COURTESY SERVICE

WORLD-FAMOUS "FOUR TOPS" SINGING GROUP TO PERFORM AT GALA CHARITY FUNCTION

DIRECT FROM LAS VEGAS - The legendary "Four Tops" are Robert Sims (left) with Charles White, Clarence Davis and Tommie McLarin. Their 'Hit' songs include "I'll Be There", "Standing In The Shadows Of Love", "Same Old Song", "I Can't Help Myself" and "Loco In Acapulco". They will be singing at the African Safari Club charity beach party being hosted tomorrow night, Saturday, December 12, 1992, at the Paradise Beach Hotel, Shanzu.

Motown Stars Visit Mombasa

AFRICAN SAFARI Club, World-wide the largest Tour Operator to Kenya, this year celebrate 25 Years of operation in Kenya.

To mark this occasion the African Safari Club have organised a spectacular Beach Party, and Show - Event to be held in Mombasa at their Paradise Beach Hotel, on the evening of Saturday, December 12, 1992.

During this event the African

AFRICAN SAFARI CLUB TO MARK 25th ANNIVERSARY WITH SHOW IN AID OF FAMINE HIT KENYANS

Safari Club will stage a Spectacular Show Programme, in which two of Kenya's most successful and famous Bands will together with many local singing stars, entertain Guests in an Internationally flavoured Show Performance.

Star Attraction will be the world famous singing quartet "The Four Tops", who have been flown into Kenya from Las Vegas, USA for this occasion only, and who will present their very special and professional singing show performance during the event.

In keeping with African Safari Clubs many past efforts of giving assistance to various charities in and around Kenya, this year is no exception.

The Directors of African Safari Club have decided to use their 25th Anniversary to raise money for the purpose of purchasing food, and medical supplies, which the African Safari Club will then at their own expense transport from Mombasa by air with Skytrail Limited to designated areas in Northern Kenya using their own Twin Otter Aircraft.

This fantastic and unsurpassed relief action is being done to assist the many thousands of grief stricken Kenyans living in Northern Kenya who through lack of basic foods, and nutrition are facing starvation on a large scale.

Last year African Safari Club organised a very successful and similar charity event on the beach, whereby an amount of K.Shs. one million was raised

and then donated to the SOS Children's village in Mombasa to assist needy and destitute children.

This year sources from the Company indicate that from this venture they again hope to raise over K.Shs. one million, which when joined together with the Companies own personal donation of the Relief Flights, will amount to a whole package of over K.Shs. two million Kenya shillings.

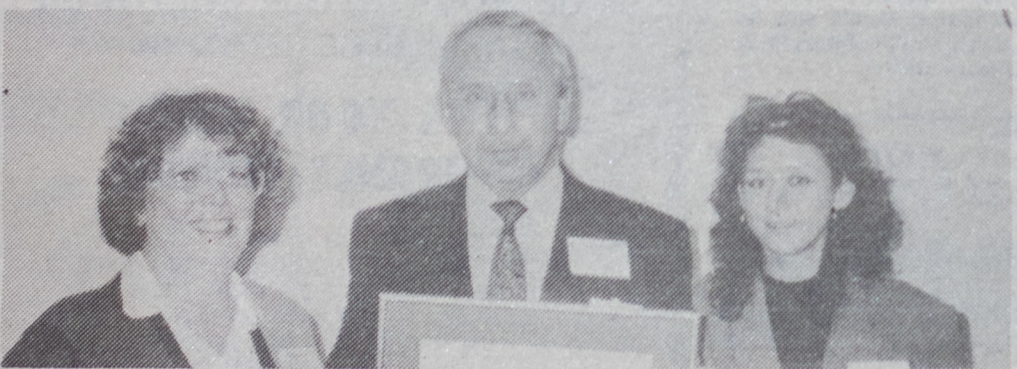

This African Safari Club North Kenya Relief action, has been done with full consultation with A.M.R.E.F., who have agreed to handle and monitor the distribution of all the food aid once on the ground in the effected areas of North Kenya.

GOLD AWARDS FOR KENYA

BRITAIN'S THOMSON HOLIDAY ORGANISATION has honoured four Kenya South Coast Hotels with special 'Gold Awards' for outstanding service during 1992. Alliance Hotels received three 'Gold Awards' - Jadini Beach Hotel for 'Best Accommodation', Safari Beach Hotel for 'Service and Comfort', and Africana Sea Lodge for 'Friendly and Relaxed Atmosphere'. The Diani Reef Grand Hotel received a 'Gold Award' for 'Best Faraway Shores Accommodation'. The awards were formally presented during the World Travel Market in London by Margaret Taylor, Thomson Holidays Regional Manager for East Africa and the Caribbean.

MARGARET TAYLOR (left) congratulates Alliance Hotels executives Chris Modigell, Stephen Smith and Marc Lawson after presenting them with three 'Gold Awards'.

Beautiful "Southern Palms Beach Resort" Is Now Open At The Kenya South Coast's Diani Beach

ON A MAGNIFICENT white and pristine beach and virgin land stands the 360-bed Southern Palms Beach Resort its Islamic and Swahili architectural style with large domed roofs and minarets blending into the cultural ambience of Kenya's coastal strip which once belonged to the Sultan of Zanzibar.

It welcomes its first guests on November 15 the General Manager being the well known James Willson, late of Treetops and previously General Manager of Bamburi Beach Hotel owned by the Jamal family, its Managing Director being Mr. Fatehali Jamal.

Such has been the popularity of this 300-bed hotel with its international mix of guests that the owners were encouraged to expand and have invested Shs 200 million in Southern Palms Beach Resort.

Their action can also be looked upon as a vote of confidence in the future of Kenya's tourist industry.

It is a four star plus beach resort which believes it probably has the largest swimming pool (2,500,000 litres) in East Africa, and possibly, on the entire Eastern seaboard.

There is no need to leave the pool for a drink for conveniently situated in the middle is a sunken bar under a tall makuti (palm frond) roof.

A section of this free form swimming pool has been

thoughtfully set aside for children and non-swimmers.

Tall domed roofs to public areas are prominently featured and probably the largest, nearly 100

by NETA PEAL

feet high, is the one over the Dining Room which comfortably seats 600 people, another being above the open-sided dance floor.

There is a Beach speciality restaurant, a snack bar between two huge domes also a roof snack bar - a lovely place for a sundowner and where you can enjoy the

magnificence of an African sunset. There is also a juice bar and ice cream parlour.

Entertainment includes Live Bands, Traditional Acrobatic Dancers, Magicians, and a Discotheque run by our own DJs.

Rooms are considerably

larger than at Bamburi Beach Hotel and have extremely spacious verandahs. They are attractively furnished with decoratively carved furniture for which the Arab and Swahili people are famous including an extra large Swahili double bed! There is also a sofa which can be converted into a cosy extra bed.

All are with air-conditioned window units, toilets and showers, also direct dial telephones.

The reception area with fountain is cool and spacious and the large comfortable lounge allows plenty of space for tour leaders desks.

With a beach frontage of 478 feet and standing on ten acres of land which has been landscaped and converted from virgin bush into lush tropical gardens, the hotel is situated just 20 miles south of Mombasa Island.

Recreational facilities include two air-conditioned squash courts, gymnasium and water sports with a scuba diving centre 'The Crab' run by qualified PADI instructors, and deep sea fishing.

There are also games and recreational facilities for indoor enthusiasts.

The hotel also offers air conditioned conference facilities for 150 people, and Car Hire and Safari desk will be available.

To ensure there is no shortage of water an independent supply has been found on which to rely in

FASHION DATE

Crowds Pack Opening Night At Mombasa's "Hard Rock" Cafe

MOMBASA'S Nkrumah Road came alive last Friday night, as over 500 people thronged the *Hard Rock Cafe* in Electricity House, to witness the official opening of this new restaurant.

Guests included Nominated M.P. Hon. Eliud Mahihu, Mombasa Deputy P.C. Michael Kamau and Mombasa State Counsel John Metho, along with scores of Mombasa's leading businessmen, travel agents and residents.

To mark the occasion, a large *Hard Rock Cafe* cake - prepared by restaurant Chef Francis Sabwa - was cut by Mrs. Lucy Yinda, wife of *Hard Rock Cafe* Managing Director Edwin Yinda.

The restaurant was then declared officially open by *Hard Rock Cafe* General Manager, David Sharp.

Live jazz and rock music performed by visiting Australian saxophonist Andy Thompson, singer Cora and their band 'First Bite' filled the restaurant, attracting the attention of large crowds of curious passer-by, the majority of whom confirmed their intention of patronising the restaurant.

Between breaks in the band, guests had an opportunity to listen to the catchy Rock and Roll melodies which filtered through the restaurant from the cafe's computerised CD player.

Hard Rock Cafe promises to be a restaurant unlike any other. Alongside its extensive, excellent and hilarious menu (all meals are named after popular Rock Stars) the *Hard Rock Cafe* will offer an equally vast music menu that will leave you dancing in your seat.

The restaurant's attractive decor is marked by the clever creation of luxurious yet casual comfort.

On the ground floor, low ceilings create a cosy atmosphere, enlivened by two vibrant, contemporary, stained glass and wire murals.

A winding staircase leads you to the upper level of the cafe, where the wood panelling on both the floors and the ceiling is reminiscent of a warm, friendly neighbourhood pub.

Two bars, a dispensing one on

THE BAND 'FIRST BITE' delighted guests with their excellent jazz and rock music. In the foreground is Australian saxophonist Andy Thompson.

the ground floor and a customer's bar on the mezzanine, will operate all day long, letting you swirl your glass to your heart's content.

Although the restaurant is not part of the international *Hard Rock Cafe* chain, it does bear certain similarities.

These include the late opening hours, the lively music and the well-stocked bars.

Hard Rock Cafe Mombasa will be open 17 hours a day, everyday, from 7.00 am to 2.00 am and will be playing rock music and other popular music throughout that time.

According to Guest Relations executive Ms. Kaye Alianda, the entire concept of *Hard Rock Cafe*

revolves around music and the creation of a light-hearted, fun-filled atmosphere in which to enjoy an excellent meal.

Special soul, Jazz, Rhythm and Blues evenings will be featured at the restaurant, together with regular Happy Hours.

"Our objective is to serve quality food in attractive and

'fun' surroundings," Ms. Alianda explained, "while also paying tribute to great rock musicians".

Occupying two floors of Mombasa's Electricity House, *Hard Rock Cafe* is a wonderful combination of entertainment spot, neighbourly pub, trip down memory lane, friendly rendezvous and culinary haven!

DHL Sponsor Nyali Open Championships

DHL WORLD WIDE EXPRESS are the sponsors for the 23rd Nyali Open Championships to be played over 36 holes at Nyali Golf and Country Club on Saturday and Sunday, December 19 and 20, 1992. A maximum entry of 96 players is expected for the final event in the Kenya Golf Union Calendar. The field is limited to players of 12 handicap and under but the organising committee may cut the field on the basis of handicap if the number of entries exceeds 96.

The golfer of the year award is still to be decided, with, at the time of writing, Jimmy Kingori just ahead of John Mucheru and Jacob Okello. This weekend the Uhuru Shield will be played at Royal Nairobi Golf Club so these players will be trying to gain the extra points needed to clinch the title the following week at Nyali.

DHL are no strangers to golf sponsorship and the premier event of the year at Nyali promises to be a special occasion. Play takes place on Saturday afternoon and Sunday morning followed by the prizegiving and lunch at Il Duetto restaurant courtesy of the sponsors.

"SHREE CUTCHI" EYE-CAMP SUCCESS

THE FREE EYE Camp hosted by the Shree Cutchi Leva Patel Samaj Charitable Trust Medical Fund at Burhaniya Secondary School Mombasa Island was a great success.

Convenor of Eye Camp, Mr. V.P. Vekaria, told *COASTWEEK*:

"The Camp started on Saturday whereby registration and screening of the total of 551 patients was done.

"These patients had come from the following places: Kisauni 178, Kilifi five, Town Centre 161, Lamu four, Changamwe 100, Mariakani six, South Coast 88, Malindi two and up-country seven.

"On this day, a total of 161 spectacles of various numbers were given free of charge and 37 patients were camped.

"On Sunday, with the help of Dr. K.J. Bhandari and Dr. F. Waweru and their team of Medical Officer, operations to total of 33 patients were done.

"We had four complicated cases whose matters will be handled by us at one of three top Mombasa hospitals.

"The patients were camped up to Tuesday evening. During their stay, food was being prepared by the wing of our community ladies and served by our young boys and girls".

Bowling Star

ROHIT PATEL - Brilliant bowling helped his Patel Sports Club to beat Hatim Karimjee Sports Club in biggest upset of the season.

Childrens' Party For Ratna ...

THE NEW management of Ratna Square is organising a grand Christmas party for children on Saturday December 19.

A spokesman told *COASTWEEK*: "Catering will be undertaken by *Sangeet Restaurant* so your kids are well assured of mouth watering delicacies prepared by a very experienced staff and vegetarians will also be especially catered for.

"Rafiq, the world famous magician, who has recently returned from a very successful tour of Europe and India, will be there with his bags full of magic tricks.

"Father Christmas will pay the children a visit with his bag full of surprise gifts especially selected and packed by M/S Paper Connections.

"So give your kids a treat by ringing up the manager of Ratna Square on 471401/472081 for further details."

KENYA COMMERCIAL BANK GIFT

THE PUBLIC RELATIONS Manager of Kenya Commercial Bank Mr. Magaga Alot has commended social workers and volunteers throughout the country for their efforts to assist the needy and disabled. Mr. Alot, who was presenting a cheque of KShs. 5,000/- on behalf of the Executive Chairman of the Kenya Commercial Bank Mr. Ahmed Abdallah to the Pwani Deaf Association in Mombasa, said that without the selfless commitment of the many Kenyans who serve in the organizations and institutions for the disabled, the situation of the needy in the country would have been desperate indeed. He pledged the Bank's continued support to needy projects throughout the country and appealed to other commercial companies to contribute to the expansion of the capacities of charitable institutions to improve the welfare of the needy. Mr. Magaga Alot is seen presenting the cheque to Mrs. Mary Kitwe, Senior Teacher at the Ziwani School for the Deaf who received the cheque on behalf of the Pwani Deaf Association. Looking on is Mrs. Margaret Muga, a social worker.

"I'll tell you one thing you've got that Joan Collins hasn't - ME!"

VINI BANK

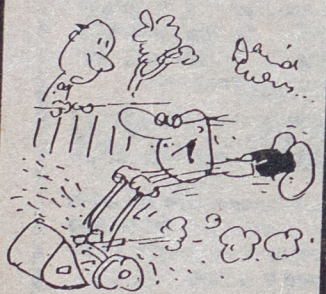

"We've come to open a joint account."

Wonderful Christmas Party For S.O.S. Children

MOMBASA'S SOS Village vibrated with the sound of children's laughter - for entertaining was "Rafiq" with some spell-binding magic and side-splitting jokes, while the 'magic' word yelled by all before his tricks would work was "Hotel Inter-Continental".

Its 'outside Catering Service' gave the party a professional touch with the hotel's Executive Chef, Paul Jones (who once worked at London's famous Ritz) and Karim Ismail, Food and Beverage Manager, ensuring that this was so.

The sumptuous tea included a Christmas Cake and ice cream with the hotel's management and staff assisting with the serving.

The General Manager, Mr. N. Alouf, not only planted a palm tree (the second in two years) to commemorate the occasion but

A DELIGHTED DIRECTOR OF THE SOS Children's Village, Patrick Mabonga, receives a cheque for Shs 5,000/- from the General Manager, Mombasa Inter-Continental Resort, Mr. N. Alouf.

presented the Village Director, Patrick Mabonga, with Shs. 5,000/- towards the upkeep of the village, as well as huge boxes containing an assortment of used linen, towels and crockery still in good condition.

Mr. Alouf (who had a two year old admirer, Mary, sitting next to him most of the time) said 'at the hotel we have many guests from all over the world who are touched by the friendliness of the people here, just as I am touched by the friendliness and smiling faces of the children, 'mothers' and staff at this SOS Village.

"May I wish you all a very happy Christmas and every happiness and success in the New Year".

The Village Director told Mr. Alouf 'thank you for continuing to remember us at Christmas for not many do. We really appreciate the hotel's effort on our behalf.

Such is Rafiq's popularity that he is presently being rushed off his feet doing four shows a day, his magic appealing to both young and old.

He is a great favourite at the SOS Children's Village and also acts as Father Christmas - this year his face almost disappearing behind masses of curly white hair and long beard.

On behalf of the hotel he presented each child with a bag of cookies and sweets.

Inter*Continental Hotel Executives

Also accompanying Mr. Alouf to the party were Marwan Hamdun, Front Office Manager; Eva Mumanyi, Executive Housekeeper and Dorrie Mbelle, Sales Co-Ordinator, also many from the Food and Beverage Department.

The Village which is home to 162 children from one to 21 years (the oldest being at Nairobi University) continues to expand and is presently constructing hostels for senior boys and girls of 18 years and over to prepare them for an independent life when they are ready to leave the village.

Another ambitious project is a poultry unit.

It is nearly ready and its initial intake of layers will be 1,000 increasing eventually to 3,000.

HEALTH TIPS

Nerves, Tension And Head Aches

ARE YOU troubled by headaches?

It is reassuring that in nine out of 10 cases of headaches the cause is trivial and harmless.

It comes as a surprise to most people that the brain itself does not feel pain and that most headaches originate somewhere else.

Headache poses certainly the commonest, probably the most ambiguous and sometimes the most difficult problem for clinicians.

It, like fever, is not a disease but a symptom of another underlying illness.

Fortunately for us the many diseases that cause headache do so through a fairly understandable way.

The structures on the skull are all sensitive to pain, while of those inside the skull only the blood vessels and the tough fibrous layer lining the bone (the dura matter) are pain sensitive.

So in tracing the source of headache doctors usually begin by examining the eyes, ears, nose, sinuses, teeth, mouth, neck bones for possible disease.

Occasionally, especially in the elderly, nerve diseases may cause pain.

But probably the two commonest sources of headaches are the muscles and blood vessels of the head.

Muscle tension is common among people undergoing psychological stress.

In the head muscles, it is felt as pressure or tightness, usually of the forehead.

Others describe it as hotness, crawling or needle like.

This type of headache tends to get worse as the day progresses and is to blame for the use of many pain killers and sleeping pills in the evening.

Headaches associated with problems of the blood vessels of the head is typically throbbing or pounding in nature.

by Dr. Eric Maina

Such headaches as arise from hangovers, fever and migraine are thought to be caused this way.

High blood pressure occasionally presents with a headache.

It is the few cases where headaches is a sign of serious underlying problems within the skull that causes all the trouble.

Such conditions as meningitis infection, bleeding and growths in the brain that do cause pain force doctors to take every complaint of headache seriously and to thoroughly exclude them.

But usually these conditions do not cause headache alone.

There may be fever, stiff neck, changes in consciousness and so on that point to the diagnosis.

Southern Air Transport Team Fly Famine Aid Into Somalia

PLAYING AN important and growing role in the flying of famine relief supplies to Somalia from Mombasa's International Airport is Southern Air Transport of Florida, USA.

It started its operations at Mombasa in March with two aircraft and now has seven, six carrying out three flights a day into Somalia on behalf of the International Red Cross, United Nations and the Office of Foreign Disaster Assistance of the State Department of the US.

Personnel involved has subsequently jumped from thirty to just over fifty, all of whom stay at Nyalali Beach Hotel.

Said William Langton, President and Chief Operating Officer, Southern Air Transport, Florida, who was on a recent four day visit to Kenya 'we have just over twenty operating bases around the world and as soon as Mombasa is mentioned nearly everyone wants to come here'.

SOME OF THE SOUTHERN AIR TRANSPORT team are seen at the Supper Party hosted by Nyalali Beach Hotel to greet William Langton, President and Chief Operating Officer, Southern Air Transport, Florida, third left, who was on a four day visit in connection with its extending operation in flying famine relief supplies to Somalia from Mombasa's Moi International Airport. Second left is their host John Mutua, the hotel's General Manager. Fourth left is Richard Pellecchia, Director of Service and third right front is Paul Morley, Main Co-ordinator.

Adding 'we have been at Mombasa for a while and word has got round that Nyalali is a great place to stay, good food and great people to look after you'.

Mr. Langton arrived at Nyalali late evening on December 1 after his trip to Somalia and found waiting for him not only his team from Southern Air Transport but also a supper party hosted by the hotel giving him the opportunity of meeting them socially before returning to America the next day.

In an interview he mentioned that his visit was also connected with the increasing amount of work they will be undertaking as the US Military (Joint Task Force Provide Relief) withdraws in a phased programme from its relief operation at Moi International Airport.

Explained Mr. Langton 'it requires some changes in our operation'.

He went on 'it was the US Military's original plan to come in and get things organised and then

slowly phase out. How quickly this can be done is somewhat dependent on how the rest of the relief operation can take over'.

Adding 'they (the military) were told by our President to get things moving at Mombasa with the US committing 240,000 tonnes of commodities to be delivered to Somalia.

So far, I believe, less than 20,000 tonnes have been delivered. So until we can get a 'ground' system going - and that is what really needs to happen, the delivery is going to be very slow.

In the meantime 'we are doing everything we can by air'.

However, he went on 'it is obvious that we are not going to move the amount of foodstuff that is necessary by air alone, but taking food in by ship means having escorted convoys around the country to ensure that famine relief supplies gets to those who need them in Somalia.

GEMINI STARCAST

SAGITTARIUS November 23 - December 21

People want your backing but you feel independent. Give time and money to a charity, if asked. Flattery isn't what it seems, so don't look so smug! You will enjoy a romantic evening. Lucky colour is blue.

CAPRICORN December 22 - January 20

You must accept anything from an intimate friend - and it could bring the two of you closer. Good week ahead for repairs, but beware of a breakage of glass. If you feel run down early in the day, you will feel much more active at midnight.

AQUARIUS January 21 - February 18

You will feel happy for most of the day, but one little disappointment will make you sad briefly. It could involve a breakage. You and your partner will be more friendly than usual.

PISCES February 19 - March 21

You will make a shrewd move at work, getting ahead of the others. There is also better news about a new job. Listen to a friend's advice. Perhaps you are being too sentimental and should be tougher.

ARIES March 21 - April 20

You will have a political row and enjoy every minute of it. Try to get out in the fresh air, whatever the weather. You feel like a little loving. Your partner is not keen to start with, but can be warmed up!

TAURUS April 21 - May 21

You'll be kept waiting for money again. There could be a skin irritation, but should clear up quickly. You want to keep to yourself, but a friend may want to keep you company this evening.

GEMINI May 22 - June 21

You are frightened you may lose touch with someone you care for. Don't be surprised if a loved one is a bit distant. There could be pleasant contact with a foreigner. Black and white are lucky for you.

CANCER June 22 - July 22

You can make a splendid deal suiting both you and your partner. It's a passionate week with your heart overflowing with love. Marvellous links with Pisces and Capricorn folks though you have stronger feelings than they do.

LEO July 23 - August 23

There is a lot of hope in your life. Parents will be good pals and join in the fun. A family trip will be successful. Don't tell long-winded stories. You will probably be a bore.

VIRGO August 24 - September 22

You will earn extra money this week. Your luck will be in, so you could try and gamble. Don't think you can change other people's habits overnight. If they are messier than you will have to put up with it.

LIBRA September 23 - October 23

You can have fun and games at work. People will notice though. Your enthusiasm is needed to keep other people's spirits up. At home there may be worries, so be cheerful and good-humoured. Letter 'S' is significant.

SCORPIO October 24 - November 22

Take it easy at work. This is not a day to strain yourself. You are witty and can run rings round people in an argument. Your sweetheart is also your best friend, so talk to each other as people.

Our Heritage Of Faith

THERE WAS a man sent from God who came to bear witness of the true light that gives true light to everyone that comes into this world.

This man was not that light but was only sent by God to bear witness only to the true light that was coming into the world.

Jesus came to this world to give true light to everyone that comes into the world.

That light shines in darkness, and saints receive eternal joy through this wonderful light.

When Jesus, the true light came into this world some rejected him, but those who received him he gave them power to become the children of God.

There is no other way to become a child of God, the only way is through Jesus Christ who is the way the truth and the life.

Jesus came, stayed with man and lived like a man yet he was God and true light - he healed the sick and comforted those in agony, today he lives in us giving us eternal joy and peace.

If you receive Jesus Christ today he gives you power to become the child of God.

To the saints, Jesus promised a helper to abide with them until he comes back.

The Holy Spirit came to this world on the day of Pentecost when the disciples received tremendous power to testify about Jesus.

They received remarkable power to overcome sin and the devil.

Today the same Holy Spirit is with us protecting saints and covering them with power similar to a hen that covers her chicks with her wings thus protecting them from enemies.

We need that power to protect us, because although in the world we have tribulations but we are of good cheer the Lord Jesus overcame the world on our behalf, Jesus said:

"In the world you have tribulations but be of good cheer I have overcome the world." John 16:33.

And with this I say God bless you and have a nice week-end.

Evangelist: Wilson M. Wadia, MOMBASA.

Luxury Motor Yacht "Mshale" Launched By "The Crab" In Traditional Coast Style

THE LAUNCHING of the beautiful cruise boat Mshale at Sea Crest, Diani, was celebrated by many guests in the tourist industry who gave a helping hand.

They included the Chairman of the Kenya Association of Hotelkeepers' and Caterers', Joshua Mwendwa; Christ Modigell, Group General Manager, Alliance Hotels and Dr. Fabrizio Molinaro, General Manager, Intra-Safaris, Kenya.

Mshale is owned by 'The Crab' diving centre, an associate company of Intra-Safaris which has been handling Francorosso clients for over twenty years who are during this present 'high' season arriving on two charters a week at Moi International Airport.

Francorosso is the largest Italian tour company in Kenya and the second largest in Italy, and is represented in Kenya by Dr. Molinaro.

During the launching ceremony he introduced Mario Scianna, General Manager of 'The Crab' diving schools who received a big cheer.

The first diving school to open was at Jadini Beach Hotel and Africana Sea Lodge in 1985.

Today, 'The Crab' is also represented at Leopard and Safari Beach Hotels; Diani Reef Grand Hotel and opening soon will be others at Southern Palms Hotel, Diani, and also at Tropical

DR. FABRIZIO MOLINARO, General Manager, Intra-Safaris, Kenya is seen addressing guests at the launching ceremony of 'Mshale' which was designed and built by Mario Scianna and five fundis in one-and-a-half years. Mario, who is General Manager of 'The Crab' Diving Schools (an associate company of Intra-Safaris) together with his fundis received a big cheer. He is seen on right in picture. Others are (from left): David Farr, Lifting Equipment; Peter Mwasi (Chief Fundi); Ornella Borsato (godmother); Rosaria Cavadini, Assistant Manageress, Intra-Safaris.

Village and African Dream Village, Malindi - the two latter belonging to Francorosso.

Mshale is the creation of Mario Scianna who also designed a special keel for her which is more suitable for local conditions.

Under a makuti-roofed dry dock she took Mario and five fundis one-and-a-half years to build from mahogany and

NETA PEAL reports from Diani Beach

marine plywood. Her launching was a very emotional occasion for all of

them. Mshale is 13.5 metres long and 4.8 wide with three cabins to comfortably accommodate six people, also a kitchen, toilet and shower.

A unique feature is that she has three Mercury X 200 HP engines.

Undertaking the fitting of the engines and all electrical work was Lifting Equipment, Mombasa.

There have been Christian and Muslim ceremonies to bless Mshale and all who sail in her.

There was great jubilation at her launching and guests gave full justice to the buffet lunch prepared by Alliance Hotels, while greatly admired, and enjoyed by all, was a huge cake styled after Mshale.

As we celebrate...

Jamhuri Day

The people of Kenya have come a long way since December, 1963.

Similarly the port of Mombasa has within this period come a long way in its development.

The port facilities have been expanded and improved thereby enhancing the cargo handling capacity.

Over double the traffic is now handled annually as compared to 3 million tonnes handled in 1963.

The Authority's role has therefore paved the way for Kenyans to improve and expand their economies towards being a totally independent society.

Today we re-affirm our determination to serve Kenya as well as we have done in the past in providing a trading link to the world. We take great pleasure in congratulating the President and

Commander-in-Chief of the Armed Forces **H.E. Daniel arap Moi, C.G.H., M.P.**

and the people of Kenya on the occasion of celebrating the 29th anniversary of Jamhuri Day.

Managing the Port of Mombasa

Mombasa Tugs Join U.S. Military Effort To Secure Mogadishu

ROUGHLY FIVE MONTHS ago, this column's headline mentioned that Saturdays held an uncanny allure for salvage vessels. It would appear that this appears to hold true, and could even be expanded to read 'week ends'. For the locally based Murri International Salvage tug's *Bison 1* and *Barbara* both sailed out late last Saturday evening bound I understand for Mogadishu where they have been engaged to assist with the berthing and unberthing and general harbour duties in connection with the US Military Sealift Command who commenced operations there earlier on this week to secure the port and air port in order to initially assist with the safe passage of relief supplies and medical aid.

However, talking of week ends holding an 'allure', the *Barbara* went out to offer assistance to the *Khalaf* which had run aground on the Leven reef on Sunday, November 8.

On Friday August 14, *Bison 1* sailed for Mtwara where the general cargo vessel *Sir Khan* had run aground.

On Sunday August 23, the *Bison 1* left Mtwara and proceeded to the *Luis* which had suffered Main Engine failure off Ilha Tambuzi.

On Sunday July 19, *Bison 1* was readied for sailing to offer assistance to the *Al Raziq* which had suffered damage off the coast north of here.

On Saturday July 4, *Bison 1* sailed to position in the Mozambique channel where the *Svea Atlantic* had suffered main engine damage and needed to be taken into Majunga.

On Saturday June 20 both the *Bison 1* and *Barbara* sailed for Kisimayu in order to assist with the docking and unloading of the sheep carrier *Mukairish Alsades*.

On Friday April 24 *Barbara* sailed to render assistance to the Korean Longliner *No. 81 Satellite* which had main engine problems and was in possible danger of grounding off Kilifi.

On Saturday February 22, *Bison 1* sailed on spec to offer assistance to a vessel off Zanzibar however this turned out to be a 'red herring', and so it goes.

I see the Commonwealth of Soviet Republics flagged research vessel *Professor Rjabinkin* sailed out on Wednesday morning after completing the necessary at the Comarco jetty.

She is a self contained seismic and accommodation unit deploying up to 3000 m streamer and a high output sleeve gun array.

The vessel is able to survey continuously in deeper water areas and carries a specialist hydrographic scout boat to assist daylight operations in shallow or poorly charted locations.

"RING-US-UP" SHOW DATE

THE CONVENOR OF the 1992 Ring Us Up Programme Mr. Kirit Shah has confirmed a very good response after the last week appeal for donations and pledges for T.V. Auction.

This year's programme is scheduled to be televised live on December 18 1992 from 7.00 pm onwards.

Main sponsors are Hardrock Cafe and Aboo Insurance Brokers, in conjunction with Kenya Broadcasting Corporation and Kenya Posts and Telecommunications.

Sub-sponsorship of Eight Dukas only Seven have been confirmed.

The sub-sponsors are Tejka Limited, Geminia Insurance Company Limited, Trade Bank, Stationery Express, Jivaco Agencies, Sollatek Limited, Scan Telecommunications Limited.

One Duka is still available and can contact the convenor on 228332/226773 or the Showroom 226864.

Shipping News From GORDON CUTHBERT

Powered by two electrically driven Aquamaster 360 degree propulsion units, producing a maximum speed of 11 knots.

Built in 1989 in Finland, with a length of 49.9 metres, and draft of 2.15 metres, accommodation for thirty persons and endurance of around 25 days.

Another research vessel was in port during the same period.

She was the Dutch registered *Tyro* which has since left, however will be back shortly to disembark and embark crew prior to leaving having completed this particular exercise and research.

They will then begin operations off the Seychelles.

Three 'sisters' in port.

They being the *Marjorie Lykes*, *Stella Lykes* at the M4 and C3 buoys respectively and the *Sue Lykes* at Number 13 having shifted from Number Nine. She's in to discharge 14000 tonnes of wheat.

Marjorie discharged a mixed cargo consisting of rice, maize, vegetable oil and generals, no not military, and the *Stella* awaits to off load her 13000 tonnes of rice, wheat, sorghum and milk powder.

MARJORIE LYKES

The *Marjorie Lykes* as mentioned in a previous column is reportedly looking for a tow to scrap yard in India.

The coaster *Angel* is presently enroute to Bossaso, which is in North Somalia a few miles due East of Djibouti.

She's under charter to the I.C.R.C. and under the management of Shipmarc Limited of Mombasa who incidentally are also taking care of a number of craft presently engaged in operations off the coast of Somalia on behalf of the International Committee de la Croix Rouge (Red Cross).

Some of the vessels involved are the freighter *Free Trader* the supply vessels *Fish Eagle* and *Java Adventurer* which hails from Singapore.

The tug-tender *Buzzard* and small landing craft *Cap Kimby* which is presently involved in operations off Merce with the *Jitty Hada* and is being fixed up and given a little TLC at the Comarco slipway.

She hails from the Spice Island and should be ready to get her bottom wet and start business within about a week.

Those are the vessels, however there are also a number of barges involved as well.

They are towed to and from location in Somalia by the *Fish Eagle* and *Java Adventurer* where they are being utilized using the Ebo System.

Nassau registered *Franina* remains at A anchorage whilst repairs are carried out and the situation in the port of Mogadishu is secured.

She's laden with portacamp units or the like on deck.

I understand that her starboard side shell plating was shot up while the vessel was off at Mogadishu and African Marine and General Engineering have been carrying out the necessary repairs.

The saga of the *Nadji* appears as though it is set to continue.

For I hear that yet another vessel is scheduled to arrive in order lift the 'travellers'.

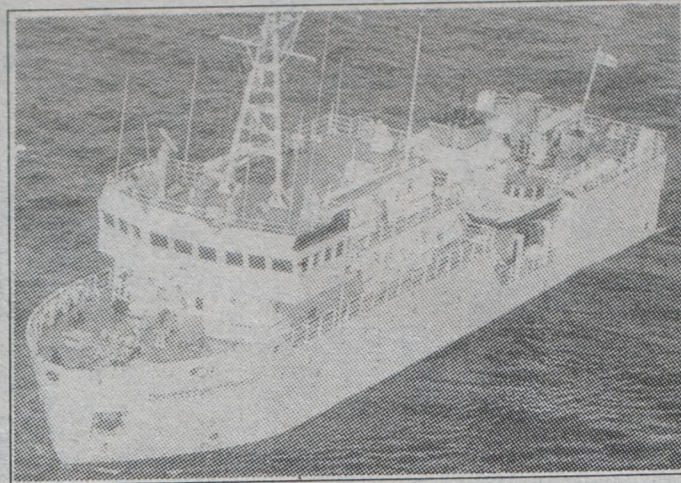

The third 'act' of the saga is believed to be the 'good ship' *Lanka Suka* out of Singapore.

However, after Mombasa the situation at present is a ? of 'Destination Unknown' maybe a case of "Return to Sender uh hua."

Ya Samadu and *sumadon't* is presently busy discharging Number Eight Pole position is occupied by the *Valeria* discharging vehicles followed by the *Aldabra* discharging glass bottles and some generals all the way from Zuid Afrika, *Kavo Peiratis* at Number Three bleeding her 17000 tonnes wheat into bags.

Liman at Number Four is ridding herself of 37654 tonnes bulk maize.

Norquest is along the quay at Number Five and she too is ridding herself of bulk maize, however a

PROFESSOR RJABINKIN - Russian research vessel visiting Kenya.

smaller quantity of 24220 tonnes.

A further 2000 tonnes of fertilizer is coming off the *Mercs Wadduwa* at Number Seven. Discharging like commodity at Number Nine is the *Marmaris*, *Fyodor Gladkov* and *Vacua* at Number Ten, *Nirja* discharging, once again, fertilizer at Number Eleven *Marine Three* at Number 12 emptying her bowels of some 6000 tonnes bitumen in drums.

Finally rapping up the available space at the conventional cargo berths is the *Sue Lykes* at Number 13 and the *CMB Emblem* at Number 17 doing the usual with containers.

The pigeons and other fowl in the port must be thinking Christmas has come early this year, considering the amount of grain that must be around for the pecking.

The Chairman, Directors, Managing Director, Management, and Staff of Kenya Airways join all Kenyans in celebrating Jamhuri Day. Exactly 29 years ago we gained our independence. This day, we remember all those who fought and gave their lives for our freedom.

KA Kenya Airways
The pride of Africa

STABILITY IS KENYA'S MOST PRECIOUS POSSESSION.

INSTABILITY IS AFRICA'S WORST ENEMY.

Africa has been tortured and torn apart by power struggles, tribal violence and civil wars. Just in the countries around us, there were 24 violent government takeovers over the past thirty years.

And always it is wananchi who suffer so terribly and the farmers and businessmen who lose all they possess.

Over the past thirty years KANU, first under the strong and steady leadership of the late Mzee Jomo Kenyatta and then President Moi, has guided Kenya into becoming one of the most admired countries in Africa.

Our political stability has also made it possible for Kenya to become one of the most prosperous nations in Africa.

	AFRICA	KENYA
Violent government takeovers:	80	None
Leaders deposed:	81	None
Heads of State or Government assassinated:	23	None
Forced resignations:	12	None

Say NO! to instability.

Protect our stability!

On 29 December, vote to maintain stability.

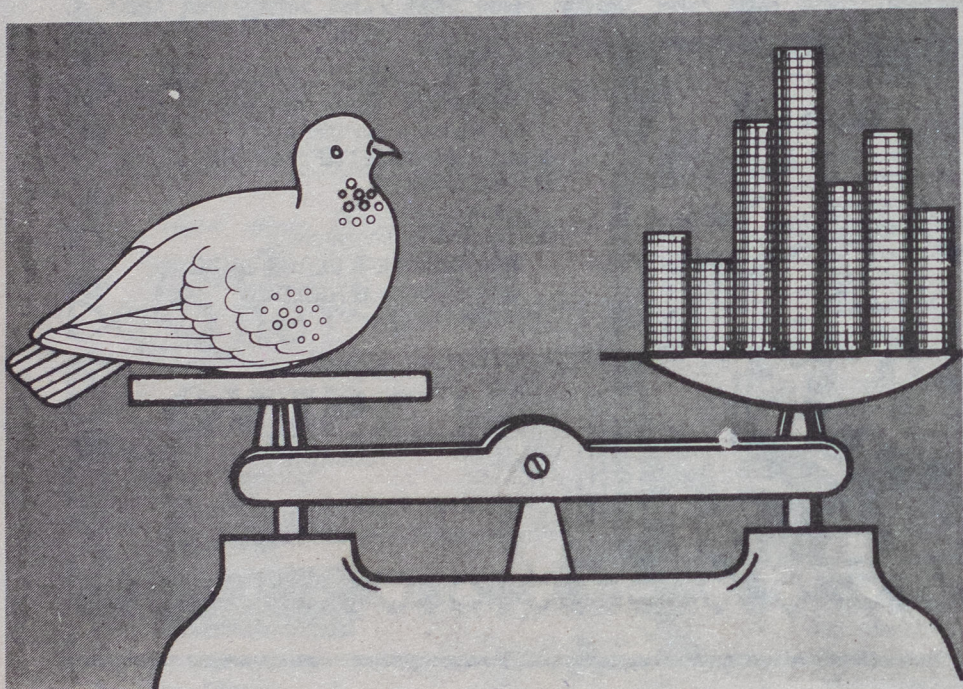

Vote for strong and trusted leadership.

KENYANS TO CELEBRATE JAMHURI DAY HOLIDAY

HIS EXCELLENCY President Daniel Arap Moi, C.G.H., M.P., will lead Kenyans in celebrating this year's Jamhuri Day - the momentous anniversary of the Republic's gaining its independence from Great Britain on December 12, 1963.

Peace, stability and prosperity. A fitting description of a nation's quest for twenty nine great years of Uhuru.

And KCB, Kenya's biggest and oldest bank is proud to have been fully part of the steady growth of this great nation.

We have consistently taken banking to the people by extending our branch network and increasing the range and quality of our products and services.

We have also expanded Kenya's international trade capabilities by working closely with a growing network of correspondent banks in major trade centres around the world and by the opening of our London representative office in 1988.

KCB is 100% Kenyan owned and has over the years proved to be the **Mwananchi's** own bank handling banking requirements for both individuals and companies almost anywhere in Kenya and internationally. Also, in order to handle all financial related matters in-house, KCB has KENCOM Finance for project lending, and Savings & Loan, the long term mortgage financing arm.

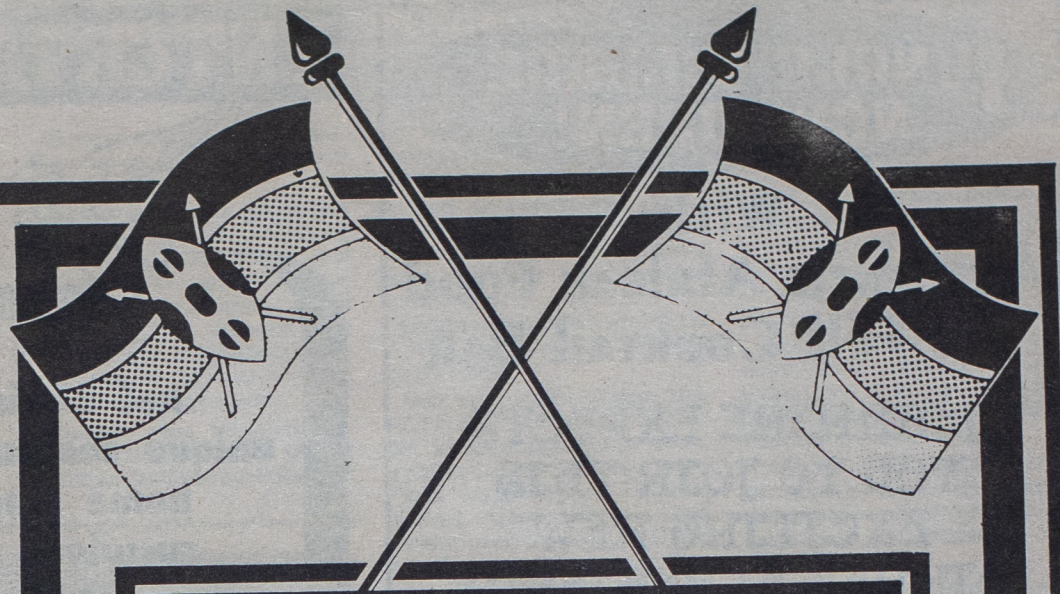

KCB has been in the forefront of introducing computer services in Kenyan banking and is now set to improve this service even further by using the most modern technology.

We believe our success reflects the nation's success and is a sign of greater things to come.

So it's with confidence that we join all Kenyans in celebrating Jamhuri Day.

The Bank is KCB.

Luxuskreuzfahrtschiffe im Hafen von Mombasa

EINE FARBENFROHE Darbietung mit Stammesstänzen auf dem Hafendamm von Kilindini fesselte die rund vierhundert Passagiere (und 250 Mann Besatzung) auf dem französischen Kreuzfahrtschiff *Mermoz* von Paquet, als dieser Luxusdampfer Mitte November für einen viertägigen Besuch in Mombasa ankam, schreibt *Neta Peal*.

Das Schiff war zu 75 Prozent besetzt, größtenteils von französischen Passagieren, und befand sich auf einer 18tägigen

Luxuskreuzfahrt Kenia-Seychellen, die in Dschibuti begann.

In einer Großaktion gingen 300 Passagiere in Mombasa von Bord, um Safaris durch Kenia und Tansania zu unternehmen, organisiert von Universal Safari Tours (UST), während 80 Passagiere sich auf Tagesausflüge nach Malindi, Shimoni oder auf Stadtrundfahrten begaben.

Paquet, eine französische Schifffahrtsgesellschaft, gehört Accor, einer führenden Hotelkette

der Welt, die auch das Pullman Hotel in Nairobi (vormals Nairobi Safari Club) besitzt.

Rund 40 Fahrzeuge, große Busse und Minibusse, waren an dieser "Operation" beteiligt unter der Aufsicht von Peter Steinwender, Director of Operations von UST Nairobi, und Ashley Pinto, General Manager für die Küste.

Herr Steinwender erklärte, daß UST in den nächsten Wochen für die Landarrangements eines weiteren Kreuzfahrtschiffes *Ocean Pearl* verantwortlich ist, das ebenfalls Paquet gehört. Das Schiff kommt von Bombay, voll mit Amerikanern. Es wird sich nur einen Tag in Mombasa aufhalten, damit die 300 Passagiere aussteigen können. Die gleiche Anzahl Touristen wird mit dem Flugzeug via Nairobi eintreffen, um von Mombasa aus mit dem Schiff nach Sansibar und weiter nach Süden zu fahren.

Jugoslawien," sagte Herr Steinwender.

Auf die Frage, ob UST sich auch am Ökotourismus beteiligt, antwortete Herr Steinwender, daß er vom Verband der kenianischen Reiseveranstalter zum Vorsitzenden des Unterausschusses für Ökotourismus ernannt worden ist.

Die Leute merken langsam, daß man nicht einfach Abfälle wegwerfen und zum Beispiel Campingplätze in unordentlichem Zustand verlassen kann.

Was UST selbst betrifft, darf in den Büros in Nairobi nicht geraucht werden; dieses Gebot gilt auch für Passagiere und Chauffeure auf Safaris.

UST versucht, soweit wie möglich Einfluß zu nehmen, daß wiederverwertbares Papier anstelle von Plastiksäcken verwendet wird und die guten alten Glasflaschen Plastikflaschen ersetzen sollen.

HELMUT PROKOP, Manager, Photographic Business, Kodak, Österreich, brachte 47 seiner besten Fotohändler auf eine interessante Incentivereise nach Kenia. Hier beim Champagnerfrühstück im Shimba Hills Nationalreservat, organisiert von der Shimba Lodge, wo sie übernachteten. "Es ist einer der schönsten Plätze der Welt", sagte Herr Prokop (2.v.l.). Vor dem Frühstück hatten sie mit John Arkle, dem Wildhüter der Lodge (3.v.r.), eine Pirschfahrt unternommen. Links ist Sophie Guez, Reiseleiterin von UTC; rechts Adolph Kadanka, Verkaufsmanager, Mondial Reisebüro und Reiseveranstalter, Österreich; sowie Daphine Nzioka, Verkaufsmanager der Shimba Lodge.

Österreichische KODAK Händler genießen Safari im Shimba Hills Reservat

EIN CHAMPAGNER-Frühstück auf dem Kenya Wildlife Service Campingplatz, hoch oben im Shimba Hills Nationalreservat mit atemberaubender Aussicht über die Hügel und Täler bis zum Indischen Ozean, war einer der Höhepunkte der Incentivereise nach Kenia, die KODAK Österreich für 47 der besten Fotohändler arrangierte.

Unter den vier Begleitpersonen von Kodak war Helmut Prokop, Manager, Photographic Business, Kodak, Österreich. Sie verbrachten eine Nacht in der Shimba Lodge, die Herr Prokop als einen der schönsten Plätze auf der ganzen Welt beschreibt. Am frühen Morgen unternahmen sie eine Pirschfahrt mit John Arkle, dem Wildhüter der Lodge. Zum Abschluß gab es ein Champagnerfrühstück auf 400 Meter über dem Meeresspiegel.

Die Shimba Lodge hatte ein reichhaltiges Frühstücksbuffet im Freien aufgestellt mit Tischen und Stühlen unter schattigen Bäumen. Von den Köchen wurden die Eier nach individuellen Wünschen zubereitet.

Sie waren auf dem Weg zum Nyali Beach Hotel, wo sie vier Tage verbrachten, um vor allem Sonne zu tanken. Sie begaben sich auch zum Hochseefischen, Windsurfen, beteiligten sich an einem Tennisturnier und besuchten die Insel Chale an der Südküste.

Organisiert wurde diese aufregende Tour, die vom Naivashasee zum Nakurusee und nach Masai Mara führte, von Adolph Kadanka, Verkaufsmanager, Mondial Reisebüro und Reiseveranstalter, Österreich. United Touring Company Ltd. war für die Landarrangements in Kenia verantwortlich.

Sie flogen mit Austrian Airlines nach Kenia und von Nairobi aus mit Air Kenya nach Masai Mara, wo sie in der Keekorok Lodge

und im Governor's Camp wohnten. Mit Air Kenya flogen sie weiter an die Küste.

"Es ist eine interessante Rundreise und alle waren sehr beeindruckt und zufrieden mit dem Arrangement," sagte Herr Prokop. Er erwähnte, daß solche Incentivereisen alle vier Jahre durchgeführt werden. Frühere Destinationen waren Florida, Sri Lanka und in Europa. Dies war die erste Reise nach Afrika. Auf die Frage, ob sie wohl nach Kenia zurückkehren werden, antwortete er: "Ganz bestimmt - Kenia steht als Incentivereiseziel sehr hoch im Kurs, denn es ist einzigartig auf der Welt."

Ein anderes Kreuzfahrtschiff, die *Achille Lauro*, wird im Januar nach Mombasa kommen und UST wird die Passagiere während ihres Aufenthaltes in Kenia betreuen.

In einem Interview im Hafen erklärte Herr Steinwender, daß die Kreuzfahrtsaison ganz gut ist und nicht allzusehr von der Rezession und von Absagen betroffen wurde. Was jedoch den Tourismus im allgemeinen betrifft, macht sich bei UST wie auch bei anderen Reiseveranstaltern ein erheblicher Rückgang der Buchungen bemerkbar. Immer mehr Leute verzichten auf Auslandsurlaub und bleiben lieber zu Hause oder in der Nähe.

Herr Steinwender bemerkte jedoch, daß 90 Prozent seiner Kunden mindestens eine Woche auf Safari gehen. Dadurch werden die Geschäfte hier etwas ausgeglichen.

Auf die Bemerkung, daß UST zu sehr von französischer Kundschaft abhängt, erwiderte Herr Steinwender: "Diese Kunden waren relativ zuverlässig und kamen trotz AIDS und Malaria nach Kenia. Sogar während des Golfkrieges verzeichneten wir nur einen Rückgang der Buchungen von 15 Prozent."

Er wies überdies darauf hin, daß die Amerikaner wieder langsam zurückkommen und UST nun auch einige Kunden aus dem Fernen Osten hat.

"UST beteiligt sich an allen Fachmessen, und die Reisemesse in Wien hat uns Kunden aus den Ländern hinter dem früheren Eisernen Vorhang gebracht, einschließlich Polen und

Deutsche Hilfsflüge nach Somalia werden bis zum Jahresende weitergeführt

DIE REGIERUNG der Bundesrepublik Deutschland hat entschieden, daß die deutschen Hilfsflüge nach Somalia bis zum Jahresende 1992 weitergeführt werden sollen. Zwei deutsche Transall C 160 Transportflugzeuge und 40 Mann Besatzung landeten Mitte August 1992 in Mombasa, nachdem die deutsche Regierung beschlossen hatte, diese den für die humanitäre Hilfe für Somalia verantwortlichen UN und anderen internationalen Organisationen zur Verfügung zu stellen.

Seit August 1992 haben die deutschen Flugzeuge über 1700 Tonnen Lebensmittel, Medikamente und andere Hilfsgüter in 183 Flügen nach Somalia transportiert. Die Bundesluftwaffe beteiligt sich mittlerweile auch an den Abwurf-Operationen. Mitte Oktober wurden Spezialisten von der Fliegerschule der Bundesluftwaffe in Altenstadt nach Mombasa geschickt, um diese Abwurf-Operationen zu koordinieren.

Sie treffen sich jedes Jahr in Malindi

WALTER, HANS UND TRUDI - Vor langer Zeit, im Jahre 1967, wohnte ein Mann namens Walter Kurz aus Pforzheim, Deutschland, im alten "Blue Marlin Hotel". Dort lernte er das Ehepaar Hans und Trudi Breede kennen. Sie wurden gute Freunde und haben sich seither dort jedes Jahr im Oktober wieder getroffen... Was ist so besonders in Malindi, daß sie Jahr für Jahr zurückkehren? In den frühen Tagen war der Anziehungspunkt das kleine Fischerdorf und die ungezwungene Atmosphäre im alten "Blue Marlin". Herr Kurz versuchte sich im Hochsee-Angeln mit großem Erfolg und wurde Mitglied des Malindi Sea Angling Clubs, während Hans und Trudi Breede Safaris durch ganz Kenia unternahmen. Heutzutage haben sie auch andere Interessen. Alle drei spielen jetzt Golf und sind stolze Mitglieder des Malindi Golf and Country Clubs. Ihr größter Wunsch ist, das rasch wachsende Malindi als ihr zweites Heim zu betrachten, auch im nächsten Jahrhundert resp. im kommenden Jahrtausend!

The public are further notified that a Rate payer shall not be absolved from the liability to pay the Rates, etc thereof if such payment is made to anybody else contrary to the above stated requirements.

(MWAI S. GITHEGI)
TOWN CLERK

TOWN HALL,
MOMBASA.

9TH DECEMBER, 1992.

A BRILLIANT spell of 7/26 by left-arm medium pacer; Rohit Patel saw Patel Sports Club crush Hatim Karimjee Sports Club by 64 runs, writes 'Zed' Fazal.

The 'Shock' defeat of Hatim Karimjee - the biggest 'upset' of the season has breathed 'life' into otherwise a routine League and at this stage, it has opened up a challenge atleast for the 'runners-up' trophy.

Chasing a moderate Patel total with a required average of 3.4 runs per over, Hatim Karimjee openers; Mufazzal Yusufali (11) and Juzer Husein with a solid 31, put on 38 in seven overs and the home team were on course.

Then came the most inspired 'Spell of the Season' - in 26 lethal deliveries, and at a cost of only four runs, Rohit ripped through and stunned the Karimjee batsmen with a haul of seven wickets as they sank to 68/7.

They never recovered and were

BRILLIANT BOWLING FROM ROHIT PATEL

all out for 105, with Jitu Patel 2/25 and Prakash 1/10 mopping up the tail.

Patel bowlers received good support from the fielders.

Earlier, Patel for once batted batter and scored a reasonable 169 all out.

Not a score to rave about but enough to give their bowlers some chance who rose to the occasion and grabbed that chance.

Jitu scored a sound 34 (five fours and one six) while skipper, Jagdish Patel held the fort with a useful 20.

With minor but valuable support coming from Prakash 16, Samji 14, Afzal 13 and Sanjay 12.

'Extras' were 31 of which 21

were wides and two no-balls.

Considering that Patel batted for only 40 overs (240 balls), these wasted deliveries formed almost 10 percent of the bowling and was a welcome boon to the batting side.

Spinners, Ali Dar 2/12 and Juzer 2/15 bowled well while Mufazzal took 2/15.

At JSC ground, in a game reduced to 47 overs (late start), Zuheir Kanji made a refreshing come-back and hammered a superlative unbeaten 95 that had five fours and three lofted sixes.

He led Jaffery to a healthy 256/4 against Coast Gymkhana.

The last six overs produced 66

runs of which Zuheir scored 52.

Earlier, openers, Munir Merali with a brisk 31 and Hasnain Alidina with a fine 41 put on 59 runs for the first wicket (in 12 overs) and laid the foundation on which the later batsmen thrived.

Mohamedraza Karim weighed in with a breezy and attractive 50.

There were 15 wides in the total.

In reply, Gymkhana lost an early wicket when Hemant Acharya was caught behind off Ali Owino.

He walked without waiting for Umpire's decision - a pleasant sight.

This early wicket inspired Ali whose pace became more fiery and he finished with figures of 4/38.

Kamal Gohil made a pleasant 40 with some attractive strokes.

Rakesh Kamdar made a fine and breezy 34.

None of the other batsmen applied themselves to tackle the score and Gymkhana folded for 156 all out giving Jaffery a win by 100 runs and maximum 20 points.

Alidina brothers were among the wickets with Hasnain taking 2/11 and skipper Husein taking 2/16.

Umpires: Shokatali Yusuf - at HKSC - Jaffer Visram at JSC.

Weekend fixtures: Hatim Karimjee Sports Club vs Coast Gymkhana - at HKSC and Union Cricketers vs Patel Sports Club - at JSC.

COCA-COLA SPONSORSHIP

FROM BACK PAGE

a Trophy for the winners of Doubles 'Over 35'.

The event is a brainchild of Dr. M.A. Karim who has become synonymous with COVT.

He initiated the idea through his club - Jaffery Sports Club who have organised it since its inception in 1983.

Dr. Karim has an enviable distinction of being the convenor for all of the last 10 years.

It shows his dedication to the event.

His love for tennis and cricket is well-known.

He is currently the chairman of Coast Lawn Tennis Association (CLTA) and also is the Chairman of Coast Cricket Association since 1990.

He is a qualified cricket umpire and was Chairman of the Coast Ad-Hoc committee of the Kenya Cricket Umpires' Association for three years.

In his message, Jim Davies, the Chairman of Kenya Lawn Tennis Association paid glowing tribute to Dr. Karim and his team of dedicated workers, sponsors, and advertisers for running the event for a 'Decade' and wished them a return of the

next 'Decade' of the event.

The main idea behind the tournament is to give the veterans all over Kenya a chance to show glimpses of their past prowess.

Up-country veterans also combine their participation with their December holidays at the Coast.

The event started in 1983 with a tournament for 'Over 45'.

In 1984, this was changed to 'Over 40' to accommodate more veterans.

In 1991, the event was further expanded with events for 'Over 50'.

The first singles' winner was R H Toplis - who then went on to make it six times - a record.

He has also won doubles six times.

The first doubles' winners were Yusuf Karim and Dr. D. Varma.

The tournament attracts a good number of entries.

For a change, for the next eight days, the youths can be the spectators and see their elders in action.

Jaffery Sports Club acknowledges the wonderful support it has been receiving from sponsors, advertisers, participants, referees, linesmen and well-wishers in making this annual event a success.

The natural approach to Mt Kenya.

Surrounded by Nature's splendour, Naro Moru River Lodge is only a few kilometres from Mt Kenya. Here, you can do whatever comes naturally. Try fly-fishing for trout, exploring the fertile slopes of the mountain or, if you're of a more adventurous nature, take a seven-day technical climb to the majestically rugged peaks of Mt Kenya.

Superb accommodation, experienced porters and guides, complete equipment rentals and all the best nature has to offer.

Naturally, your first approach to the mountain is a call to Naro Moru River Lodge.

"There Is Only One Very Remote Chance That You Will Meet A Looney Like Yourself!"

THERE ARE some of us who are terrified of flying.

The thought of not being on terra firma is enough to start the "Oh no" pleas.

A large number of these people fear flying because of their natural reactions to the so called "g" forces.

These are as a result of the acceleration as the aircraft takes off and climbs.

Once on at cruising level then this type of person will feel much better.

However, should the plane come across some turbulence then the feeling returns as the plane bounces up and down.

One time I had a passenger in a car and were bundu bashing in the ranch country around Maungu.

The beauty of driving around that area is that you are unlikely to meet another car.

One tends to then put their foot down and reach speeds that cops would not otherwise allow you to get to.

There is only a very, very remote chance that one might meet another looney like yourself also intent on driving at such speeds.

Anyhow I was driving at a reasonable speed along the bush road when from the distance, I saw another road crossing the road we were on.

I did not think much of it until after we zoomed past it.

The car sailed into the air and landed a few metres further along.

It was no problem as the car was fitted with the type of equipment that would cope with this little jump.

My passenger, who had the job of navigating, did not take too kindly to my driving.

As the car got airborne, the "g" forces triggered a little nerve in his system and he emptied his

PATRICK OBATH ON COASTDRIVE

breakfast on the clip board he was using to hold the map.

Thankfully it was rather late in the morning and there was little left.

After a good clean up is when I found out about his fear of flying and we agreed that he would never come bundu bashing with me again.

Funnily enough, when we went through the same road several months later, this time with him driving, he also flew over the same intersection but nothing happened.

I am still trying to find out whether holding onto the steering wheel and being responsible for other people has a kind of a steadying effect on those people with flying sickness.

It might point to some sensor in the hand or arms that could be used to help those who suffer from being subjected to "g" forces. Who knows?

Which in fact brings me to new developments in vehicle control.

One of the most dangerous things inside the vehicle compartment is the steering wheel.

STEERING WHEEL

I remember not so long ago, the AA published a report on road safety and in it they asked us to imagine that a spike had been put on the steering wheel and the driver's possible reaction to driving hazards when he was driving when he was driving with this spike pointing at his chest.

That was a good vivid way of aiding the imagination.

It was also a statement of fact. Although it looks padded, the

centre of the steering can act as a spike in a collision.

Car manufacturers have recognised this.

Safety experts also consider the rim of the steering wheel to be a hazard.

There is an increasing number of people who suffer lacerations of the head and broken noses as a result of impacting on the steering wheel during an accident.

More and more manufacturers are fitting air bags in the centre of the steering wheel which is supposed to blow up within micro speeds of an accident and prevent the driver from hitting the steering wheel direct.

One of the car manufacturers that has a strong connection to the air industry has decided to go one stage further.

The new development in steering wheels is based on the use of an aircraft type joystick.

This will be linked to the wheels through a complex box of electronics.

It will mean that there is nothing in front of the driver for him to crash into and also that all the panel instruments are going to be more visible.

The drawback is that drivers have had a "feel" for the road when using the conventional steering wheel.

One can feel bumps, stones and all sorts of other things through the transmission of the impact through the steering system.

In this system one will have no direct contact with the road and it can be quite uncanny.

It is still early days and there are a lot of things to be designed.

I understand that at the moment some systems are being tested and one of the add ons being developed is a box of tricks that will translate road conditions back to the joystick so that the driver will still be able to feel the electronic bumps rattles and so forth.

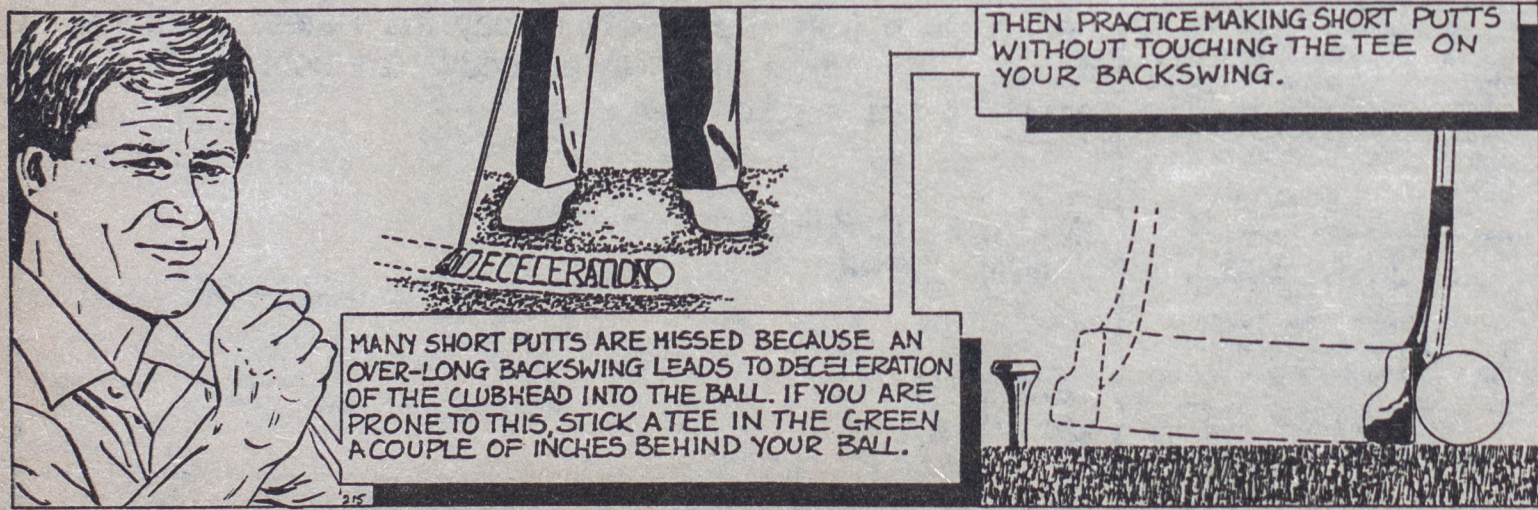

The problem at the moment is that there is a lot of interference from other things that leaves the driver wondering when he hit.

I wonder whether the experts would be able to develop an electronic signal that imitates the Nyal bridge bumps?

As Kachumbari says, technology that makes the car safer will surely take the pleasure out of driving.

DECELERATION

MANY SHORT PUTTS ARE MISSED BECAUSE AN OVER-LONG BACKSWING LEADS TO DECELERATION OF THE CLUBHEAD INTO THE BALL. IF YOU ARE PRONE TO THIS, STICK A TEE IN THE GREEN A COUPLE OF INCHES BEHIND YOUR BALL.

EXCLUSIVE: THE MASTER WITH HIS EXPERT ADVICE

Chairman's Day At Nyali Golf Club

THERE WERE just under one hundred players competing in the Chairman's Prize (Jerry Njoroge) at Nyali Golf and Country Club last Sunday afternoon, writes Followthru.

In the past week the course has dried out considerably and the ball is running once more.

The greens continue to perplex, having been top dressed again in the previous week.

It was a hot afternoon but conditions were good with the wind strengthening towards the end of play, however scoring was mediocre.

One regular Wednesday four-ball group, henceforth to be known as the "gang of four" had an outstandingly successful afternoon taking the winner, runner up and fourth prizes.

The last number of the group was the unlucky loser on countback from five golfers on 34 points.

Jayant Shah who, only last week was runner up in the Royal Card Competition, played two steady nines of 18 for a total of 36 points to win, beating on countback his fellow fourballer Mike Keating whose excellent first nine score of 19 points coupled with 17 on the back nine gave him runner up spot.

One shot behind on 35 was ever steady Wachira Mahihu who started slowly but improved greatly on the second nine for 20 points (one under par) to beat the third member of the aforementioned "gang of four" Clive Barnsley whose total of 35 was more evenly distributed (18/17).

Five players tied on 34 points and as the prizes stopped at eight the unlucky one was Kishor Gudka, the fourth member of the Shah, Keating, Barnsley fourball, who played a very good 19 points on the first nine but whose second half did not match up to the other four players on 34.

In fifth place Samar Makwana's countback was the reverse of Kishor's 15/19, Luciano Aonzo was sixth (17/17) and Vanraj Patel also 17/17 was seventh.

Last but not least in eighth place was the Lady Captain of Mombasa Golf Club Akki Khan (18/16).

The best guest was John

Onyango of Mombasa Golf Club with the best score of the day - 38 points and the runner up was Ayaz Jamal from Sigona on 35.

Highlight of the afternoon was a hole-in-one for relatively new golfer Florence Karimi.

Florence scored her ace with

her first shot of the day at the 147 yard par three tenth hole.

In a departure from tradition at the prizegiving, Florence announced that instead of buying drinks for everyone present, she would make a donation to the Club Irrigation Scheme which would help in improving the course for all golfers.

This excellent idea was greeted with loud applause.

The Nyali Chairman Jerry Njoroge thanked all those who had taken part in the competition and gave special thanks to all his committee members who had helped him throughout the year.

Jerry's wife Lydia gave away token presents to the committee and the helpers of the day and then presented the lovely prizes to the winners.

The day ended with "nyama" choma at the Nyali swimming pool.

On the previous afternoon the December Mug and Medal were held at Mombasa and Nyali.

Conditions were ideal with little wind and the ball running.

At Mombasa the Men's Mug attracted 42 golfers and six markers, and C division stole the limelight with two fantastic scores of 64 nett.

Edmund Silveira was the winner on countback and Vinod Patel runner up.

No doubt these two players will not be playing off their present handicaps this weekend.

In B division the winner was

Gulam Taki on nett 69 and Abdulgafur Pasta was runner up with a nett 70.

Musa Odada playing off five handicap had a very good nett 69 to win A division with Wachira Mahihu runner up on nett 71 counting out Ramji Asodla.

Wachira also had the best gross of 73.

At Nyali the KLGU Medal was very generously sponsored by Pims (courtesy of Hanif Walli).

There were 24 players divided evenly between the two divisions.

The winner of the Silver division was....yes, you've guessed it - Hilary Brahmhatt who continued to stay ahead of

all the other ladies with a win for the fifth week running.

Hilary's score of nett 72 beat Catherine Ndegwa on countback thanks to a very good second nine.

Catherine in turn counted out Sue Williamson playing in the Silver division for the first time.

The best gross was also won by Catherine with an 81.

In the Bronze division the clear winner was Wendy Pethers on nett 70 five shots better than runner up Florence Karimi on 75.

Wendy's best gross of 92 was also a long way ahead of the rest of the division.

Full results: Chairman's Prize

- Nyali: Winner: J. Shah 36 points, Runner up: M. Keating 36, Third: Wachira Mahihu 35, Fourth: C.I. Barnsley 35, Fifth: S. Makwana 34, Sixth: L. Aonzo 34, Seventh: V.B. Patel 34, Eighth: Miss A. Khan 34, Best Guest: J. Onyango 38 and Runner up: A. Jamal 35.

Men's Mug - Mombasa: A division: Winner: M. Odada 69 nett, Runner up: W. Mahihu 71 and Best Gross: W. Mahihu 73.

B division: Winner: G. Taki 69 and Runner up: A. Pasta 70.

C division: Winner: E. Silveira 64 and Runner up: V.J. Patel 64.

KLGU Medal - Nyali: Silver division: Winner: Mrs. H. Brahmhatt 72, Runner up: Mrs.

C. Ndegwa 72 and Best Gross: Mrs. C. Ndegwa 81.

Bronze division: Winner: Mrs. W. Pethers 70, Runner up: Miss F. Karimi 75 and Best Gross: Mrs. W. Pethers 92.

It is very noticeable in writing this column that the same names appear on the winner's list time and time again - the typewriter now prints Hilary Brahmhatt's name automatically!

So how about some new winners this weekend, after all handicaps mean that we all have the same chance on the golf course.

The Jamhuri Trophy will be played on Saturday afternoon at Nyali Golf and Country Club and will be sponsored by Standard Chartered Bank.

On Sunday Mwangi Coffee will be the hosts for the final competition of the year at Mombasa Golf Club.

Congo Boys Clash With Feisal Stars

ALL ROADS WILL LEAD to Mombasa Municipal Stadium tomorrow (Saturday) where the newly crowned Superleague division two Coast zone champions Congo Boys clash against Feisal FC in a specially arranged Jamhuri Cup match from 4.15 pm.

According to the Kenya Football Federation (Kff) Coast Branch fixture-secretary Suleiman Sadik Sumra, the teams have agreed to entertain Coast soccer fans with clean soccer artistry as part of Jamhuri Day celebrations.

At the same time, Sumra disclosed that there will be six Coast Mini-league matches to take place in various playing fields this weekend.

There will be four zone 'A' games and two zone 'B' matches on Saturday and Sunday.

Black Panther who recorded the highest score since the Mini-League started, crushing Kisite from Kwale 7-0 last weekend, will have a formidable task against local Majengo counterparts Burnley Amateur at Mombasa Municipal Stadium on Friday.

Kwale Simba entertain Nacet on Sunday at Ukunda ground in another local derby which could go either way though Simba are slightly favoured to collect both points.

Fans are assured of watching classic soccer display.

Simba having drawn against Black Panther last weekend, are favoured to record a convincing victory over Kisite when the two teams meet tomorrow at

by Abdul R. Shariff

Msambweni ground.

However, Kisite, playing before their home crowd, will not surrender easily and might cause an upset result.

Kisite will have another difficult task on Sunday where they have been programmed to clash against the visiting Lake Warriors at Msambweni ground.

It will be a good match to watch as both sides have youngsters in their line-ups.

In zone 'B', Baobab who are doing well in the Mini-League, face Finika at Utafiti ground tomorrow in what is expected to be a battle of the giants. Baobab starts slightly favoured to win.

Finika tackle Kenya Police in another match drawn for Sunday.

Police are serious on the Coast crown and unless Finika play it cool, they might find themselves in a difficult situation.

WEEKEND RESULTS

Last weekend results - Zone 'A': Black Panther 7 Kisite 0 (Tudor), Rabai 2 Simba 2 (Ukunda), Burnley Amateur 2 Nacet 3 (Ukunda), Lake Warriors 2 Nacet 3 (Khamis).

Zone 'B': Finika 2 Kilifi Plantation 0 (Utafiti), Administration Police 2 Finika 1 (Baobab), Baobab 3 Kilimo 0 (Malindi), Garissa Posta 4 Plantation 0 (Kilifi), Administration Police 2 Kilimo 1 (Plantation).

Meanwhile, the Kff Coast Branch Secretary Ali Mbarak declared that Congo Boys of Mwembe Tayari as the National Division Two (Coast Zone) champions. Mbarak told COASTWEEK yesterday that they have already notified the Kff headquarters that Congo will be Coast representatives in the Mini-league to determine the teams to qualify for the National League next season.

JAYANT SHAH (left) is seen receiving the Chairman's Prize at Nyali Golf And Country Club from Mrs Lydia Njoroge, wife of Nyali Chairman Jerry Njoroge.

Ladies Hockey Team Are Off To Nairobi ...

HAVING RAISED funds by washing cars and holding a raffle, the Mombasa Sports Club Ladies Hockey Team, are scheduled to travel to Nairobi on December 11 to take part in a tournament organised by the Sliders Hockey Club, recent conquerors of the Inter-capital "Whites" team.

In October the team hosted a Coast Province festival which they won, and since they have continued thrice weekly training, coached by Fakhru Babla, himself an experienced and able hockey player.

The girls chosen to travel are forwards Christine Sande, Fatima Muhanji, Rebecca Ombwa, Vicky Bwire, Zitah Mohamed, Rachael Yeri, Gerry Okello; halves Aziza Salim, Julie Stonestreet, Doty Okondo; backs Esther Adolwa and Norah Obongo and finally goalkeeper Vicky Sabwa.

Two recent acquisitions to the team (from Coast Girls) will also be travelling, Mariam and Amina, as they have proved themselves highly reliable, enthusiastic and skilful.

A year and a half ago the Sports Club did not have a ladies hockey team.

Now numbers are approaching twenty.

The team is a motley crew as it embraces three continents; its members are from Europe, Asia and Africa, ages range from 17- to thirty - something (!) incorporated within this are students, teachers, secretaries and "ladies of leisure".

But this is more than a team - the girls are friends and will socialise and support one another whenever possible.

The most recent mass escapade was a trip to HMS Nottingham for a cocktail party.

Once the team return from Nairobi, they will have a short break and then will resume training, for next year two tournaments are planned; one for Coast Province teams only and another for all Kenyan Clubs or schools.

The ladies also hope to consort with other teams in the area and introduce a league, whereby all teams play one another both home and away over a period of a few months.

The aim will be to promote ladies hockey on the Coast, stimulate interest and improve standards.

Plenty Of Runs From MSC Team

IN CONTRAST to the previous Saturday at Mombasa Sports Club, when less than 200 runs were scored, last week's game produced 325 runs with the hosts edging Kutub's XI by 35 runs, writes DJW.

Sports Club won the toss and elected to bat on a good wicket under a very hot sun.

Only nine of Kutub's XI took the field and, after losing a wicket in the first over, batsmen Dave Fawcett and Jayesh Patel found runs easy to score.

Jayesh was in an attacking mood, hitting seven boundaries and a six before being out for 65, after a partnership of over 100 runs.

Dave Fawcett reached his first half-century for several years, before being out for 56 and the remaining batsmen all added a few runs to reach a total of 180 for seven wickets in 30 overs.

Kutub (three for 19) bowled aggressively and was well backed by Mufaddal (two for 21).

Chasing this large total, Essak Kana hit a quick 20 runs before being well caught by Mustafa Haji off Hussein Khanbhai (two for 24).

However, a partnership between Mufaddal (22) and Kutub (38) added around six runs an over to keep up the chase, until they were both run out.

The remaining batsmen were content to play out their thirty overs and, although Sports Club used eight bowlers, young Yusuf (16) and Mustan "Bush" (12 not out) achieved this aim, ending up at 145 for seven wickets.

TIDE TABLES

MOMBASA, December 11 - 17, 1992.
