Cambridge Offers Free Program To KDEC Staff, Verena Ndunda

A shopper views the superb Kenya photo exhibition situated along the basement ramp, celebrating Kenya over the years.

THE SECOND ANNUAL CHRISTMAS MARKET

This holiday season isn't complete without a trip to City Mall, Nyali, especially this weekend for their annual Christmas Market.

The City Mall Christmas Market kicks off on Friday 20th and goes on to Saturday 21st December from 10.00am - 7.00pm on the ground floor and is guaranteed to get you in the festive mood!

Stroll through the festively decorated walkways of the premier Mall and be treated to floor upon floor of illuminated decorations as you go about your shopping.

The market brings together a unique blend of vendors offering for sale everything from home accessories (cushion covers, place mats, lamps), different edible treats (cupcakes, festive mince pies and cookies), crafts, men and women's accessories plus a host of other goodies.

If you haven't already started your Christmas shopping, this would be the perfect place to do so with the best bargains starting here and spread out in plenty across the malls 70 shops.

You are bound to find the perfect gifts for loved ones at City Mall. While you are at the mall, take the time to visit the superb photo exhibition of Kenya situated along the basement ramp, celebrating Kenya over the years.

You will see pictures of old Mombasa and other towns in Kenya that might shock you, like the discovery that Nakuru had a fantastic race track or the famous Kenyans making a name for themselves and our country around the world.

In 2011 the Vice Principal of Cambridge International College (CIC), David S Lawson, climbed Mount Kilimanjaro to help raise money for a charity called 'Fighting Blindness', so when they read in *Coastweek* about the work of Kwale District Eye Centre restoring eyesight and 'fighting blindness', CIC felt it was appropriate for them to offer a free professional Program of Study to KDEC in support of their work.

CIC also allows a 20 per cent fee discount to anybody working for a recognised charity, and the British Government's Department for International Development (DFID) can also pay fees of staff of British Charities in Africa who want to study with CIC.

The work of the KDEC is extremely special and important, and CIC are delighted that KDEC have been able to celebrate 20 years of valuable contribution to the health and sight of people in Kenya.

Thus the Vice Principal of CIC, David Lawson wrote to Kwale District Eye Centre's Medical Director, Helen Roberts, to offer a free program, a distance-

Chaine Des Rotisseurs A.G.M

Fort Jesus - historic venue for Chaine Des Rotisseurs was chosen once again to hold the A.G.M this year.

Its unparalleled ambience made it an unforgettable experience for the record number of members attending.

Hosting the dinner was Severin Sea Lodge and General Manager Mr. Andy Muir who spared no effort in making the place even more magical by having a canopy

of white twinkling lights draping the dining area.

Members were given a guard of honor by flame torch bearers upon entrance and powerful classical music in the background.

Champagne and an assortment of hors d'oeuvres were served by the service brigade who were kitted out in the historic Portuguese costumes before the A.G.M proceedings.

The very successful A.G.M was conducted under burning torch

lights which further enhanced the occasion.

A 7 course meal was prepared by Executive Chef Mr. David Ngunu, Sous Chefs Mr. Henry Kipande and Christine Ishmael was simultaneously served with precision.

Great care was taken to announce the wines which were perfectly paired with the food under the direction of the food and beverage manager Mr. Joseph Ndunda.

"END 2013 WITH A DHOOM" goes the tagline of the Yash Raj films that has been anticipated for a long time.

Dhoom 3 opens worldwide and at the NYALI CINEMAX this Friday to anxious cinegoers who want to see Aamir Khan in the unusual role of a villain.

Believed to be the most expensive film shot in Bollywood, *Dhoom 3* is also the first Hindi film to be shot in the IMAX format.

The first *Dhoom* bowled

many people over with the action and stunt scenes, especially the motorbike chases.

It had John Abraham pitted against Abhishek Bachchan

while the second film it was the very handsome Hrithik Roshan who was Abhishek's nemesis.

Abhishek returns in the third part and it will be quite the long and the short of it when Aamir Khan spars with him on the bikes and in the heists.

It goes without saying that Uday Chopra reprises his role of Ali Akbar, ACP Jai Dixit's sidekick.

From Bipasha to Aishwarya, the femme fatale in this film is Katrina Kaif who had to learn paragliding and aerobatics for her role.

Aamir, also had to take some really hard lessons in aerobatics and ballet in a role that he says has been the toughest in his life.

Music director Pritam also returns for this third instalment and he has made Aamir sing in the theme song.

Title song "Dhoom machale" which has been sung by Sunidhi Chauhan has an Arabic version rendered by Lebanese singer Naya.

Jackie Shroff will be seen in a supporting and pivotal role in the film.

Dinosaurs roamed the earth

70 million years ago but they come back to life in a film that opens at the NYALI CINEMAX this week.

Walking With Dinosaurs is a recreation on the big screen of the 1999 BBC television series of the same name.

Alexomis, a pre-historic bird, narrates the story of three Pachyrhinosaurus who grow from infants into adults.

Alex will take you through the journey of Patchi (leader of the herd), Scowler and Juniper as they migrate with the herd.

During the migration they face their most dreaded enemy, Gorgon the Gorgosaurus.

With the voices of John Leguizamo, Justin Long, Tiya Sircar, Skyler Stone, Karl Urban, Charlie Rowe and Angourie Rice this film is unique in that it has live action footage.

A special Christmas release will be screened on December 25 and 26th, just for two days.

James Thurber's 1939 story of *The Secret Life of Walter Mitty* was made into a full length feature film by Samuel Goldwyn in 1947 with Danny

Kaye in the lead.

Goldwyn's son Samuel Jnr has decided to remake the same film in 2013 with Ben Stiller playing the part of Walter Mitty.

So the story is set in the late thirties, when the digital world did not exist and everything was films and negatives.

Life magazine employee Walter Mitty was always dreaming up of some kind of fantastic adventure or another.

His job at the worldwide magazine was in the negative assets department where he took care of all the negatives that were sent in by the magazine's correspondents to use in the hard copy.

So when a negative sent in by photojournalist Sean O'Connell to be used on the cover of the magazine's final issue goes missing, Mitty takes it upon himself to find it.

Gathering all the evidence he can, he pursues Sean O'Connell in search of the negative that will capture the quintessence of Life magazine.

With Ben Stiller are Kristen Wiig, Shirley MacLaine, Adam Scott, Kathryn Hahn and Sean Penn.

STARCAST GEMINI KILIFI

Capricorn (Dec. 22 - Jan. 20) It will be difficult to hear yourself think. People will keep invading your privacy, even if you hang a "do not disturb" sign on your door. Instead of seeking peace and quiet, be open to collaboration.

The sooner you resign yourself to being on call, the faster the day will go.

Aquarius (Jan. 21 - Feb. 19) People are rather wary of your unusual, innovative and unorthodox ideas. They rather stick to tried and tested methods. Trying to press your agenda will be an exercise in futility. You're better off embracing the status quo, if only for the present.

Pisces (Feb. 20 - Mar. 20) An overly formal attitude will drive people away. Cultivate a warmer approach to potential clients and customers. You don't have to put on a false front, but you should be a little more approachable. Rivals are attracting much more business because they're able to break the ice quickly. You need to acquire this skill, too.

Aries (Mar. 21 - Apr. 20) You have no patience for people who linger over insignificant details. The problem is you are bound to make an embarrassing error in your haste to get things done. Let an eagle-eyed perfectionist see your work before it is submitted. Be willing to revise mistakes, even if it takes hours.

Taurus (Apr. 21 - May. 21) No matter how much you probe, you won't be able to get the answers you seek. Instead of browbeating people who won't divulge sensitive information, make a strategic retreat. Watch and wait. You'll see things that will help you assemble the pieces of this giant puzzle.

Gemini (May. 22 - June. 21) Attempts at being fair will fall flat. You simply can't treat everyone equally in a work situation. Reward the people who have gone above and beyond the call of duty. Those who haven't been performing up to par will have to cope with fewer materials and less pay.

Cancer (June 22 - July 23) Being hypercritical will undermine an important relationship. Your business or romantic partner needs encouragement, even if their efforts are less than impressive. Be as kind as you possibly can. You don't have to pretend to admire work that isn't up to par.

Leo (July 24 - Aug. 23) Don't pretend to be cheerful if your heart is breaking. It's better to admit your true feelings. Friends are eager to give you emotional support during this time of trial. After all, you've always been a comfort to them. If someone has betrayed you, it's best to work through the grief.

Virgo (Aug. 24 - Sept. 23) You're extremely sensitive. It's hard to take criticism, especially as far as work is concerned. If you receive some seemingly unfair feedback, stay calm. There is a chance these comments are valid. Take a few moments to process the remarks and then make the necessary changes. You'll be amazed how much better your work is received after making a few adjustments.

Libra (Sept. 24 - Oct. 23) Loose lips sink ships. Resist the urge to repeat a juicy story. Someone's reputation is on the line. You wouldn't want to hurt an innocent party by spreading gossip. This isn't a good time to sign a contract, as you may not be able to supply the materials and services you aim to. It's better to commit to one job at a time.

Scorpio (Oct. 24 - Nov. 22) You don't have the luxury of deliberating over a decision. Time is of the essence. If you must, flip a coin. The important thing is to set the wheels into motion. There is a chance you will regret your choice later on, but that can't be helped. At least, you will have learned a valuable lesson.

Sagittarius (Nov. 23 - Dec. 21) You're eager to give your opinion, but nobody wants to hear it. If you're going to keep the peace, it's better to stay silent while everyone else talks. This is frustrating, because so many people aren't well informed. Trying to correct them will only cause resentment.

'Kesho Kenya' Kilifi Award

FROM PAGE ONE hosted at the Kensington Palace, London, UK.

Kesho, which advances access to education and employment for vulnerable children in Kenya, received the 2013 Stars Rising Star Award in Africa-Middle East.

As part of the prize package, Kesho will receive U.S. \$ 15,000 of unrestricted funding, U.S. \$ 10,000 in tailored consultancy and a package of media support.

In 2013, more than 1300 local organisations from 60 countries applied to the Impact Awards, run by Stars Foundation and underpinned by a rigorous selection process developed with PricewaterhouseCoopers LLP.

The Awards recognise and reward effective, well-managed local organisations working to improve child health, education, protection and WASH (water, sanitation and hygiene) in the countries with the highest rates of under-five

mortality. Kenya has an under-five mortality rate of 85/ 1000 child deaths each year.

Muna Wehbe, Chief Executive of the Stars Foundation said: "The Impact Awards recognise and reward outstanding local organisations working on the frontline in the fight against poverty and child mortality.

"We hope other donors will see that flexible funding for effective charities puts decision-making in the hands of the real development experts, unlocking their potential to become stronger, more sustainable and more able to improve the lives of the vulnerable children in their communities.

Stars Founding Chairman Amr A. Al-Dabbagh said: "Stars Foundation is committed to reaching 20 million children and their communities by 2020. The only way we are going to do that is by supporting ever-larger numbers of local organisations doing incredible work on the ground. The 2013 Impact Award winners are beacons of effective practice, offering inspiration to other charities, and to us all."

Stars Foundation was established by Al-Dabbagh Group in 2001, with President Bill Clinton and H. M. Queen Rania Al-Abdullah as its Founding Patrons.

• Founded by Al-Dabbagh Group, Stars Foundation invests in organisations and ideas to help transform lives of disadvantaged children communities globally.

FOOD AID TO SOMALIA

FROM FRONT PAGE of the Spanish Navy crew remained on constant look-out, with the ship's helicopter ready to launch at short notice to help deter any pirate attack," the statement said.

The UN food agency has delivered over 100 shipments to the Horn of Africa despite lack of protection and now reduced piracy incidents in Somali waters.

Several governments have provided naval escorts for ships carrying food aid since November 2007 to troubled Somalia, and since then, no ship carrying WFP supplies has seen pirates' attacks.

The Spanish Navy Offshore Patrol Vessel *ESPS Tornado* is currently on her first deployment with EU NAVFOR. The protection of humanitarian aid is one of the key tasks of Operation Atalanta.

Even Passengers Should Have The Right To Say 'Enough'?

We are back to the migration season and it is about migration for us humans, not the world famous wildebeest migration in the Maasai Mara.

Christmas and New Year has been a time when

Kenya's remember their roots and head back to the rural areas.

A lot of us will travel by road to shags or whichever destination we are headed.

Even if we travel by air we will have a road section at each end of our travel so our focus this week will apply to you as well. The first area of focus is that

most of us think that as passengers we have no role in what goes on in a motor vehicle.

A lot of us get into a vehicle and behave as though we are so subservient to the driver of the vehicle that we dare not make any comments about the driver or the vehicle that they are in charge of.

We must stop thinking this way. Consider what happens when things go wrong.

One could be frightened, injured, seriously injured, maimed, disabled or killed as a result of not having said or done what we should have done or said in the first place.

When in a motor vehicle in whatever capacity, your chances of getting to the end of the journey unscathed will depend on how you conduct yourself.

As a passenger in a motor vehicle one must first of all be comfortable that the vehicle they are about to travel in is safe.

This does not call for major interrogation of issues.

One has to do very simple things.

Go round the vehicle and have a look at the tyres.

If they are all in reasonable condition then that is the first plus.

Go the extra mile and ask the driver whether the spare tyre has been checked recently - mainly for pressure but also the condition.

If this is so and the driver can allow you to verify then this is another plus.

In going round the motor vehicle also check that the lights 'appear' to be in good condition and that all bulbs are in place and the light lenses are intact.

Also check that the wing mirrors are intact and look to be adjusted or adjustable.

If they are commend the driver of the vehicle for that then proceed to ask them whether they have gone the extra mile and checked whether they all actually work.

Offer to help verify their condition by standing outside the vehicle as the driver tests the headlights, indicators and reversing lights.

Another tell tale sign is the condition of the paintwork.

Options are to stop and buy some old newspaper and sellotape and wrap that round the part of the safety or seat belt that could cause the person to decide not to use it.

What I am saying is that the choice to be safe and mitigate road risks is very much in the hands of the passenger yet we tend to not take it seriously and just get into a car and assume that everything will be alright.

As a driver of a vehicle, remember that you have a big responsibility for the lives of the people in your vehicle and others who are in other vehicles on the road.

You also have a responsibility to pedestrians, cyclists, animals and other users of the road - whether they are there legally or not.

A driver cannot decide that and has to assume that whoever is on the road is there by right or by exception and deal with the consequences.

A driver has also to carry out all the same checks that I have detailed above for a passenger.

In addition, the driver has to check themselves and be sure that they are in a fit state to be in charge of the vehicle.

Has one had enough sleep? Is one fully sober and free of drugs, including excess of items like caffeine?

Is one fully physically fit to drive - hands, feet and head?

The list is not short.

The other key thing to a safe journey is to ensure that one plans the route to minimise the exposure to hazards and heavy traffic.

Not only should one plan the route but one should also determine which is the best time to travel.

My favourite is to always leave just before it gets light in the morning.

This way one can cover a significant distance before the roads get busy.

Night driving should be avoided at all costs especially when one is driving between two urban centres.

Our roads are littered with broken down vehicles, potholes and other hazards that could easily turn what would be a standard drive into a fatal accident.

Not many drivers have the skills to drive at night and many are also not aware of their own physical limitations to night driving and especially the issue of night vision or lack of it.

During this festive season, as people will be on the road more often and generally for longer distances than they normally do, it is important that we adopt the correct mind set AND retain it for the future.

It doesn't matter whether one is travelling on a bicycle or motorcycle taxi, a tuk tuk, a taxi, a bus or a personal car, one should convince themselves that the vehicle is roadworthy and has all the safety critical items working.

Interrogate if in doubt or get someone else to do it for you should you not wish to offend your benefactor.

It is after all your life that you will be putting on the line when you commit to using that mode of transport and you should not blame anyone when things go pear shaped and fright, injury, disability or death occur.

As Kachumbari says, whether you are alive from using a motor vehicle tomorrow or in fifty years from now is all in your hands.

Thirty Five Years' Ago

Coastweek, December 15-21, 1978:

Assistant Minister of Tourism and Wildlife Clement Lumembe told the annual general meeting of the Kenya Hotel Keepers and Caterers Association that it was essential to maintain international standards to sustain growth in the tourist industry, reported Neta Peal.

He was accompanied by Coast Fisheries Director Norbert Otero, Coast Tourism officer Clement Nyamongo, and the Domestic and Hotelworkers' Union Coast Area secretary Joseph Omolo; he also apologised for the absence of Tourism Minister Mathews Ogutu.

'Jesus Opens Nyalí Disco' headlined a tongue-in-cheek story about Spanish musician Jesus Marrodan who was completing the new 'Hole In The Wall' nightclub at Mombasa's Nyalí Beach Hotel.

'Make No Mistake My Fur Is Fake!' was the lapel badge worn by Lady Michaela Denis reported Nairobi correspondent Ivor Davis, who noted that this world famous conservationist (now resident in Mombasa) while supporting the Government's recent ban on hunting insisted: "(To make the hunting ban effective) a crackdown is needed on illegal sales of ivory and elephant hair to prevent further poaching".

Mukesh Rajani was to manage a talented 18-strong Mombasa Sports Club Cricket team on a 25-day tour of India, assisted by Manhar Shah, captain Kirit Doshi and vice captain Fakru Babla Mwal Karani was the popular winner of the 'Jamhuri Day' Tournament hosted at Nyalí Golf and Country Club, reported columnist 'Centi Kumi'. 'Best Lady' was Frances Cook and 'Best Gross' Paddy Rainsford.

KENYA Cinema was showing Walt Disney's 'Jungle Book', NAAZ the new re-release of 'Gone With The Wind', REGAL 'The Sweeney' and at CHOX it was Hema Malini in 'Raja Jani'.

If the car has a lot of dents, it indicates how well or badly it is driven.

You should decide whether you can trust the person in charge to drive without incident but more importantly to drive without causing grief to other road users.

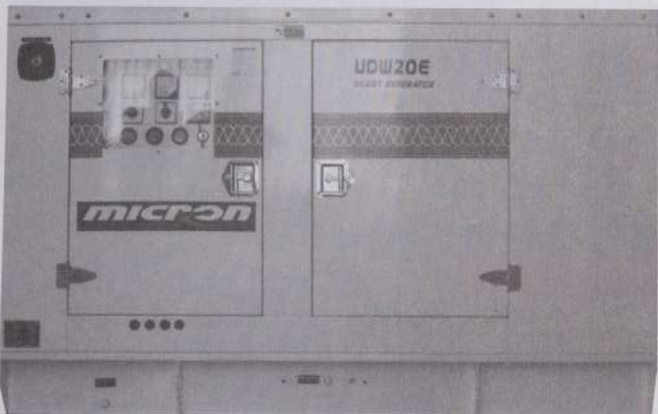

One must also check the condition of the seat belts and whether they are serviceable.

There is no point in starting a journey and then discovering that the seatbelts are dusty when you have decided to wear a white shirt to keep cool on the journey.

Most normal people will refuse to wear a seatbelt should be it dusty but consider the ramifications of such a decision should the vehicle be involved in a serious accident or even should the drive do a simple and very likely thing like 'brake suddenly'.

Gwyneth Herbert At Reef Hotel

Gwyneth Herbert, a child prodigy born to English parents in South London started playing the piano at the end of 3 years she could barely write. **KR SONDHI.**

But Amy, the musical genius, had her own problems. Gwyneth continued working for Universal Records.

One day a jazz concert was put on at Ronnie Scott's, the most famous jazz club in London's Soho and amongst the most famous in the world.

The well-heeled audience clapped politely, the hall was full and the gate had brought in a lot of money.

sponsored her next record called "All the Ghosts".

It was about losers, lovers, dreamers and those who fall through pavement cracks, she related.

The next chance encounter changed her life yet again.

Peter Wallis asked her if she would sing at a birthday gig of a good friend of his.

The friend with a keen ear for

score for an orchestra of clowns, a sculptural installation about love and art and a recording of funny bleepy dance remixes.

She continued, "One of the main reasons I am here is to learn about African music, the melodies, the rhythms, the folk traditions and ritual creative practices."

"I have been commissioned to write a coral arrangement of a traditional Swahili song for 100,000 children all around the world to sing together in November 2014."

"I can't wait to hear all the stories that Mombasa has to share with and all the melodies to teach me and all the songs it wants to sing with me."

Then she said "Tuta kwa mara rafiki!" (We will grow to be friends).

She tapped the counter, "Tuta tuta tuta", she said ... it's like a heartbeat.

"Swahili to me is the most musical and melodious language I have ever heard."

"It is like dancing to bell chimes from the lips and the heart."

At the Reef Hotel it was time for the evening's entertainment.

She sang jazz numbers with the band for half an hour.

Slowly at first than belting them out as her creative juices took over. The hotel's tourists and employees gave her a standing ovation.

She came off the floor with her arms wide open and said I am in Africa.

The next day, as I was ready to go to press, I received an exciting call. She had just written her first Swahili song called "Wapi rafiki".

Gwyneth Herbert

Acknowledging the applause she left not in a Rolls Royce with a company chauffeur but in a London bus.

On the way she made a life-long friend, Tommy, who was a homeless soldier, standing alone, on a London street.

With tears running down their cheeks they both sang "Scars" by Fran Landesman, which is about the secret heartbreaks in everyone's lives.

Soon after she resigned from Universal Records.

Peter Gabriel from Genesis,

music himself offered her a month's holiday at a hotel in Mombasa if she sang for them on Christmas and New Year's Eve.

She had always dreamed of going to Africa, the one continent she had not visited so far.

I interviewed her.

She was full of laughter and at 32 bubbled with the excitement of a 16 year old on the cusp of her next adventure.

She had already written 4 musicals for the theater, an album of stories of the sea, a film

Zuber Bakhrani Paints Mzee Jomo Kenyatta

Coast artist Zuber Bakhrani painted a lifesize portrait painting of father of the Nation Mzee Jomo Kenyatta in celebrating 50 years of Kenya's Independence and ushering in the year of Jubilee at the Safaricom Kasarani Stadium Nairobi.

It is a defining period in the history of our beloved Country as we celebrate our 50th anniversary in 2013.

Since attaining independence, the country has evolved into a formidable regional socio-economic and political pillar.

Kenya's Golden Jubilee encompasses key historical facts that will continue to define her

future, for the next fifty years and beyond. To commemorate

this auspicious occasion, His Excellency the president Hon.

Uhuru Kenyatta directed that a team, be formed to oversee Kenya at fifty activities. These are expected to not only celebrate our heritage and diversity but also create a lasting legacy, that will bring the Nation together in marking Kenya's fiftieth birthday. God bless Kenya.

Do Cheetahs hunt at night? The age old question was finally answered during a recent night game drive in Lumo Sanctuary, Taita. At about 21h00 wildlife photographer and KWS Honorary Game Warden Shazaad Kasmani, came across this young male cheetah that just finished asphyxiating a young Kongoni and was about to start its meal. With night vision that is no better than human beings, cheetahs are not known to actively hunt at night. This special and rare event of natural history captured on camera just goes to show that anything can happen in the wild.

Large Fan Turn Out For CECAFA Match

Kenya Football Coaches Association (KEFOCA) Chairman Ricky Solomon congratulated Coast soccer fans for turning out in large numbers during quarter final matches of this year's Cecafa Senior Challenge Cup Competition and making the tournament a success.

Speaking from Mombasa, Solomon who was a member of the County Organizing Committee further applauded the Mombasa Governor Hassan Ali Joho for supporting the installation of floodlights at the refurbished Mombasa County Stadium.

"I wish to thank our patriotic fans as well as the governor

for their support during the tournament. Were it not for their support the tournament would not have been successful," said Solomon.

He said they are looking forward to hosting big time soccer including the Confederation of African Football (CAF) and World Cup qualifying matches.

KEFOCA Chairman Ricky Solomon.

Solomon appealed to Bandari FC to make use of Mombasa County Stadium for their Kenya Premier League matches next season.

Mombasa County Stadium played host to Cecafa quarter finals matches on December 7th and 8th as well as one of the semi-finals between Sudan and Zambia held on December 10.

FORTY TEAMS SET FOR COAST PREMIER LEAGUE

The third tier FKF South Coast Premier League for

2014 season will comprise of 40 teams

divided into two zones of 20 teams each.

This is in accordance to the resolution passed during the clubs meeting held last Saturday at FKF Mombasa offices and which was chaired by acting vice-chairman Ismael Mohammed 'Ogolla' and attended by among others the branch Secretary Evans Mwachia and Women representative Asha Pili Ramadhan.

Four top teams from each zone will play a mini league and the winners earn promotion to national division one league the following year.

Currently, the league has three zones consisting of total of 30 teams.

As per the resolutions, each team is required to pay Sh15,000 participation fees, Sh 4,500 for a maximum 30 biometric players cards, each Sh150 per card, pay Sh500 for MasterCard and Sh 1,000 referees fees per match.

Meanwhile, Ogolla who is a veteran sports administrator said steps were being taken to secure sponsorship of the league. The new season kicks off on February 22.

Wind Wallies And Whoopsies

What a day! Three and a half hours in the boat park rigging the new boat only to find that having waited three months for the ropes to arrive there was insufficient to do the job!

Worse still some idiot cut a rope in the wrong place and then it was even less rope!

I then rushed up to the club house to set up the course and found only two sailors, as usual those Laser One sailors never turn up for the double handed events!

I swear I am going to find sponsorship and create a double handers trophy with an end of year prize ONLY FOR DOUBLE HANDERS.

I set the course and endured a few comments from the tuppenny ha'penny stalls along with a multitude of advice from the wings.

It was an outside day the course taking us all the way to Red Serani then back inside the harbour.

I had elected to run my NEW Laser 4000 for the very first time, after spending so long over rigging it I just wanted to get it in the water.

My crew was Neelam a "dab hand" at the trapeze but never been on a fast skiff before so she was nervous.

In the two bosuns we had Koki and Jochen in one and Ashraf and his lovely young daughter in the other.

Ashraf is teaching her to sail so soon she will be a competent crew which we need very badly.

Prior to the race I was doing my countdown and kept missing the time sequence by miles!

It took me a while to adjust to the speed of the new boat so when I should have been on the north shore I was on the south shore and vice versa.

The start went without a hitch and the Laser 4000 took off like a scalded cat, halfway to Likoni I looked back and the two Bosuns were neck and neck coming across the bay, we were travelling so fast they seemed to be going backwards.

All this and there was no more than 5 knots of wind, the beauty of the Laser 4000 is that it sails faster than the wind.

By the time we reached Red Serani the Bosuns had not even reached Green Cables, they were a dot in the distance and we were doing gooooooood!

Round the mark then downwind back into the harbour and this is where the L4000 should really perform.

Unfortunately this did not happen and we slowed down all the way back in and we kept slowing down.

One of the Bosuns had not even come out of the harbour so they were out of the race.

We followed them through Likoni and still we went slower, on the jibe we discovered that the genacker had been incorrectly rigged and would only work one side.

It seemed we had stopped sailing and when I turned the boat we fell over.

Whoops in the water! We righted the boat and it promptly fell over again, we righted it once more and it fell over again, (Houston... we have a problem!) It was at this point I discovered the bung missing from the back of the boat, we were sinking as the boat was full of water.

We were towed back to the club and once ashore we must have emptied 200kgs of water from the hull.

The first Bosun came back and took the gun but they were disqualified for going the wrong way.

It looked good for Koki as she was the last remaining boat so an automatic winner!

It all stayed that way until tea time as we sat round the table taking tea and Koki stated she had taken Peleiza to port and did a 360 turn.

This confused us all in the beginning, as she talked we discovered she had also gone the wrong as well so she disqualified herself having tea!

All in all a good day and loads of fun on the water in very soft conditions.

COAST BRIDGE with C.P. SHAH

In the following hand Declarer made his best play to complete the contract.

DEALER: EAST BOTH-SIDE VULNERABLE BIDDING:

EAST	SOUTH	WEST	NORTH
ONE 'NO TRUMP	TWO CLUBS	TWO HEARTS	TWO 'NO TRUMPS
THREE HEARTS	FIVE CLUBS	PASS	PASS
DOUBLE	PASS	PASS	PASS

West unwisely led the Ace of Hearts and Declarer ruffed. He led his King of Clubs East won and returned his second Club. Declarer won and played three more rounds of Clubs. Discarding three Diamonds from Dummy.

East discarded three Hearts.

From the bidding Declarer was sure that East held the Queen of Spades.

He cashed the King of Spades and crossed to the Ace of Spades.

East thought that since

So on second Spade he threw the Queen of Spades so that East can be on the lead on the third Spade to play Diamonds through his Ace-Queen.

But Declarer after winning the Ace of Spades threw his Knave of Spades on Heart King to unlock himself on Ten of Spades, discarding his Diamonds. Contract made.

Hatrick For MSC Cricketers

The Mombasa Sports Club Junior Cricket tour is going great guns in Vadodara.

The training by the Anshuman Gaekwad team has been a life time opportunity for the MSC boys.

Training has involved skills, cricket knowledge, match analysis, strategy plans, field passing and even evening talks about cricket history and stories about International players.

The squad has also tasted Vadodara culture and entertainment including racing at the Go Kart track, Bowling Alley and visits to fine restaurants in Alka.

Tours to the Sardar Patel Planetarium, The museum, The Palace and other sites are planned.

So far the MSC squad has played 3 matches and won all!

The hatrick of victories has put the camp mood high and is also motivation for MSC to do more for expanding and developing the junior cricket program further.

The benefits of the intense and fitness oriented last 3 months' program are being displayed in Vadodara.

Fielding has been excellent and bowling disciplined.

Batting much improved and

the players have adapted well to new conditions.

Facing pace and bouncers has been a new experience for even the youngest players.

Plans for the 6 month January to June 2014 training camp will soon be announced.

A few limited extra spots will be opened especially at the U-13 and beginner's level.

A special coaching camp is also on the cards for the July and August holidays.

MSC will invite others clubs to participate in that camp so that the benefits can be spread to a wider range of children in Mombasa.

JAFFERY DEFEATS RIVAL MOMBASA IN 40 LEAGUE

Mombasa Jaffery Sports Club secured their 2nd place in the CCA 40 league as they defeated unbeaten Mombasa Sports Club by 162 runs at the Burhani grounds after over three years of losing to the coast cricket giants.

Winning the toss and opting to bat, Mujtaba Walji (63) laid into the Mombasa Sports Club bowlers with half a dozen towering sixes as the leading cricketing side at the coast struggled to cover all angles of the field, playing with only 9 players.

Mohamed Fazal (45), Juma Abbas (62), Mohamed Raza

Tejani (31) and Mazhar Kassamali (26) placed the ball freely all around the wicket aided by 48 extras conceded by sloppy bowling which saw the Mombasa Jaffery total top 300 ending at 313/9 in 40 overs.

Mohit Dhutia (2/43) and Bhavya Thakkar (2/35) stemming the tide of runs towards the end by taking wickets as the tail was exposed.

In reply, Mombasa Sports Club found themselves at 79 for 7 before opening batsman Vishal Shikotra (43) and Mohamed Al Hirazi (46*) took the team to 151, posting 72 runs for the last wicket. Mohamed Reza Tejani (2/47), Juma Abbas (3/23) and Ali Jawad Karim (2/20) responsible for the destruction of the sports club batting line-up.

Juma Abbas once again the man of the match securing his place at the top of the bowlers table and taking second place on the batting table.

At Coast Gymkhana grounds, Mombasa Simba also secured a win against unpredictable Burhani Sports Club.

Batting first, Simba posted a

meagre 140 in 36 overs with Randeep Birdi (22), Amit Kumar (21) and Jasmeer Singh Marwa (20) being the main run scorers.

Excellent bowling by Mustansir Akberali (2/34), Murtaza Zaferali (2/21) and Ammar Taibali (2/17) kept the scores on par.

In reply, Ammar Taibali (44) and Yusuf Hussein (35) batted brilliantly for the 2nd wicket as Burhani S.C. looked set to take the game before Harmeet Singh Bawra (3/25) and Dhruv Shukla (4/14) struck to end the Burhani chase on 132 in 29 overs.

Burhani continue to struggle on the points table as Mombasa Simba fight for fourth place against Coast Gymkhana in the remaining games.

This coming weekend, Coast Gymkhana take on Mombasa Jaffery at home where both will do their best to out-do the other in a battle of points and final standing on the bowling and batting charts.

Join us as the two face of in what is Mombasa Jaffery's final game of this interesting pro40 tourney.

Large Entry Of Golfers At Nyali Open

FROM BACK PAGE in the scratch side had not made very promising start in the first round, Simwa having lost six shots to the par on 77 and Muellei even further behind on 79.

Simwa made some progress with 75 in the 2nd Round whereas Muellei took a big leap with 70 which placed him 3 ahead of Simwa on 149, to Simwa's 152.

On the last, decisive Round 3, however, Simwa forged ahead with his 70 to Muellei's 74. Quietly behind both these gentlemen was lurking the eventual winner, Justus Madoya who too, slow to start, demonstrated the virtue of being steady.

The start was indeed slow, having lost six shots in the first nine with not a birdie in sight. Madoya ended with 42, but improved his second nine by a whole 8 shots, courtesy two birdies, on the 11th and the 17th, losing just one shot to a bogey on the 14th to one under par 34 and a total of 76.

While Simwa and Muellei were going up and down in the 2nd and 3rd Rounds, Madoya went about his business steadily, putting together two rounds of 72 each, aggregated to the winning total of 220, two ahead of Simwa and three ahead of Muellei.

In each round, the first nine seemed to bother Madoya a bit, having done one over par 37 in the 2nd Round by dropping a shot to bogey on the 8th and worse, two over par 38 in the 3rd Round where he made bogeys on the 2nd and the 9th.

In the 2nd round a bogey on the 11th was

squared off with a birdie on the 12th to bring him level par whereas in the 3rd Round there were no bogeys, the birdie on the 17th putting him one under par 34.

It is a testimony to the difficulties presented by the combination of hot and humid weather conditions, wind picking up strongly occasionally, particularly in the afternoon and the sleek greens that the total winning score fell seven shots short of the aggregate par of 143.

So in the end, the course won but Madoya can justifiably take pride in beating the field of 90 participants to capture the coveted Nyali Open Championship.

Running along-side the battle for the gross prizes, there was a second tier of contestants vying for positions on the nett side.

This was almost entirely taken over by the Coast players.

Standing at the top was Brian Masika who rose from a low position of 20th on 76 nett in the 1st Round to nett 66 in the 2nd Round which placed him second at the end of the round.

Even with a slight decline in the 3rd Round with nett 70, Masika's overall position jumped to No 1 and secured him the Best Nett prize on 214.

Masika was followed by Qamar Somji on nett 216 and three behind Somji was Joseph Waigwa for the Third prize.

The Best Nett in 1st Round went to Emmanuel Lumatete on nett 70, the same

score earned Victor Joseph the Best Nett in 2nd Round and Dickson Barazza the Best nett in the 3rd Round.

Also running parallel to the main competition was the Interclub Challenge which was convincingly taken by Mombasa Golf Club through the partnership of Daniel Nduva and Mathew Wahome aggregating 441 strokes, followed into the Runner up position by the Mombasa pair of Joseph Waigwa and Gregory Koehch who between themselves struck 453 strokes.

A group of companies under the umbrella of First Chartered Securities Group, comprising of ICEA Lions Insurance, Knight Frank, Mitchell Cotts, Mombasa Continental Resort and NIC Bank had pooled together to sponsor the prestigious Championship.

It was a very generous sponsorship, providing the beautiful prizes and lunch, afternoon tea and dinner on Saturday and the lunch with complimentary drinks after the prize giving on Sunday.

The occasioned was graced by the representatives of the sponsor companies, including the Wazee Duncan Ndegwa and Chris Obura who addresssed the gathering, congratulating the Club for a well run competition.

As the Club Captain, Abbas Sheikh acknowledged it was a joint effort of the Committee and various members of the Club who gave their time to make the Championship the success that it was.

So congratulations all around and asanteni to the sponsors.

Large Entry Of Amateur Golfers At 'Nyali Open'

The premier golfing event in the annual calendar of Nyali Golf and Country Club the Nyali Open Championship took place over the weekend of Saturday 14th and Sunday 15th of December 2013.

This competition traditionally takes place at the end of the year just before the merrymaking of the X'mas and the end of the year festivities take over and replace serious golfing activities at the Club.

It also marks the culmination of the KGU golfing year, the last of serious golf fixture and carrying GOTY points as it does, offers a great opportunity to the serious contenders to pick up some valuable points.

Understandably therefore it attracts a large entry of amateur men from home and neighbouring countries too.

This year was no exception, a total of 90 players turned up for the challenging Nyali course, made tougher by the heat and the humidity which even the "locals" found daunting.

The difficulties were reflected in the scores, especially in the first round where in a field comprising scratch players, the best score was four over par 75, carded by three handicapper Stephen Karanja.

Karanja seemed to have problems with par fours, losing strokes to several, the 2nd, 4th, 9th, 12th and 16th and two more strokes to par three 3rd and 6th.

Justus Madoya [centre] Gross Winner with 220 points, during Nyali Open Championship 2013, receives a trophy from ICEA-LION Group Chairman Dr. Chris Obura. Looking on is Nyali Golf and Country Club Captain Abass Sheikh.

He managed to recover three shots through birdies on the par five 5th and 17th and par four 7th.

Karanja however fell behind in the afternoon session but was rewarded for his earlier efforts with the Best First Round prize.

The afternoon session, Round 2 belonged to Nuru Mollel who played one under par 70, through three birdies, starting with the very first, followed by a two club on the 6th and finishing with three on par four 9th, making up for the bogeys on the 2nd and 3rd in the front nine.

The back nine was level par, the bogey on the 11th made up

with another two club birdie, on the par three 15th.

There were better things in the offing for Mollel in the third round and the Best Second Round prize for the afternoon went to Nyali's own talented Junior, Mathew Wahome who played level par 71.

Mathew's level par was made of perfect level halves, 36 strokes in the first nine and 35 in the back nine.

The first nine score contained birdies on the 7th and 9th making up for bogeys on the 3rd and 8th.

On the back nine, Mathew made a flying start with a 2 club birdie on the 10th and ended with another 2 club birdie too on the 18th.

Two bogeys, on the 12th and 17th however brought his score back to level par.

Round 3 had a similar story, the best score of one under par 70 came from Nelson Simwa.

Simwa made a slow start, losing two shots to bogeys on the 2nd and 6th, finishing two over par 38.

The back nine however, was a sizzling performance, containing four birdies, two 2 club birdies on the 10th and the 18th and two other coming on par five holes, the 11th and 17th.

However, by virtue of his performance in the two previous rounds, Simwa too was destined for better things and the player who qualified for the Best Third Round prize was another junior

from Nyali, Daniel Nduva.

Nduva was expected to carry the flag for Nyali but could not find his form until the last round where he went level par 71, made up of one over par 37 in the first nine, despite starting with a birdie, followed by another on the 7th but marred by a double bogey on the 8th and bogey on the 9th.

Two 2 club birdies, on the 10th and the 15th and another, on the par four 13th took care of just the solitary bogey on the 11th and brought him down to two under par. His two earlier rounds of 77 however had left him trailing behind and out of the reckoning for the top three spots.
