my resources on the repair of the Old Kilindini Road, the Municipal Council's employees came to mend the road. However, they merely throw in some soil into the potholes. I had also to remind them of some potholes they left out. When asked why they were only filling the potholes with soil, I was told that this was only temporary and tarmacking would be done the day after.

It has been a number of days since they last filled the potholes with soil. The rains came and the soil was soon washed away. It is disappointing to note that all their efforts went in vain and the road is still in a bad state. This is a strange, improper and only wasteful practice. I request the authority concerned to immediately look into this matter.

Karim A. Karimjee, MOMBASA.

'SUSPICIOUS CHARACTERS'

FOR several years Mombasa has been the most peaceful and safest town in the republic and even now it retains the same prestige only that it is declining rapidly due to an influx of 'imported' thugs from other parts of our country and neighbouring states.

However, I believe with Co-operation from every resident we can root out these thugs amongst us.

I have observed that the 'Old Town residents' have been able to root out thuggery in their area and are living in Peace this is due to their Vigilance and I commend them for that.

Now why can't people in other parts of the town mobilise

and fight thuggery in their area?

It is my belief that if all of us can be alert and report all suspicious characters to the authorities concerned we can be able to keep our town peaceful and safe for us and our visitors.

Mwatsuma Wa John, MOMBASA.

NEW COIN IS AN EXCELLENT IDEA

THE NEW KShs. 5/- coin launched by His Excellency President Daniel Arap Moi was a very good idea. Since the KShs. 10/- notes do not last longer because of its frequent use, the coins will be better.

Since the value of our money is becoming smaller day by day, because of the inflation in prices of goods, I suggest that KShs. 500/- and KShs. 1000/- notes be introduced.

This will specially help businessmen to reduce counting a lot of money and the KShs. 100/- will be used less frequently thus they will also last longer.

M. A. Khatau, MOMBASA.

Please Assist New KANU Office Fund

I AM pleased to inform Coastweek readers that His Excellency the President Hon. Daniel T. Arap Moi - who is also the Commander-in-Chief of the Armed Forces - when he last visited Mombasa District Coast Province in August, 1985 has generously donated land on Plot No. 8 Section XV Mombasa Island for a 99 years lease, effective from 1st September, 1985 for the construction of KANU Offices.

Accordingly it has been decided to conduct a Funds Drive for the purpose of constructing the proposed multi-purpose KANU centre.

Plans have already been drawn and the first phase is estimated to cost 1.5m Shillings.

The purpose of this letter is to bring the above information to your readers' kind attention with an appeal for generous contribution to enable us realise the project.

Any individual or a group, donating 10,000/- KShs. or more, will have his or their names written on the buildings; they will also be issued with a special 'Merit Certificate' by the Branch.

I am aware that in the past readers have responded positively to all our appeals. It is therefore, in the same spirit of sacrifice that I appeal for contributions in realising the proposed project.

Crossed cheques should be drawn in the name of: KANU Office Building Fund, P.O. Box 83234, Mombasa.

All donations received will be acknowledged with appreciation and will be used for the purpose they were intended.

Cheques payable for the above project may be forwarded to the undersigned to reach him on or before Thursday, 31st October, 1985.

Let us all donate generously in the spirit of Harambee and Nyayo! KANU JUU.

E. M. Gualant Project Co-ordinator District Commissioner, MOMBASA.

Our Heritage of Faith...

SO MANY times I have heard the question, "Is God the God of Israel or is the God of all?"

Everytime I hear this question, it reminds me of the story of a wood carver.

Okla was known throughout the land, as one of the best wood carvers. His finished products were so real looking that they seemed to be alive.

One day, Okla received a message that there was to be showing of all the best works of art in the land. He was invited to bring his best work.

As Okla looked at each of his creations, he was excited to be able to show his work. He couldn't select one that he liked best. Each one was made differently and he liked them all equally.

Finally, the day of the show arrived. As the people walked slowly around, looking at each exhibit they were very surprised when they came to Okla's exhibit.

There was only a sign there which read, "I'm sorry to inconvenience you. I have been asked

TOGETHER we are today. Tomorrow we will depart. But the sweetest memories of friendship, Will always be in my heart. Our paths in life must now divide; Our separate ways we must go. A new road you and I must travel. But I want you to know, I wish you all the best, In the years that are to be, And thank you for the happiness You have given to me.

We have been the best of friends and spent many lovely times together.

Now we both have to make a break. However, let us not be too sad. We have got this happy memory that will always remain.

And someday in the future we will... perhaps meet again. Manesha-Judy Bockle, MOMBASA

to bring one work which I liked the best and I cannot, I find I love them all the same."

Is God a God for one group of people or for one person? Romans 3:29-30 answers this question for us by saying, "Is God the God of the Jews only? Is He not the God of the gentiles too?"

"Yes, of the Gentiles too, since there is only one God, who will justify the circumcised by faith, and the uncircumcised through that same faith."

God is the God of all. God loves each one of us no matter what we are or where we came from or even what we look like.

God loves us. Isn't it great to know that the most powerful force EVEN LOVES YOU... just the way you are.

Just think; there are no rules to follow or rituals to do to get God to love you because He already does.

One can create and be called an artist, but to love all that has been created takes GOD.

Terry L. Ridenour

JAYCEES 'FOOT SAFARI' TO MARK 'WORLD PEACE DAY'

JAYCEE MOMBASA are a Leadership Training Organisation, we develop Leadership quality to young people to be a better Leader and citizen of tomorrow. As United Nations has designated 24th October 1985 as World Peace Day. To commemorate this day, we Jaycees are organising a Foot Safari on 27th October 1985 (Sunday). The Theme of this foot Safari is Walk of Peace.

For Peace to prevail we encourage a fellowship among young people from all works of Life, which will bring better understanding and tolerance to others. To make this walk enjoyable, we will have it as a Treasure Hunt by foot, where each section will be timed. We will start and finish the walk at Treasury Square.

We request Coastweek readers support in this event, by entering as many teams as possible of young people of your School/Club/Community. Entry Fees are as follows: Team Entry - Shs. 180/- (Five Pairs). Individual Entry 40/- (1 Pair); and School Entry Individual Shs. 20/- (A pair not under 18 years). We shall give prizes to Overall Winner - 1st Prize, 1st Runner-up, 2nd Runner-up, Team prize and a special prize for the best Ladies entry.

Closing date for this entry is Friday October 25, 1985. Late entries will be accepted at the organisers discretion up to Sunday October 27, 1985 at 8.00 a.m.

Kirit Shah, Project Director, JAYCEE, MOMBASA.

'Congratulations To Councillor Oshaan'

I APPLAUD the letter published in Coastweek (13/9/85) - responding to public pleas for better parking lots and repairs of roads pot-holes, in Machakos Street residential area, by Councillor Abeid Oshaan (Mwembe Tayari Ward) and Deputy Chairman, Town Planning and Works Committee, Mombasa.

Councillor Oshaan responded to the plea and assured the residents of Machakos Street of his pleasure in discussing the problem with the Council Committee at large.

Mahmoud Abu Ricky, Dubai, United Arab Emirates.

Harambee Ya Msikiti Wa Shakombo Kufanyika Mnamo Novemba 10

na Abdulrahman Sherif

HARAMBEE kubwa ya kuchangia ujenzi wa Msikiti wa Kisasa utakooharimu kiasi cha Shilingi Milioni Nane Unusu (8 500 000/-) itafanyika katika sehemu ya Mtongwe Vijiwani iliyoko katika Mombasa Kusini mnamo Novemba 10, mwaka huu.

Mwanzilishi wa mpango wa majenzi ya Msikiti huo unaojulikana kama "Shakombo Masjid", Bw. Khamis Ramadhan Mwadzungo alilifamba Coastweek kuwa mkutano huo wa Harambee utafanyika kwenye sehemu hiyo wa Msikiti ambao umeshaanza kujengwa.

Majenzi ya msikiti huo yalianza toka mwaka 1981 na

Bw. Mwadzungo akawa na matumaini kwamba Waislamu watajitokeza kwa wingi na kuchangia mpango huo ili upate kukamilishwa. Katika Msikiti huo, pia kutakua na Madrassa ya kufundishia watoto Qur'ani na Masomo ya Dini ya Kiislamu.

Bw. Mwadzungo alimpongeza Mkuu wa Mkoa wa Pwani Bw. Yusuf Mohammed Haji kwa kukubali kwake kuhudhuria kwenye Harambee hiyo. Alisema Mgeni wa Heshima Ardhi na Waziri Mdogo wa Ardhini na Makao, Sherif Nassir aliye pia Mwenyekiti wa Kanu wilayani Mombasa.

Mwanzilishi huyo alitoa ombi kwa Waislamu na wananchi wote kujitolea kwa moyo mkunjufu kuchangia Msikiti huo kwani alisema, "Wanaopenda kheri basi hii ni njia mojawapo

ya kujipatia fhawabu. Kila la kheri liwatikie wote watakuo saidia mpango huo wa majenzi wa nyumba ya Mwenye-Ezi-Mungu".

Akitoa historia fupi ya msikiti huo, Bw. Mwadzungo alisema kuwa ulijengwa miaka 39 iliyopita ukijulikana kama Msikiti wa Almarhum Shakombo Bin Mwarinda. "Tumefikiria kujienga upya na wa kisasa kutokana na kuona majenzi yake ya hapo awali yalianza kuharibika", akaongeza kueleza.

Alimaliza maelezo yake kwa kusema kuwa kuanza kwa majenzi ya msikiti huo sio kumilikiwa kwake lakini kutakamilika pekee ikiwa wananchi wata-saidia na kujitolea kwa moyo wa NYAYO wa Upendo, Amani na Umoja wa wananchi wa

tabaka zote.

Mbali na mwaliko kwa Bw. Nassir na Mkuu wa Mkoa, Bw. Haji, watayarishi wa Harambee hiyo pia wamewaika viongozi mbali mbali kuhudhuria na kujumuika na wananchi siku hiyo ya Novemba 10, kuchangia pesa za kukamilisha jengo hilo la Msikiti wa Shakombo.

Kijana Khalid Asifika Kwa Utayarishi Na Utengenezaji Wa 'Maziwa Lala'

na Abdulrahman Sherif

UNAPOTEMBELEA popote mji ni Lamu, ukianzia Mkomani, Uki-pitia Mtamwini, Riyadha, Langoni na hata Shell ukiliza jina la "Yoghurt Inn" hakuna atakayekosa kukufahamisha kwani ni hoteli iliyo maarufu sana yenye makao yake huko Mkomani.

Maana hasa ya neno "Yoghurt" ni Maziwa Lala ama Maziwa ya Kuganda. Basi umaarufu wake huo umetokana na hoteli hiyo kuuza maziwa lala yenye

ladha tamu na inayowapendeza wenye kunywa. Hiyo ni hoteli mpya yenye umri usiozidi miaka miwili.

Hoteli hiyo inamilikiwa na kijana mwingine ambaye amejitolea mhanga kuona habaki nyuma katika kazi ya kuendesha biashara hiyo. Kijana huyo ni Khalid Ahmed Ali, mwenye umri wa miaka 25, umri ambao hutokubali kama anaeweza kuendesha kazi yema.

Lakini kijana Khalid Ahmed Ali amewadhihirisha watu kwamba anaeweza kuonyesha

mfano kwa vijana wenzake. Mbali na hayo Maziwa Lala, hoteli hiyo inauza vyakula kadha maarufu wikiwemo vile vya aina ambazo wageni kutoka kila pembe ya dunia huvitumia.

Kijana Khalid husimamia mwenyewe mapishi ya vyakula kutoka Ujerumani (German), Italia (Italy), Amerika (U.S.A.), Ufaransa (France), Switzerland na uingereza. Siku ya Jumatatu hoteli hiyo hufungwa kwa ajili ya kuwapa nafasi wafanyakazi mapumziko na pia waweze kufanya lbadza zao; kama ilivyo desturi ya watu wa mji huo.

1982 ambapo Khalid alishikilia usukani hadi mwaka jana alipoamua kulibadilisha jina na kuita "Yoghurt Inn" kwa ajili ya umaarufu wa Maziwa Lala yanayotengenezwa hapo. Yeye mwenyewe ndiye Mwalimu na wa miji kutengeneza Maziwa Lala hayo.

DINI

Kijana Khalid hakubaki nyuma katika kutimiza lengo la wajibu wa dini yake na akaamua kuoa. Amemuoa Mwanamke wa Kiamerika ambaye amesilimu na kwa wakati huo ana mtoto mmoja wa kine. Kijana huyo aliyakula yuzavayo hapo ni pamoja na kamba, Supina vyakula maalum vya aina mbali mbali.

Khalid ameniambia kwamba hatachoka kuvumbua aina nyingine za vyakula ambavyo vitawapendeza wananchi. Hakika Khalid na mwenzake Abdallah Mohammed Said Bathawab (stori ilitokea COASTWEEK 11-17/10/85) wameonyesha mfano ambao unastahili kuigwa na vjia na wenzao kwenye harakati za kujipatia maisha bora.

SERANI

Khalid alianza kusoma katika Shule ya Serani Primary School ya Mombasa na akamaliza masoma ya Msingi mnamo 1974. Baadaye akachukuwa masomo ya "Book-Keeping" na "Accounts" kwa muda wa mwaka mmoja. Miaka miwili baadaye, akarudi Lamu na kutumikia hoteli ya babake iliyokuwa ikijulikana kama Tajaribu.

Hoteli ya Tajaribu ilifanywa marekebesho mnamo mwaka

SIKUKUU YA KENYATTA DEI

WAZIRI Mdogo wa Ardhi na Makao, Bw. Sherif Nassir aliye pia ya Kati anaonekana wakati wa dansi ya kusherehekea Sikukuu ya Kenyatta Dei iliyofanyika katika Hoteli ya Oceanic.

'MAMA MURAMBA DANCE' SHOW IS A BIG HIT AT 'BREAKERS DISCO'

OPENING TO a crowded Breakers Disco Nightclub, Bamburi Beach Hotel on Saturday was scintillating new show by the Mama Muramba Dance Theatre - choreographer and costume-designer being the talented Helen le Clercq who is putting Kenya on the map for her very sophisticated all-African shows depicting contemporary and traditional African dance and music.

Her latest is absolutely sizzling. It is fast and slick and enhanced by some impact-making lighting effects by musician Graham Hay.

It is a mix of 'modern' and 'heavy African' culminating in a most splendourous grande finale.

There is a very beautiful fire dance by girls in glittering gold metal costumes, and a very lively Chuka dance from Embu with the men adorned in spectacular colobus monkey skin head dresses and capes, also sisal skirts, and playing black and white zebra striped drums.

It is a black and white scene which is startling in its effect.

There is also a very emotional dance drama enacted against a modern blues song - 'Surrender' by Diana Ross.

Tony and Scotch brought the house down with their African work song, while also attracting much applause and 'Harusi' a coastal scene with young attractive girls in colourful khangas, carrying water buckets on their heads, dancing to a wedding song.

There is also a very jazzy number called 'Green Pieces' with the gals clad in glittering figure hugging green tart suits and Peter Pan helmets, also some hair-raising limbo by the Bimbo-Limbo Brothers.

Helen le Clercq, who has been described as Kenya's top choreographer and theatre-costume designer, comes from Holland and for many years had her own dance company there with groups performing in theatres, nightclubs and international casinos as well as on TV, all over the world. One group did a six month tour of Brazil.

Originally, Helen was a dress designer, one of her greatest hobbies being dancing. After deciding to become a professional dancer she went to Spain to learn Spanish dancing including the flamenco.

During the two years she was there she formed, and went touring, with her own Spanish

by NETA PEAL

dance group.

Back in Holland, Helen saw for the first time Katherine Durham's famous all-black group of dancers. She was so impressed by their performance that soon Helen had joined and was touring with them.

She has danced with many other black groups, mainly from South America and the Caribbean, before returning to Holland to start her own dance company.

This wealth of experience gained in other countries of the world of traditional and contemporary African dance has been of great help to Helen in establishing the Mama Muramba Dance Theatre.

Helen selected Kenya as her base for she feels that while West African dance and music has had a great deal of exposure overseas during the past thirty years, there has been very little from East Africa.

CARIBBEAN

Helen has also spent some time in Nairobi and while there produced and choreographed the Florida 2000 mid-night show which ended recently after running for nearly two years.

Before going to Nairobi she had become well known at the Coast training and forming her first dance groups to perform at night clubs and hotels.

The Mama Muramba Dance Theatre is a mix of traditional and modern Afro and Caribbean music and dance.

Musicians are under the direction of Katana Kazungu from Malindi, who as a drummer was previously with the Bomos of Kenya for ten years.

At Breakers, Helen's dance theatre has been joined by Saskia, her attractive and talented daughter who was previously leading her dance groups back in Europe.

Their new midnight show at

SASKIA seen during her 'Fire Dance' at BREAKERS DISCO

Breakers can be seen from Wednesday to Sunday each week.

Another 'happening' at Breakers on Saturday (October 26) is a Dandia-Raas dance competition with prizes to be won not only in this competition but also a special one for the 'Best Indian Dress'.

A special menu has been compiled for that evening of tasty Indian snacks.

Those wishing to enter the dance competition, (the minimum age being 16 years) should collect entry forms from Breakers, Bamburi Beach Hotel, Shankar Electronics or Coastweek.

A music-check for competitors takes place at Breakers on October 25 between 8-9.30 p.m.

HARUSI - A colourful coastal dance performed by the 'Mama Muramba Dance Theatre' at the new BREAKERS DISCO Nightclub.

SHINDANO LA PATANISHA USHINDE PREMIUM BONDS NA COWBOY

Patanisha ushinde Premium Bonds za Shs.50/- Shs.100/- na Shs.200/- katika shindano hili kubwa la Cowboy

Katika kila mkebe shesheli wa Cowboy tumechapisha kwa upande wa ndani wa kifuniko nusu ya premium Bonds za Shs. 50/- kwenye mkebe ya gram 500. Shs. 100/- kwenye mkebe ya 1 kg. na Shs. 200/- kwenye mkebe ya 2kg.

Tafuta nusu nyingine kutoka kwa vifuniko vingine vya mkebe shesheli upatanishe. Jibu maswali matatu rahisi yalioko kwenye vifuniko hivyo kwenye karatasi yoyote. Andika jina na anwani yako na utume pamoja na vifuniko uli-vyo patanisha kwa:-

Patanisha ushinde Premium Bonds na Cowboy, P.O. Box 52896, Nairobi.

Ushinde Premium Bonds za Shs. 50 au Shs. 100 au Shs. 200.

Cowboy huongeza ladha tamu shesheli kwa chakula

Fanya haraka shindano linamalizika tarehe 31, January 1986.

TENDER NOTICE

Kenya Posts & Telecommunications Corporation invites quotations for the supply of:

1. GP 178/85 - Rage White No. 1
2. GP 199/85 - Universal Wood Worker and Band Saw
3. GP 203/85 - Bags Mail No. 7.
4. GP 204/85 - Scales Nos. 1, 3, 4 and 6.
5. GP 205/85 - Tape unbleached.
6. GP 209/85 - Paper duplicating No. 1.

Tender documents are available at a non-refundable fee of KShs. 200/- cash per each set of documents as from Wednesday, 23rd October, 1985 to Thursday, 31st October, 1985 from the Secretary, Tender Committee on Pamba Street, off Lusaka Road, Nairobi.

Responses in plain sealed envelope marked on top with relevant tender reference may be posted to:

The Secretary,
Tender Committee,
P.O. Box 30315,
NAIROBI,

or deposited in the Tender Box at KP & TC Headquarters, Kenyatta Avenue, Nairobi, so as to reach not later than 2 p.m. on Friday, 1st November, 1985. Tenders will be opened the same day at 3 p.m. in the Board Room, 7th Floor, Headquarters Building and tenderers are welcome to attend.

The Corporation reserves the right to accept or reject any tender either wholly or in part and does not bind itself to accept the Lowest or any tender or give reasons for rejection of any tender.

E. IMATHIU,
for Managing Director.

The Royal Navy Hydrographic Survey ship H.M.S. Hydra.

Ship Will Survey The Seaboard

THE ROYAL Navy Hydrographic Ship *HMS Hydra* has been assigned a survey of the coastal area off Mombasa to be carried out over the next few months.

Arriving on the October 16, *HMS Hydra* will spend a few days alongside whilst preparing for the survey task and sail early the following week.

It is hoped that *Hydra* will visit Mombasa at least twice during the survey and then berth for a period of ten days over Christmas.

HMS Hydra has a Ships Company of 120 Officers and Men, some of whom are specialists in Hydrographic Surveying.

The Captain, Commander Charles Heron-Watson will return his Ship to England in February next year whereupon *Hydra* will decommission from the Royal Navy after nearly 21 years of active service.

HMS Hydra has visited most parts of the world and in 1982 was employed as a Hospital Ship in the South Atlantic, transferring in total 251 casualties from the Falklands to Montevideo.

With the exception of a five month deployment in the Indian Ocean, *Hydra* has spent most of the last three years surveying off the North West Coast of Scotland in the United Kingdom.

It was during the Indian Ocean Deployment two years ago that *Hydra* last visited Mombasa.

Badly Rusted? Don't throw it away. Save it with

NEUTRA RUST 661

- Makes all rust cover-ups obsolete
- Chemically converts rust into a solid paintable surface in minutes.
- Stops rust once and for all.
- Used by major industry for years.

Industry's answer to rust is now available for you to use on cars, railings, boats, tools, anywhere rust is a problem. Neutra-Rust goes on right over rust with no heavy scraping or sanding necessary. Then it chemically combines with the rust to form a solid surface, something no paint cover can do.

Busy Week For Mombasa Port

KILINDINI HAS been unusually well occupied over the past 10 days or so, in fact on several days all 16 deepwater berths have been occupied with one or two vessels finding themselves having to wait for a day or two. One such vessel was the 3 year old 25,500 tons d. w. *Tarpon Star*, a smart well kept looking bulk carrier, owned by the well known Greek Shipowners Ivanos Brothers. She was at the buoys for 2 days before coming alongside No. 1 berth to discharge her fertiliser and sugar cargo ex the N. W. Continent.

The Nedlloyd chartered Bank Line vessel *Tenchbank* also had a wait of several days at the buoys before berthing at No. 5. One reason for the high occupancy is that the heavy dischargers, and there are still two wheat charters discharging, are occupying some 5 berths for periods well in excess of one week.

I hear the Oil Drilling Rig *Sedreth* which arrived last week from Madagascar and dropped anchor (or is it her legs?) in the channel off the Yacht Club could be in Mombasa for some time while her future is decided so this now gives us two rigs in port facing unknown prospects.

In order to accommodate the rig *Sedreth* the Harbourmaster has at last moved the *Kyriaki* to a new resting place at M.4 buoys where she is at least off the main road. During the mooring of the rig I understand minor contact was made between the two vessels.

A fish transhipment operation has been taking place this week at Mtongwe when several hundred tons of frozen fish was transhipped from the three Korean catcher boats *Ihnsung No. 301*, *Ihnsung No. 302* and *Unikorea* into the refrigerated mother vessel *Kazu Maru*.

The French operated container carrier *CGM Languedoc* on her maiden voyage for the BEACON consortium is due today in Mombasa on her loading call when she is expected to load some 450 TEU containers.

A crude oil discharger at Kipevu which arrived on Monday with 50,000 tons was the Liberian flag *Nile* built in 1981. She was up to recently the Ogden Nile but the New York owning group, specialising in tankers-bulkers, known as the Ogden Corporation has been restructured and the prefix Ogden which has always identified the fleet seems to have been abolished.

The next crude discharger due tomorrow is the 88,000 d. w. ton *World Kudos* flying the Liberian flag and Far East owned.

In connection with the new Russian service to Karachi the first news of which I covered in last week's notes, there is due on Sunday the *Vasily Klochkov*, 11750 tons gross of the Black Sea Shipping Line, to discharge and position 120 empty containers in preparation for the new service. These will be discharged direct at the container terminal on to road transport and moved to depots outside the port area.

Four more cranes, representing the second half of an eight

SHIPPING with JOHN WALTERS

crane order by the Kenya Ports Authority for Mombasa port have now been loaded on board the Dutch heavy lift vessel *Jumbo Challenger* at Avonmouth. The cranes are manufactured by Stothert and Pitt, Bath, U.K., who are one of the world's leading names in crane manufacturing.

It may be recalled that the first shipment of cranes and the first part of the order arrived last year and have been in operation since they were placed in position alongside the deep water general cargo berths at numbers 4 and 5 berths.

We can expect this second shipment I should estimate about mid November.

TECHNICAL TRAINING IN W. GERMANY

PETER KARICHU, a 30 year old technical assistant in D. T. Dobie & Co. (Kenya) Ltd's Nairobi central workshops unit shop, has been selected for a two-month post graduate course in West Germany, sponsored by the German Society for Technical Development and Daimler-Benz.

The first Kenyan ever to be selected for post graduate training with Daimler-Benz, Mr. Karichu is now at the company's training school in Mannheim studying advanced workshop management and the latest technical developments in the German motor industry.

A graduate of the D. T. Dobie Technical Training School, Mr. Karichu was granted a two-year scholarship at the Daimler-Benz training school in 1981, which was sponsored jointly by the company and the West German government.

PETER KARICHU

He was one of 15 overseas students who underwent training in workshop techniques and advanced automobile engineering.

Mr. Karichu's performance during the course was outstanding and the West German government followed his progress with keen interest on his return to Kenya in May 1983.

Mr. Karichu was promoted to technical assistant and has since been working in D. T. Dobie's training school and central workshops where his continuing good performance resulted in his being granted his post graduate course in West Germany.

'National Theatre Express' For Mombasa Visit

Festival itself.

That life of one night stands and constant travel is legendary in the entertainment world for its difficulties.

But the long hours of travel, demanding schedule, and make-shift stages Cantwell and Nause encountered revealed themselves as not such an awful price to pay for the fun of presenting material they enjoyed to audiences that cared.

LACK WELLINGTON

The two performers decided that perhaps they could earn a living doing what they liked best; thus was National Theatre Express born.

Though Jack Wellington Cantwell has appeared on television and in film, he is best known for his extensive stage work in the United States and

JACK CANTWELL, Katherine Ferrand and Allen Nause. The National Theatre Express Company, that will perform 'The World of Mark Twain' at the Little Theatre Club, Mombasa, on Friday, November 1st. -

Canada.

He has performed such varied roles as Henry Higgins in *Pygmalion*; Murray in 'A Thousand Clowns'; verges in *Much ado About Nothing*; and

Jamie Tyrone in *A Long Day's Journey into Night*.

He has also taught voice and acting at the university level.

Allen Nause has also performed throughout the U.S. and Canada.

In addition to his Shakespearean roles as a member of the Oregon Shakespeare Festival he has played among other parts Cooper in *Cat on a Hot Tin Roof*; Jack Hunter in *The Rose Tattoo*.

For his African tour, sponsored by the United States government, National Theatre Express includes Katherine Ferrand, who has a long association with ACT (A Contemporary Theater) in Seattle, and with the Seattle Repertory Theater.

Fox six years she was a leading member of the famous

Tyrone Guthrie Theater in Minneapolis, and she has performed with the Huntington Theater in Boston and the Indiana Repertory Theatre.

Ms. Ferrand's roles have included Maggie in *Cat on a Hot Tin Roof*; Roxanne in *Cyrano de Bergerac*; and Kate in *Taming of the Shrew*.

In 1982 she travelled to Australia as part of an exchange between ACT and the Playbox Theater of Melbourne, where she performed in *Talley's Folly*.

MOMBASA MAYOR

National Theatre Express is performing in Nairobi and Kisumu earlier in the week.

The company will rest for two days in Mombasa before proceeding to the next point on its tour - Dubai.

During that time Ms. Ferrand plans to deliver a letter from the Mayor of Seattle, Mombasa's Sister City, to Mayor Ahmed Mwidani.

- THESPIAN

Kenya Ports Authority TENDER NOTICE

TENDERS are invited for the supply and delivery of the following items to the Kenya Ports Authority:-

Tender No.	Brief item description
PSO/9/85	Printing of annual report - 1983 and annual bulletin of port statistics 1984.
PSO/10/85	Supply of "K" type steel sleepers 80 lbs - for permanent way.
PSO/11/85	Supply of computer stationery.

Tender documents giving full details and specifications may be obtained from the Port Supplies Officer, P.O. Box 95246, Mombasa or may be collected from his office at Kilindini next to the Clock Tower Building on payment of a non-refundable fee of Shs. 300 per set of tender documents payable in cash or by a bankers cheque.

Completed tender documents in plain, wax sealed envelopes marked on top with the appropriate tender number and addressed to:

The Secretary,

EXPANSION AND MODERNISATION OF TELECOMMUNICATIONS SERVICES IN OTHAYA

Kenya Posts and Telecommunications Corporation is pleased to bring into service, a new and modern 1,000 lines, automatic telephone exchange at Othaya on Saturday, 26th October, 1985 at 7.00 a.m.

On introduction of the new automatic exchange, Othaya telephone subscribers will be able to dial their own local and long distance (STD) calls. Exchanges accessible by Subscriber

Trunk Dialling (STD) are shown in the pink pages of the Kenya Telephone Directory.

All Othaya numbers will be changed to Nyeri numbers in the series 52XXX (five digits). The STD Code will be 0171.

In order to allow for a smooth change-over, subscribers are requested to refrain from making calls to and from Othaya between 6.50 a.m. and 7.10 a.m. on Saturday, 26th October, 1985.

KENYA POSTS AND TELECOMMUNICATIONS CORPORATION
 "Keeping you in touch worldwide"

INCENTIVE TOURS managing director Burkhard W. Niemann accompanied the SABA-video safari to Kenya but video being welcomed to Jadini Beach Hotel by deputy general manager Timothy Kagambi and general manager Dieter Kueppers.

A.B.A. DEALERS ON UNIQUE 'VIDEO-SAFARI' IN KENYA

A's ten 'top' sales dealers Germany won not only a ten holiday in Kenya but were equipped with video cameras each make a film of the entry for screening to customers in their showrooms back home.

It will not only help in the promotion of Saba's video safaris and video systems, but also Kenya a lot of exposure in an attractive holiday destination.

Saba is one of the largest and most successful manufacturing companies of TVs, Video, Hi-Fi systems and Video Records in Germany.

Accompanying the group was a video teacher, Gernot Hilberg, general manager of Saba's video school.

It was at Jadini Beach Hotel and Africana Sea Lodge that they stayed and such was high standard of service and cuisine at Saba has already decided to return again next year bringing other incentive groups to Jadini and Africana.

Two hours were devoted each day to learning more about these video cameras and of receiving 'photographic' tips.

There were lots of opportunities for some exciting filming. Locations included the animal kingdoms of Tsavo and Amboseli with overnight stops at Salt Lick and Serena Lodges, and a trip up the creek (Mtwapa) on traditional dhow while being entertained by colourful traddly dancers.

At Kenya Marineland they saw some Maasai dancing, the handicrafts village, as well as the well-stocked aquarium and lake park there.

COLOURFUL FISH

There were also trips in glass-bottomed boats to the coral reef around which a variety of colourful fish abound.

Each night at Africana and Jadini a special dinner was laid on for them, this being zealously

filmed, with close up shots of the huge lobsters being served.

Before returning to Germany their film was edited, with the

by NETA PEAL

scenario and music being added while they were still here.

It was the first prizewinner in the Saba 'Incentive' competition who came to Kenya. Others, who were second and third went to Spain (8) and Greece (30).

Leading the group was Burkhard W. Niemann, Managing Director of VIP Incentive Tours, Saarbrücken, Germany, which specialises in tailoring incentive packages to meet the needs of large companies.

WELCOME DRINK

Interviewed at Jadini Beach Hotel, Mr. Niemann said that Saba had decided to send other incentive groups to Jadini and Africana 'because they know how to help pamper our top sales dealers'.

They have received red-carpet treatment throughout, and on retiring to bed each night found on their pillow some gift - a memento of the place they had visited that day.

There was also a special welcome drink waiting for them whenever they returned to the hotel from either a safari or day trip.

Mr. Niemann will be back in Kenya again in January to draw up itineraries for two other large companies in Germany which have chosen Kenya as the venue for incentive holidays.

He brought several groups to Kenya three years ago then found there was a greater demand for Asia. Said Mr. Niemann 'now Kenya is picking up again'.

He disclosed that annually more than DM 600 million is spent by large German companies on incentive holidays.

African Drummers Welcome Scania 'Incentive Group' To The Taita Hills

AFRICAN DRUMMERS beat out a welcome as the 60-strong SCANIA 'Incentive' group from Germany arrived at the luxurious Diani Reef Hotel on Wednesday where SCANIA flags were flying and a refreshing cool fruit drink in floral decorated coconuts awaited them inside.

Thirty of Scania's best dealers, together with their wives, were enjoying a ten-day holiday of a lifetime. It was hosted by Scania, the largest importer of trucks and buses in Germany which over the past three years has increased its share of the market from three to six per cent.

Scania is an international company with Head Offices in Sweden. Worldwide it is one of the largest manufacturers of trucks and buses, with an assembly plant in Tanzania as well as in many other countries of the world.

Previous incentive groups have been mostly to Europe, including Sweden, and this was the first time for a long-haul destination to have been chosen.

It couldn't have been a wiser choice, for everyone described Kenya as 'fantastic'.

Declared Otto Koenig, one of the dealers 'it is magnificent here', adding 'I do not think there is any country in the world that could beat Kenya as a holiday destination'.

Company the group were Jan von Oelreich, Managing Director of Scania, Germany, and Peter Breitbach, Public Relations Manager.

Said Mr von Oelreich 'it is wonderful here and the country has such a variety of attractions to offer including the most marvellous game parks and beaches'. He described Diani Beach as 'fantastic', adding 'I have never seen such fine white sand anywhere else before'.

The group made full use of the many facilities the hotel has to offer which include windsurfing and tennis. There was also a 'fun' mini-golf competition, while about half the group went deep sea fishing.

There has been red carpet treatment for these VIP dealers and their wives throughout. At Diani Reef where they stayed three nights, all were delighted to find fruit and flowers in their rooms.

Informal business discussions also took either in the swimming pool or in the air conditioned conference centre to plan future targets.

Their farewell party at the coast took place during 'Africa Night' at Kenya Marineland, Mtwapa, with non stop African traditional dancing and a BBQ.

There were shopping sprees for the women and an educational tour of historic Mombasa Island.

SCANIA 'incentive group' visitors are seen at the entrance to Hilton's famous Taita Hills Lodge.

It was Pollman's Tours and Safaris which looked after their ground arrangements throughout.

On arrival in Nairobi, SCANIA presented their best dealers with safari hats, and their wives with colourful khangas.

There was traditional Maasai welcome for them on their arrival at the Hilton Hotel, and at Kilimanjaro Buffalo Lodge there were Maasai dancers to entertain during a BBQ.

TAITA HILLS LODGE

At Taita Hills Lodge they were greeted by local traditional dancers.

Said Mr von Oelreich, 'the safari was excellent and the Pollman's driver-guides superb'. They described Amboseli as being 'full of game', and had counted fifteen lion, five rhino, dozens of elephants, one cheetah as well as lots of smaller animals.

After reading so many stories in the German press about poaching activities they did not expect to see so much wildlife

still around.

Again at Taita they were lucky to see a great variety of animals in their natural habitat.

Arranging their Kenya safari was Gerald R Heyduck, Chief

Executive of Tour Services, Germany. He said that over the past eleven years there had been an increasing interest in incentive holidays, while the market for Kenya was growing.

POLLMANS mini-buses ferry the SCANIA incentive tourists.

CASHEWNUTS in this country would have made little, if any, impact both locally and on the international scene were it not for the existence of Kenya Cashewnuts Limited.

The Kenya cashewnuts factory is located about 60km North of Mombasa, 3km from the Kilifi ferry on the main Mombasa/Malindi road.

The company was incorporated in 1974 and is fully owned by government corporations and the Kilifi District Co-operative Union together with Kwaie Farmers Co-operative Society who have 35 percent of the shareholding.

The other share holders are National Cereals and Produce Board (NCPB) 31.46 percent, Industrial Commercial and Development Corporation (ICDC) 24.2 percent and Industrial Development Bank (IDB) 9.2 percent.

Before setting up of the present factory, cashewnut processing was in the hands of Kenya Cashews, a company owned by the Maize and Produce Board the forerunner of the National Cereals and Produce Board.

This spacious and ultra modern Kenya Cashewnuts factory is an investment of Kshs. 40,219,960 with a total factory space covering over 22,000 square metres.

The factory is located on 350 acres of land most of which is devoted to agricultural research as well as demonstration farm on cashewnut production.

The processing procedure is based on Italy's Oltremare S.P.A. technology, the world's leading cashewnut mechanical processors.

The factory has a capacity of 15,000 tonnes annually operating at a throughput of 60 tonnes per day. The operations are labour intensive employing on average 1,800 people supplemented usually by not less than 500 casuals. In terms of employment the factory has indeed made an impact being the largest single employer in Kilifi district.

All raw material is produced mainly by small scale farmers from the Coast Province, supply is by the farmers Co-operative

KENYA CASHEWNUTS LOOKING TO AMBITIOUS DEVELOPMENT

Societies through the National Cereals and Produce Board.

Cashewnut is grown at the Coast concentrated mainly in a 30km wide band between the Indian ocean and a line running parallel to it where climate is suitable for good yields.

Cultivation has expanded over the years especially during the period from 1960 to 1970 with an increase in acreage from 6,000ha to 33,000ha.

PLANTATION PESTS

However in recent years production has averaged 5,000 tonnes just enough to satisfy the capacity of the plant, this has been a slight decline from the early/mid seventies levels of about 18,200 tonnes annually. Several factors have contributed to this decline including severe attacks by pests and diseases as well as aging of the plantations.

Presently the area under cultivation has been estimated to be about 50,000ha.

Kilifi district where the factory is located happens to be the most important producing area accounting for about 66 percent of the total production, this is basically in Malindi sub-district and Bahari division.

Kwaie is the second largest cashew growing area and supplies about 30 percent of the total nuts, main producing areas are Southern and Kubo Divisions.

PRIMARY PRODUCER

Lamu District provides about 3 percent of total production with Faza Island being the main district, nuts from Lamu area are of very high quality.

The factory relies entirely on small scale producers for its raw materials since it does not have plantations of its own.

However Kenya Cashewnuts Limited is concerned and takes keen interest in the primary

production by co-operating and working hand in hand with the Ministry of Agriculture and Livestock Development together with other bodies concerned in the cashewnut industry. In a bid to improve production Kenya Cashewnuts Ltd. took active part in two recent studies aimed at finding the potential of cashewnut growing and ways of improving it in the coast province.

These studies were carried out by an Italian team through the Ministry of Agriculture and Livestock Development.

The Management has also set up a cashewnut nursery in conjunction with the Ministry through the Kilifi DDC. This nursery is supplying good quality seedlings to farmers freely, with the intention of ensuring farmers relied on such sources of good planting materials to improve their production.

With the new development approach of District Focus, Kenya Cashewnuts Limited takes active part in all the DDC's where cashewnut is grown with

ABOVE: the modern factory complex at Kilifi of the Kenya Cashew Nut plant. INSET: Work on the factory floor. PHOTOS - NATIONAL STUDIO.

the main concern being the production of this crop.

In addition the company is opening its 350 acres farm for research as well as demonstration of good cashewnut production.

The product of Kenya Cashewnuts goes into the market under the brand name "KENNUTS" a name now associated with

quality all over the world.

Following consistent quality production Kenya Cashewnuts Ltd. has in the last few years won several international awards such as The International Trophy for export awarded in Geneva, the International Food Award given in Barcelona and The Traditional and Prestige Trophy all won in 1984. These are in

no way mean achievements.

The demand for Kenyan cashewnuts is immense and therefore the factory does not face any problems in marketing its products except the fluctuations in prices in the world market.

Marketing is done through appointed agents; Mitchell Back for U.S.A. and Canada, cashew Trading Company catering for Japan and Far East, others are Kil Imper for Europe and Kar Musfeld for Germany with locally based agent Grain Mills catering for the Middle East market.

Over 60 percent of the production is exported earning the country foreign exchange, the remaining 10 percent is sold locally either Ex-factory or at the Mombasa offices which among other functions deals with shipping as well as clearing and forwarding.

The plant does not experience any problems in its operations except in circumstances of poor production due to bad climatic conditions in some years.

Water supply used to be a problem but after being connected to the Sabaki pipeline the problem is no more.

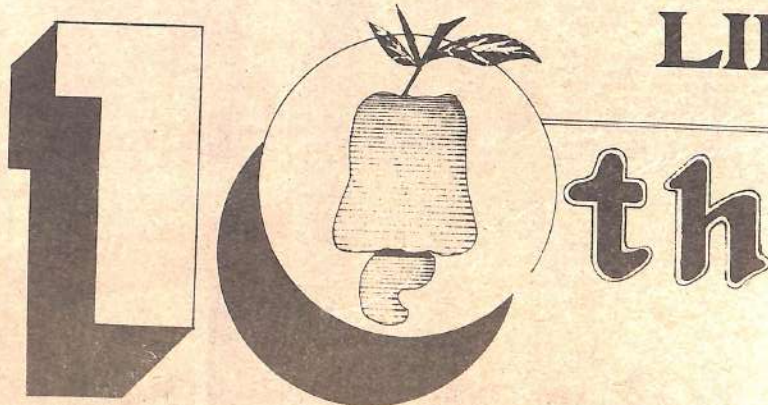

In ensuring that production is not hampered by break down of machines a weekly routine maintenance is followed in addition to a one month intensive major maintenance carried out in December for each year.

Kenya Cashewnuts Limited is looking into future expansion programmes, already a feasibility study is being undertaken on the frying and salting of cashew kernels for the local market.

Another project in the offing is the utilization of cashewnut shells as a source of energy, also the idea of utilizing cashewnut apples for making either alcoholic or non alcoholic drinks is being looked into.

Given the strides this firm has made in the past ten years and what it is doing at the moment, there is no doubt that it will continue playing a vital role not only domestically but throughout the entire world.

KENYA CASHEWNUTS LIMITED

anniversary

**MINISTER SENDS HIS CONGRATULATIONS
AN IMPORTANT
CONTRIBUTION**

On the occasion marking the 10th anniversary of Kenya Cashewnuts Limited, I wish to commend the role played by Agro-based Industries of this nature in processing Agricultural products for export as well as for the local market.

Before the establishment of Kenya Cashewnuts Ltd. factory at Kilifi in 1975, the bulk of cashewnut production from our farmers was exported raw to other countries where it was processed and re-exported to the consumer countries.

Since the establishment of the factory all the farmers pro-

duction has been processed locally and exported as cashew kernels a more valuable product than raw cashewnuts.

Setting the factory in a rural area at Kilifi was in line with the Government policy of developing these areas by opening up industries which can offer jobs and guarantee a ready market for the farmers produce.

The contribution of this major crop at the Coast is immense in terms of direct earnings by the farmers as well as employment offered by the factory.

Other amenities that go with industries such as Health, Schools and Welfare activities etc. which are required for development will come about faster in the rural areas by setting up industries of this nature.

There is a big potential for increasing production to support more than one factory; it should be taken as a challenge by all those concerned including Kenya Cashewnuts Ltd. and the Ministry through the DDC's to look into ways of increasing production so that more factories could be established to provide more jobs and earn foreign exchange to the country.

W. O. Omamo, E. G. H., M.P.
The Minister for Agriculture & Livestock Development

• MINISTER W.O. Omamo

**Ten Years' Of Success
For Cashew Farmers**

It is a pleasure to look back at the successful operations of Kenya Cashewnuts Limited over the last ten years. The company has consistently performed profitably in its first decade save for only two years when losses were registered due to bad climatic conditions that affected the cashewnut crop adversely.

During the last two years profit before taxation was Kshs. 21,751,085 in 1983/84 and Kshs. 3,641,137 in 1984/85.

Kenya Cashewnuts Limited, has continued to contribute positively to our economy in terms of direct earnings to the farmers as well as foreign exchange to the country. To date Kshs. 246,241,414 has

been paid to farmers in terms of rawnut purchases and over the same period the industry earned the country Kshs. 519,756,010 in foreign exchange. Due to its continued good performance the company has managed to repay fully its

• CHAIRMAN Luka Galgalo

external loan amounting to Kshs. 16,520,000 and as such the company has no external liabilities to date.

I would wish to thank the shareholders and fellow directors for their co-operation and support which has made the last 10 years such a success. We look forward to a better future in the cashewnut industry.

Mr. L. D. Galgalo
CHAIRMAN

efficiency and good quality remain the key operating factors ...

IT IS 10 YEARS since Kenya Cashewnuts factory was commissioned and started operations achieving full production at 60 tonnes per day within 18 months.

Since then efficiency and quality production has been our motto and is manifested in the many international awards won, on quality and performance over the years.

The success story of Kenya Cashewnuts Limited over the last decade has been through concerted efforts by the shareholders, Board of Directors, Management and staff during that period.

Special mention goes to the cashewnut farmers who have supplied the required raw materials for the factory operation over the period. It would be difficult to mention

on this space all those who have contributed positively in one way or another to the growth of this company, their contributions are highly appreciated.

I would however wish to pay tribute to the current Chairman Mr. L. D. Galgalo and the Board of Directors for guidance and manner in which they have continued to steer this organisation.

Above all we are indebted to the loyal and dedicated service our factory workers have rendered to the success of the company in the last ten years.

We hope their spirit of selfless service continues in the decades to come for the prosperity of our country.

Mr. J. S. Mumba
The Managing Director

Managing Director J.S. Mumba Dept. Managing Director E.P. Baha DIRECTOR J.P.N. Simba DIRECTOR F.N. Ondiek
DIRECTOR W.K. Kikwai DIRECTOR A. Banda DIRECTOR T.C.J. Ramtu DIRECTOR P.J. Kambi

On first September 1976, President Kenyatta in his speech on the occasion of the official opening of Kenya Cashewnut Factory at Kilifi said:

"A great leap forward in Kenya's Cashewnut Industry has now been made through co-operation between Kenya and Oltremare S. P. A. of Italy. We now have here a spacious and ultramodern factory covering an area of 22,000 square meters and capable of processing annually upto 15,000 tons."

Today, after ten years of continuous activity, the Staff and Board of Directors of

**Oltremare S.P.A. of Bologna Italy
Manufacturers of the Plant
Congratulate the workers, staff
and board of directors of
KENYA CASHEWNUTS LIMITED**

For the successful and outstanding performance during this decade, which represents one of the most positive results achieved in the history of Industrial Cooperation between Kenya and Italy.

THE cashewnut plant, *Anacardium occidentale* is a native of Brazil in the North South America. Cashewnuts are among the oldest cash crops in Kenya.

The cashew tree which appears to flourish even in poorest soils, has an excellent cash crop prospect for the areas where other productive crops cannot grow.

The cashewnut tree was introduced into East Africa by the Portuguese during the 16th century. The English name "Cashew" is derived from the Portuguese name of a similar pronunciation "Caju" which in turn comes from the Tupi Group of South America Indian word "Acaju". Similarly the swahili name "Kanjū" is recognisable variation of the word "Acaju".

For several centuries cashew was merely regarded as a study perennial tree yielding good soft wood and producing a rather delicious juicy apple.

Exploitation of the cashewnut kernel for trade took sometime to develop because the nut has a hard shell in the form of a honeycomb structure which contains a corrosive liquid known

CASHEWNU TREE APPEARS TO THRIVE IN EVEN THE POOREST OF SOIL CONDITIONS

as Cashewnut Shell Liquid.

Cutting the hard shell open resulted in this liquid coming into contact with the kernel thus contaminating it as well as burning the skin and clothes. Over time interest in the nut developed and extraction of the kernel from nuts after burning of the liquid was found to be possible, then many people started eating the delicious nuts and encouraged the growing, processing, roasting and salting and trade in cashewnut.

WORLD PRODUCTION

The present world production of cashew is about 330,000 tons of rawnuts. Kenya is the fifth largest world producer after Brazil, Mozambique, India and Tanzania.

One of the first mentions of the cashew in Kenya come from the swahili dictionary of Dr. Ludwig Krapf, a missionary

who arrived in Mombasa in 1844 and there after established a mission at Rabai.

In Krapf's day the apple was used to make jam and jelly as well as beverages. The tree yielded a gum and the bark was medicinally; the nut apart from being a food when crushed expressed a sweet oil of excellent quality.

The Cashew tree bears fruit after three years, but his first crop yields only 4 kilograms per year. A good average crop for a mature plantation three is around 10 kilograms per year.

The harvest season in Kenya is from October to January with small crops in February and March.

The life of cashew tree is thirty years before production begins to decline. Production figure in Kenya can be given as

follows:-

Years 1934/34 production 122 tonnes, 1944/45 - 253 tonnes, 1954/55 - 1,540 tonnes, 1964/65 - 12,517 tonnes, 1974/75 - 12,309 tons, 1984/85 - 8,460.

CRACKING NUTS

Cashewnut processing in Kilifi started in a very small way in about 1930 with roasting and cracking nuts under a mango tree.

By 1935 and following a visit to India, the late Mr. W. G. Lillywhite introduced a primitive type of drum roaster where shelling, peeling and grading was done by hand and in an open shed until 1950 when the predecessor of the present modern factory was built and an improved type of drum roaster installed and drying oven, built.

During those days the series

platforms of drums heated by open wood fire flames, smoke of the burning husks, men with their faces masked with a cloth to counteract the cardol oil fumes stood feeding cashews into the red hot drums, igniting the nuts when ready, then withdrawing the batch and extinguishing the flames.

On a long platform the nut crackers wielded their clubs, breaking open one nut at a time. Other operatives washed the nuts, fetched wood and stocked the fires.

Mr. Lillywhite brought a great deal of economic stability to an area that needed such boost. He showed small holders how to plant trees and provided the seed.

When the trees began to bear, Lillywhite's vans collected the nuts and they paid for it in cash.

For several reasons, some of which included higher export rate and increased production, the government felt that the time had come for processing the bulk of the crop in this country.

Therefore in 1964 the Government took the business over under the control of the Ministry of Agriculture who placed direction with the Agriculture produce market Board, the forerunner of the present National Cereals & Produce Board.

T. Dobie
snooker
journey'

Mombasa Sports Club will host this year's Nissan Dobie Snooker Championship sponsored by Kenya's leading motor company, D. T. Dobie (MSA) and writes Abdulrahman Silveira, Club Snooker Captain, and Silveira has thanked Bharat Soni of Mombasa Sports Club for considering his to host this year's prestigious event.

Silveira said entries should be sent over to M.S.C. Manager, Mombasa Sports Club, tournament convenor, Bharat Soni (Tel. 495523) or to the club before closing date, November 6, 1985. Entry fee is 60/- per player.

According to Silveira, the tournament will start on November 11 while the draw will take place on November 6, 1985. Entry fee is 60/- per player.

This year, the Nissan Dobie Snooker Championship was won by Zueb Sheikh of Mombasa Sports Club was the runner-up. As not immediately known, the defending champion will not participate in the Nissan Dobie Snooker Championship.

Meanwhile, the Aga Khan Sports Club Month-Three Ball Frame Tournament Winner for the last four months, Alnashir Mansoorali has recently won the silver trophy is expected to participate in the Nissan Dobie Snooker Championship.

The tournament will this month be sponsored by Abeeel who has agreed to donate prizes to the winner, runner-up, semi-finalists, quarter-finalists and the highest break.

The club is intending to start the One Full Frame Snooker tournament from next month.

BRIDGE RESULTS:

LASER CHAMPIONSHIPS

MOMBASA Yacht Club had the pleasure of hosting the Kenya Open Laser Championships over the holiday weekend which included a contingent from Dar-es-salaam.

Seven boats were brought up from Dar, eighteen from up-country sailing clubs including Nairobi, Naivasha and Kisumu, three from Mombasa, and one from the visiting Royal Navy Survey vessel "H.M.S. Hydra", making a total entry of 28 lasers, writes Cruiser.

The racing was held off Mombasa Island, to the south of the main fairway over a triangular Olympic course. The MYC provided the committee boat, Orensay Isle ably skippered by her owner Bob Linton on Saturday, and Curly Macpherson on Sunday, with willing

assistance from MYC members. The Officer of the Day was Mike Charles from Nairobi Sailing Club, assisted by Barry Mitchell.

Racing started at 1.00 p.m. on Saturday in a light breeze and moderate sea, which favoured the lighter crews. At the end of the day's racing the wind had strengthened to Force 3, giving the heavier crews a chance.

TIM DICKINSON

Tim Dickinson, the RN entry, was leading by 1 point from Keith Jenkins (DYC), closely followed by Richard Brookhart, Ian Munro and Graham Jenkinson.

The MYC entertained their visitors to an excellent barbeque

on Saturday evening which saw some of the contestants leaving in the early hours of Sunday morning, which certainly reflected in their performance in the Sunday afternoon racing!

Sunday saw a stronger breeze and a choppy sea, which was obviously to the liking of the "Heavy weights" and the more experienced open sea sailors from Dar.

Three races were held over the same course, during which the Tanzanian sailors proved their worth to take the first 3 places at the end of the series.

Results: 1st Richard Brookhart DYC 9 1/4 points, 2nd Keith Jenkins DYC 11 3/4, 3rd Mike Phillips DYC 12 3/4, 4th Tim Dickinson RN 19 3/4, 5th Ian Munro NSC 23, 6th Steve Broomhead NSC 35, 7th Chris Barnes MYC 38, 8th Graham Jenkinson NYC 39, 9th Brian Rolls NSC 46.

Brian Rolls from Nairobi SC took the Masters Prize, and Sue McRae the Ladies' Prize, despite her Saturday sea sickness and Sunday gear failures.

Steve Main from Dar using the only radial rig in the competition, received the Sportman Prize; Steve is only 12 and weighs a mere 90lb - the optimum weight for a Laser is 140lb!

The Prize giving was held at Tony and Maureen Rowland's house on Sunday evening where expressions of gratitude were made to Tony and the MYC for hosting the event, Penny Davies for organising the catering, and Ron Breneissen for providing the Rescue boat which supplied soft drinks and iron rations to the sailors between races.

It is hoped that we shall be able to continue to enjoy hosting the Kenya Laser Open, and all participate in future events in Dar-es-salaam, Nairobi and Naivasha.

Next weekend is the annual Shanzu Cup race, with a party in the evening at the African Safari Club's Marina.

Tuesday November 5th is, of course, Guy Fawkes Day, to which members of the Friends of Fort Jesus and the Little Theatre Club are invited to join the MYC at the Swimming Pool to enjoy the traditional celebrations, including supper and drinks.

Chloride-Exide Champs

MANCHESTER UNITED, who won the Chloride Exide football cup organised by the Mombasa Sports Club are seen with their trophy Standing (from left) Munir Abbas, Ali Sharks, Abdul Kaka, Seifuddin, Said Manyama, Fauz Sketty, Hashim, Ali Bably and Hakim. Kneeling (from left) Swalah, Abed Balal, Khalil Babu, Fuad Yaba, Fuad Hassan and Abu Yahya.

PHOTO - HATIM A. BANA

Mombasa Sports Club 'Doubles' Tournament

THE annual "Doubles Tournament", sponsored by Miritini Brick and Tile Company, was held over the last two weeks at the Mombasa Sports Club.

A good selection of tennis players of all ages entered and at the end of a competitive but friendly tournament, Carlo Vitulli and Tim Solomon took the men's title, beating Hirji and Maherali by 6-0, 6-4 in the final.

Only 4 couples contested the ladies trophy where Maria Vitulli and J. Tekiette beat Judy Aldrick and Mrs. Reid by 6-4, 6-2 in the final.

In the mens plate, Ogolla and Shah narrowly overcame veterans Aziz and Reid by 7-5.

7-5, the trophies were presented at a cocktail party held at the Sports Club, where the sponsors pledged their continued support for tennis, hoping that even more players will enter next year.

GOLF WITH BALLESTEROS

A BAD WAY TO PRACTISE IS TO GO TO A DRIVING RANGE AND HIT LOTS OF BALLS WITH ONLY ONE CLUB...

THE WAY I PRACTISE IS TO PICK UP 200 BALLS AND HIT MAYBE 20/25 BALLS WITH EACH CLUB, FROM SAND-WEDGE TO DRIVER.

... VARY YOUR SHOTS, TRY AND HIT FROM RIGHT TO LEFT, LEFT TO RIGHT, HIGH AND LOW - THAT WAY YOU WILL ENJOY THE DRIVING-RANGE, AND IMPROVE YOUR SHOT-MAKING.

SPORTS Coastweek

MOMBASA October 25-31, 1985.

WARRIORS TO MEET FEISAL

FOUR COAST representatives in the Kenya National Football League Division Two, *Old Timers Feisal*, Lake Warriors, Kenya Cargo and Kenya Breweries will be involved in playing their league matches at Mombasa Municipal Stadium this weekend.

Lake Warriors, formerly known as Ramogi will clash against Feisal tomorrow while Kenya Cargo meet Kenya Breweries in another local derby on Sunday. Both games kick-off at 4.00 p.m.

Tomorrow's game between Feisal and Warriors could go either way but taking into consideration history of the two teams, Feisal is slightly favoured to beat their rivals. Warriors have always found Feisal a hard side to beat.

Lake Warriors attacking force will be spearheaded by Leakey Osodo who is one of the best mid-fielders at the Coast. On the other hand, Feisal have many talented players like Khalid Dorran, Dan Kalanzi and Khamis Mbarak.

Kenya Cargo who were demoted to Division two last year, starts favourites to collect maximum points. The Brewers will have to play hard if they wish to demoralise their opponent's chances to win and return to top soccer next season.

Both the dockers side and brewers have some chances to finish in respectable spots and no one will allow the other to collect both points. It won't be surprise if the game ends in a draw.

Locally, today at the stadium, Mwenge takes on Wananyuki in the last mini-league match for relegation teams. Mwenge have already failed to do well in this league and might be demoted to second division next year.

On Monday, Nyundo "B" meet Dundee at the stadium and on Wednesday, Dundee will be in action against Black Forest at the same venue. Both will be division two games.

Last Weekend, Wanderers collected another point when they were held to a 2-2 draw by the visiting Maziwa FC in their K.N.F.L. Division One game played at Municipal Stadium. Shabbir Noordin and Ali Jeneby scored for Wanderers while Salim Ahmed and John Mwanag replied for the Milkmen.

by Abdulrahman Sherif

Meanwhile, Limbe Leaf of Vyamani qualified to meet Yanga of Shika Adabu in the final match of the Mayors Cup when they defeated Nacet from Ukunda in the semi-final game held at Shikaadabu Ground last weekend.

Limbe Leaf who meet Yanga on November 3 in the final game, beat Nacet 5-3 on post penalty kicks after the teams deadlocked 0-0 in the original period. The Guest of Honour will be the Mombasa Mayor, Councillor Ahmed S. Mwidani.

COPY CAT WINNER — Coast Gymkhana Open Rummy tournament champion Chuni Shah is seen while receiving his magnificent 'Copy Cat' trophy from Rajoo Patel of 'Copy Cat' Limited. Looking on is club chairman Batuk Sawjani.

CHUNI SHAH WINS 'COPY CAT' RUMMY

CHUNI SHAH of Vinto won the three day Coast Gymkhana Open Rummy Tournament sponsored by Messrs. Copy Cat Limited.

A record entry of 96 took part in the tournament where participants came from as far as from Nairobi, Dar-es-Salaam, Kampala, Tanga and other Kenya towns.

There were smiles all over at the end as Copy Cat gave away nearly 30 beautiful trophies and gifts to some worthy winners.

Chuni Shah who received a permanent trophy, a floating shield and a furniture voucher worth 3,000/- showed a fine gesture by donating the voucher to Coast Gymkhana.

HOW CONWAY RAN THE 'HASH' IN REVERSE!

AN ENJOYABLE and well laid Hash was set on Monday by Yusuf Jiwa and Marlene in the Bamburi Quarry area. "Falsies" were many and long.

Indeed veteran Hasher Conway Plough, determined that he had found the real trail, followed one so far that he found markers that were part of the home stretch and proceeded to run most of the hash in reverse!

For the On-On we decided to try a new bar suggested by Omar but this was speedily rejected when it turned out to be of the non-alcoholic type.

Following the guidance of a helpful passer-by we then ventured further into the heart of Kisauni in search of more appropriate refreshment.

SOLITARY LIGHT
After a seemingly endless trek we were shown to an establishment that must surely set new records in "On-On" history.

The assault on our noses told it was some form of public bar but the absence of lights, or any other of the usual conveniences, such as windows, chairs, or even other customers made us doubt whether this was the place we had walked

so far to find. Undeterred, the weary hashers found a solitary light bulb where they gathered to partake of the now traditional samosas and bhajias accompanied by excellent sandwiches provided, I believe, by a well known hotel.

I do not know what impression our strange appearance and conduct had on the management of the establishment but they quickly appeared from the shadows to carefully polish each of the welcome, and surprisingly cold, bottles of the required refreshment.

Suffering from illusions of grandeur, possibly due to an excess of sun, several Hashers signed up for the Mombasa Marathon run last Saturday.

This is of course, strictly against the rules of the Hash which prohibits all forms of serious sporting activity.

However, having been convinced that the attempt could not possibly be described as serious, the Hash High Council approved the application.

Much beer was consumed at various "On-Ons" to decide on the most appropriate form of marathon training.

BRIEFS

LIKON! Darts Club clinched the Halwenge Kenyatta Day Shield for the first time when they collected a total of 29 points at Lasco Club last weekend.

In a close contested tournament, Regal took second spot with 28 points while Cargo and Navy tied in third place having 27 points each.

Presenting the trophies to the winners, the Coast Provincial Sports Officer, Josiah Orendo commended Kenya Cargo Handling for sponsoring the tournament.

Orendo called upon the Coast Province Darts Association to extend such activities to other districts in the province in future.

Those who witnessed the presentations included the Kenya Cargo Public Relations Officer, Kabuga and his assistant Andy Nyagah. Highest scorer was Joseph Munyao of Bandari who scored 180 points.

KEEN ATHLETES

In the event no less than six Hashers took part in the Marathon which was otherwise patronised by very keen athletes of national and international standard.

Some discussion of tactics led to the conclusion that it could be most damaging to the morale of Kenya's young athletes if any of them finished too close to the rear of the race so this position was resolutely occupied by the Hash party.

One worthy Harrier actually crossed the finishing line within seconds of the time bar thus making absolutely certain that none of the other athletes would have to live with last place.

Well done Eric, for this noble gesture, truly in the spirit of Hashing and one which will, I hope, dispell any unpleasant rumours that the hash has started to go in for competitive running!

Next week's Hash will be set by Tony and Omar. Meet at Bachus at 5.15 p.m.

NYUKIBUNGA WIN OVER KITEJE NYOTA

NYUKIBUNGA recorded a fine 2-0 win over Nyota of Kiteje in the Panga Cup Soccer Competition held at Shikaadabu Football Ground. Half time score was 1-0.

Nyukibunga scored their goals via Mohammed Salim Kumanya and Hamad Said Masai. Nyukibunga will now meet Mt. Kenya of Ng'ombeni in the same tournament on Sunday.

AMANI FOOTBALL CLUB ELECTIONS

AMANI Football Club of Jomvu Kuu will hold its Annual General Meeting tomorrow at 2 p.m., the Club Secretary Teddy Hassan announced yesterday.

Amani FC which was formed in 1983 with only 15 members has now over 40 members. The club intends to take part in the Mombasa Fourth Division League next season.

All members have been asked to attend the meeting. The elections of office bearers for the 1985/86 season will be held during the meeting.

BLACK DRAGONS:

THIS WEEK'S K.F.N.L. Div. two match at Police Ground Mombasa Brookbond went nil against Blackdragon who won two one from Faiz one from Hamad; at the same ground last week's National League Div. 2 Ndovu went away blindly after giving three to Blackdragon FC writes Muhammad Salim M. Jingo.
